FOREWORD

The Kentucky Constitution requires each chamber of the General Assembly to keep a journal as a public accounting of daily legislative activity. The journal is the official record of action.

The Kentucky Revised Statutes require the Legislative Research Commission to compile, edit, correct, and publish the journals of each chamber. This is the House Journal for the Regular Session of the 2004 General Assembly.

Texts of bills, joint resolutions, and concurrent resolutions appear in the journal on the day of their first reading. Texts of simple resolutions appear on the day of either their first reading or adoption. Texts of committee amendments appear when they are reported out of committee and floor amendments are inserted at the end of the day on which they were filed. The appendices include a table of actions on bills and resolutions, a list of elected representatives, roll call votes, and a sponsor and subject index.

JoAnn Paulin, Rhonda Carter, and Shelly Purvis prepared the *House Journal* for the 2004 Regular Session. The edited copy and appendices in this volume reflect the cooperative efforts of the LRC Staff.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 164.7877 is amended to read as follows:

(1) There is established in the State Treasury a permanent and perpetual fund to be known as the "Wallace G. Wilkinson Kentucky Educational Excellence Scholarship Trust Fund" to which shall be credited net lottery revenues transferred in accordance with KRS 154A.130; gifts; bequests; endowments; grants from the United States government, its agencies, and instrumentalities; ***general funds appropriated to support the provisions of KRS 164.7871 to 164.7885 and KRS***

164.7889; and funds received from any other sources, public or private.

(2) The moneys in the fund are hereby continuously appropriated only for the purposes set forth in KRS 164.7871 to 164.7885 and KRS 164.7889.

(3) *The General Assembly shall appropriate additional general funds to the Kentucky educational excellence trust fund to fully fund the base awards and supplemental awards for scholarships described in Section 2 of this Act during each biennium when the lottery proceeds are estimated by the Council on Postsecondary Education to be insufficient for that purpose.*

(4) The council shall administer the Kentucky educational excellence scholarship trust fund. Upon the approval of the council, the authority may expend funds from the Kentucky educational excellence scholarship trust fund that are necessary and reasonable to meet the expenses of administering the Kentucky educational excellence scholarship trust fund.

Section 2. KRS 164.7879 is amended to read as follows:

(1) Kentucky educational excellence scholarship awards shall be based upon an established base scholarship amount and an eligible high school student's grade point average. The base scholarship amount for students attaining a grade point average of at least 2.5 for the 1998-1999 academic year shall be as follows:

GPA	Amount	GPA	Amount
2.50	$125.00	3.30	$325.00
2.60	$150.00	3.40	$350.00
2.70	$175.00	3.50	$375.00
2.75	$187.00	3.60	$400.00
2.80	$200.00	3.70	$425.00
2.90	$225.00	3.75	$437.00
3.00	$250.00	3.80	$450.00

3.20	$300.00	4.00	$500.00
3.25	$312.00		

The council shall review the base amount of the Kentucky educational excellence scholarship~~[beginning with the 1999-2000 academic year and]~~ each academic year~~[thereafter]~~ and may promulgate an administrative regulation to make adjustments after considering the availability of funds*, except the council shall not decrease the amount of the base scholarship amounts as provided in this subsection*.

(2) (a) The authority shall commit to provide to each eligible high school student the base amount of the Kentucky educational excellence scholarship for each academic year of high school study in the Kentucky educational excellence scholarship curriculum that the high school student has attained at least a 2.5 grade point average. The award shall be based upon the eligible high school student's grade point average at the close of each academic year. An award attributable to a past academic year shall not be increased after the award has been earned by an eligible high school student, regardless of any subsequent increases made to the base amount of the Kentucky educational excellence scholarship through the promulgation of an administrative regulation by the council.

(b) Notwithstanding the definitions of "eligible high school student" and "high school" in KRS 164.7874, any high school student who maintains Kentucky residency and completes the academic courses that are required for a Kentucky educational excellence scholarship while participating in an approved educational high school foreign exchange program or participating in the United States Congressional Page School may apply his or her grade point average for that academic year toward the base as described in paragraph (a) of this subsection. The grade point average shall be reported by the student's Kentucky home high school, based on an official transcript from the school that the student attended during the out-of-state educational experience. The council shall promulgate administrative regulations that describe the approval process for the educational exchange programs that qualify under this paragraph. The provisions in this paragraph shall likewise apply to any Kentucky high school student who participated in an approved educational exchange program or in a Congressional Page School since the 1998-99 school year and maintained his or her Kentucky residency throughout.

(c) 1. Notwithstanding the definitions of "eligible high school student" and "high school" in KRS 164.7874 and the requirement that a student graduate from a Kentucky high school, a high school student who completes the KEES curriculum while attending an accredited out-of-state high school or Department of Defense school may apply the grade point average for any applicable academic year toward the base as described in paragraph (a) of this subsection and shall also qualify for a supplemental award under subsection (3) of this section when:

a. His or her custodial parent or guardian is in active service of the Armed Forces of the United States; and

b. The custodial parent or guardian maintained Kentucky as the home of record at the time the student attended an accredited out-of-state high school or a Department of Defense school.

2. The student or parent shall arrange for the out-of-state school to report the student's grade point average each academic year and the student's highest ACT score to the Kentucky Department of Education as required under KRS 164.7885. The Council on Postsecondary Education shall promulgate administrative regulations implementing the requirements in this paragraph, including:
   a. The documentation that the parent shall submit to the council establishing the student's eligibility for the scholarship; and
   b. The assurances that an out-of state institution shall submit to the Kentucky Department of Education for submission of the student grade point average.
3. The provisions in this paragraph shall apply to the 2001-2002 school year and thereafter.

(3) (a) The authority shall commit to provide to each eligible high school student graduating from high school before June 30, 1999, and achieving a score of at least 15 on the American College Test, a supplemental award for the award period beginning in the fall of 1999, based on the eligible high school student's highest ACT score attained by the date of graduation from high school. The amount of the supplemental award shall be determined as follows:

ACT Score	Annual Bonus	ACT Score	Annual Bonus
15	$21	22	$171

20	$129	27	$279
21	$150	28 or above	$300

Subsequent supplemental awards for eligible high school students graduating before June 30, 1999, shall be determined in accordance with the provisions of paragraph (b) of this subsection.

(b) The authority shall commit to provide to each eligible high school student upon achievement after June 30, 1999, of an ACT score of at least 15 on the American College Test a supplemental award based on the eligible high school student's highest ACT score attained by the date of graduation from high school. The amount of the supplemental award shall be determined as follows:

ACT Score	Amount	ACT Score	Amount
15	$36	22	$286

19	$179	26	$428
20	$214	27	$464
21	$250	28 and above	$500

The council shall review the base amount of the supplemental award[~~ beginning with the 2001-2002 academic year and~~] each academic year[~~ thereafter~~] and may promulgate an administrative regulation to make adjustments after considering the availability of funds***, except the council shall not decrease the amount of the supplemental awards as provided in this subsection***.

(c) The council shall promulgate administrative regulations establishing the eligibility criteria and procedures for making a supplemental award to Kentucky residents who are citizens, nationals, or permanent residents of the United States and who graduate from a nonpublic secondary school not certified by the Kentucky Board of Education and Kentucky residents who are citizens, nationals, or permanent residents of the United States and who obtain a General Educational Development (GED) diploma within five (5) years of their high school graduating class, and students under subsection (2)(c) of this section who do not attend an accredited high school.

Introduction of Bills and Resolutions (Continued)

HR 3, by Representatives Adkins, L. Clark, Richards, and Callahan: A RESOLUTION adopting Rules of Procedure for the 2004 Regular Session of the House of Representatives.

Representative Adkins moved the adoption of the following **HR 3**:

HR 3, A RESOLUTION adopting Rules of Procedure for the 2004 Regular Session of the House of Representatives.

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. The following Rules of Procedure are adopted to govern the 2004 Regular Session of the House of Representatives:

Rule 1.Hours of Meeting. The House shall meet at times set by the Committee on Committees.

Rule 2.Quorum. A majority of the members elected to the House shall constitute a quorum. If a quorum is not present at the time fixed for a meeting of the House, five members may adjourn or recess from day to day or from time to time and fifteen members may order a call of the House and send for absent members.

Rule 3.Call of the House. Upon a call of the House, the Clerk shall call the roll. Absentees are then only noted, but no excuses shall be made until the full roll is called. The Clerk shall then call the absentees again. Excuses will be heard at this time. The doors of the House Chamber shall then be closed and the absentees not excused by the House may be sent for and arrested by the Sergeant-at-Arms and the House shall determine upon what conditions they shall be discharged from arrest. Members who voluntarily appear shall be immediately admitted to the floor of the House and names returned upon the Journal as present unless the House otherwise directs. Excuses for leaves of absence must receive a consent approval of two-thirds of the members elected.

ORDER OF BUSINESS

Rule 4.Order of Business. The order of business shall be as follows:

1. Invocation.
2. Pledge of Allegiance.
3. Roll Call.
4. Reading and Approval of the Journal.
5. Introduction and Reading of New Bills and Resolutions Introduced by Title and Sponsor.
6. Report of Reference of Bills to Committees.
7. Report of Committees.

8. First Reading of Bills.
9. Second Reading of Bills.
10. Orders of the Day.
11. Motions, Petitions and Communications.
12. Announcements.
13. Adjournment.

No more than 30 minutes shall be allotted to Motions, Petitions and Communications.

Rule 5. Unfinished Business. Unfinished business which was being considered upon adjournment shall have precedence in the class of business to which it properly belongs upon the next succeeding legislative day.

MOTIONS

Rule 6. Reading of Motions. When a motion has been made and seconded, it shall be stated by the Speaker, or, being in written form, it shall be read by the Clerk before debate, amendment or motion concerning it shall be in order.

Rule 7. Withdrawal of Motions. Every oral motion after it has been stated by the Speaker, and every written motion, bill, resolution or other paper, after it has been read by the Clerk, shall be the property and in the possession of the House and shall not be withdrawn without consent of the House. Every written motion, report or measure may be committed or recommitted at the pleasure of the House.

Rule 8. Order of Questions. All questions, whether in Committee of the Whole or in the House, when not privileged questions, shall be propounded in the order in which they were moved, except that in filling blanks the smallest sum and the most remote date shall be put first.

Rule 9. Precedence of Motions. When a question is under consideration, no motion shall be in order except:

1. To call the House when there is no quorum present.
2. To fix the time to which the House shall adjourn.
3. To adjourn.
4. To take recess.
5. To lay on the table.
6. For the previous question.
7. To limit or extend limits of debate.
8. To postpone to a fixed time.
9. To lay on the Clerk's desk.
10. To refer or commit.
11. To amend.
12. To postpone indefinitely.

The above several motions shall have precedence in the order in which they are arranged and the first seven of them shall not be debatable.

A second motion to adjourn, to take a recess, to lay on the table, for the previous question, to limit or extend limits of debate, to postpone to a time certain, to lay on the Clerk's desk, to refer or commit or to postpone indefinitely shall not be in order on the same day, upon the same question, and at the same status unless other business intervenes; provided, however, that amendments may be made to the time to which it is proposed to adjourn, to take a recess or to postpone to a fixed time.

Rule 10. Motion to Adjourn. A motion to adjourn, to take a recess, or a motion to adjourn to a time certain, shall always be in order, except when a member is speaking, while a vote is being taken or when the Committee on Committees is reporting; subject, however, to the limitations set out in Rule 9. A motion to adjourn or a motion to adjourn to a time certain shall be taken by roll call vote, unless the motion is made after the House has reached adjournment in the order of business under Rule 4, in which case adjournment shall be by voice vote unless a roll call is ordered by a majority of the members.

Rule 11. Motion to Table. The adoption of the motion to table, under these rules, defeats the subject matter under consideration. The reconsideration of the motion to table shall require approval of a majority of the members elected.

Rule 12. Previous Question. The previous question may be ordered by a majority of the members elected. On the call of the roll, no member shall be allowed to speak more than three minutes to explain a vote and shall not speak at all if the question is not a debatable question. The effect of the previous question shall be to put an end to debate on any pending amendment; to prevent the offering of additional amendments and to bring the House to an immediate vote upon any amendment that has been called and is in order. Once the previous question has been ordered, and any pending amendment has been voted upon, the opponents of the measure shall have ten minutes, and proponents of the measure shall have ten minutes, before the vote upon the main question.

Rule 13. Motion to Set the Limits on Debate. A motion to set a time limit for debate on a measure, in excess of that permitted under Rule 12, shall be in order unless the previous question shall have been ordered on the measure. The time limit set for debate under this rule shall be allotted by the Speaker evenly between the opponents of the measure and the proponents of the measure. Adoption of a motion under this rule does not prevent the offering of additional amendments.

Rule 14. Motion to Reconsider. A motion to reconsider a vote shall not be in order unless made by a member who voted upon the prevailing side of the question, nor shall that motion be in order unless made within two legislative days in which the House is in session next after the date the vote was taken and the bill or resolution is in the possession of the House; however, the motion to reconsider when coupled with the additional motion to lay that motion upon the table may be made by any member. For purposes of this rule, a member who is recorded as "not voting" on a proposition which failed is considered to have voted on the prevailing side. Procedural motions, such as a motion to lay on the table or lay on the clerk's desk, shall not be subject to a motion to reconsider.

Rule 15. Motion to Lay on Clerk's Desk. The effect of the adoption of a motion to lay on the Clerk's desk under these rules is to place in charge of the Clerk the pending question and everything adhering to it. A motion laid on the Clerk's desk may be taken from the desk and proceeded with at any time in the same order as when laid on the Clerk's desk.

Rule 16. Motion to Strike Out Enacting Clause. A motion to amend by striking out the enacting words of a bill or resolution shall have precedence over a motion to amend; and, if adopted, shall have the same effect as though the bill or resolution were regularly voted upon and rejected.

Rule 17. Motion to Separate Part of a Measure. A motion to commit, recommit, or postpone a part of a measure so as to separate that part of the measure from the remainder shall not be in order.

Rule 18. Postponement of Measure. When a measure shall have been postponed indefinitely it shall not be in order again during the session.

Rule 19. Reading of Pending Papers. Any pending bill, resolution, motion or report shall be read upon the request of any member, with the concurrence of a majority of the members elected to the House, but it shall not again be read on the same day unless so ordered by the House.

Rule 20. Nominations. In all elections a previous nomination shall be made.

MEMBERS

Rule 21. Attendance of Members. No member shall be absent from a session of the House without leave from the House.

Rule 22. Decorum of Members. No member shall designate another member by name.

Rule 22A. Point of Personal Privilege. The chair shall keep a record of the vote of each member on the disposition of each bill, and shall report the total vote on each side to the House. The chair may sign reports on behalf of a majority of the committee members. The chair's signature shall attest to the action of a majority, but shall not be construed as the chair's personal approval or disapproval of the bill.

A committee report may be accompanied by a minority report, signed by those members who have dissented from the committee's report, and it shall be in order to move the adoption of the minority report as a substitute for the committee's report when the committee offers its report. It shall require a majority of the members elected to adopt the minority report. The committee's report shall always be read before the minority report is read. Where both majority and minority reports are submitted, a motion to adopt the majority report shall first be considered, and a motion to adopt a minority report shall not be in order unless a motion to adopt the majority report fails.

Rule 48. Discharge Petition. Whenever a committee fails or refuses to report within a reasonable time a bill submitted to it, a member may sponsor and file with the Clerk a written request, signed by twenty-five or more members, to call the same up for consideration on the next succeeding legislative day after the filing of the request. The effect of this petition shall be to bring before the House the question of whether the committee to which the bill has been assigned has held the bill for an unreasonable time. Upon the motion of the member sponsoring the request, and if a majority of the members elected to the House concur that the bill has been held an unreasonable time, the bill shall be considered as though it had been regularly reported, and sent to the Rules Committee.

Rule 49. Procedure in Committee. The rules of procedure in the House shall be observed in committee insofar as the same are applicable. The committee chair, or the committee by majority vote in a regularly called meeting, shall post at least three calendar days prior to their consideration the bills and resolutions to be considered by the committee at its next meeting, provided that no bill or resolution shall be posted by the chair or the committee by a majority vote unless and until a request for posting form has been filed with the committee chair or secretary and approved by the committee chair as containing satisfactory information. No measure shall be considered except those posted, unless the measure is one which has been recommitted to the same committee from which it was previously reported with a favorable expression. A list of the measures to be considered shall be filed with the Clerk at least three calendar days prior to the meeting. In the case of prefiled bills receiving a favorable expression from the interim joint committee to which they were assigned, posting by the chair or the committee shall occur during the first week of the session, and those bills may be considered by the appropriate committee during the first three weeks of the session. No posting request shall be required for those prefiled bills.

In all bills, as introduced and as printed, any new matter contained therein shall be underscored; and when an amendment proposes the elimination of matter in an existing law, that elimination shall be indicated on the bill by placing the material proposed to be eliminated in brackets, and by striking through the words to be eliminated with a single line so as not to render those words illegible. In any bill seeking to repeal existing sections of the Kentucky Revised Statutes, the sections sought to be repealed shall be identified by way of inclusion of the headnotes applied to each section as it appears in the Kentucky Revised Statutes. All bills recommending or reauthorizing a study by an interim committee, task force, or special committee of the Legislative Research Commission shall include the following language: "Provisions of this statute to the contrary notwithstanding, the Legislative Research Commission shall have the authority to alternatively assign the issues identified herein to an interim joint committee or subcommittee thereof, and to designate a study completion date." The Legislative Research Commission staff shall see that all bills introduced have been prepared through the computerized bill preparation system of the Legislative Research Commission.

Rule 51. Introduction of Bills. A member may introduce bills and resolutions by filing them with the House Clerk on the floor or in the Clerk's office at any time the office is open. The member filing the bill or resolution shall be the primary sponsor of the bill or resolution, and with the sponsor's permission, one member may sign the bill as primary co-sponsor. Other members may co-sponsor the bill or resolution only with the sponsor's permission and by filing the proper papers with the Clerk. A co-sponsor may withdraw co-sponsorship of the bill or resolution with or without the sponsor's permission by filing the proper papers with the Clerk. Bills and resolutions filed after the House has concluded the Introduction and Reading of New Bills, in Rule 4, Order of Business, shall be considered as having been introduced the next succeeding legislative day. The House Clerk shall number bills in the order received and transmit a copy immediately after introduction on the House floor to the Committee on Committees for reference to committee.

In a regular session in an even-numbered year, no bill or resolution having the force of law shall be introduced after the thirty-eighth legislative day of the session. In a regular session in an odd-numbered year, no bill or resolution having the force of law shall be introduced after the fourteenth legislative day of the session.

The last two legislative days preceding the veto recess shall be reserved by the House exclusively for the business of concurring in amended House bills.

Rule 52. Fiscal Statement. A sponsor of a bill which, if enacted, would affect the revenues or expenditures of state government generally, may at any time by request cause the staff of the Legislative Research Commission to analyze and prepare a fiscal statement for the measure. The staff of the Legislative Research Commission shall analyze and prepare a fiscal statement for any bill which, if enacted, would fiscally affect local governments through the imposition of a local mandate; constitute a mandated health benefit; change the financial liability of any public retirement system administered by an agency of state government; or fiscally affect state or local corrections services in a significant manner, including any bill which would modify or create a criminal penalty or otherwise affect the population of a correctional system or facility.

The chair of the committee to which a bill has been referred may require that a fiscal statement be attached to the bill prior to posting. The chair or a majority of the committee to which a bill has been referred may require that a fiscal statement be attached to the bill, or amendment thereof, prior to final committee action.

Members may require, by majority vote, that a fiscal statement be attached to any bill or amendment on the Orders of the Day relating to fiscal matters herein described. In that instance, the fiscal statement shall be attached to the bill, or amendment thereof, prior to final consideration of the bill on the floor of the House.

Rule 53. Fiscal Statements for Amendments. Any member proposing an amendment which relates to fiscal matters described in Rule 52 may cause a fiscal statement to be prepared. A fiscal statement shall be considered a public document upon introduction of the bill or amendment for which it was prepared.

Rule 54. Reference of Bills. The Committee on Committees shall refer all bills to the proper standing committee not later than the second day in which the House is in session after the date of introduction. When a House bill has been amended in the Senate and has been returned to the House for concurrence in the amendment, it shall be referred to the Rules Committee. In these instances, the Clerk shall distribute copies of the bill and its proposed amendment to each member of the Rules Committee. The Rules Committee may post these bills to the Orders of the Day for consideration of the amendment, and final passage, giving precedence to these bills over all other matters posted. When bills with amendments for concurrence are reached in the Orders of the Day, the Speaker shall first put the question of concurrence in the amendment, whereupon if that is favorable, the bill shall be put immediately upon its final passage. Bills originating in and passed by the Senate when reported to the House shall be referred to the Committee on Committees and shall take the same course as other bills.

Rule 55. Printing of Bills. Upon receipt of a bill, the Legislative Research Commission shall examine the form of the bill to ensure that it is free from errors of form or typography and has been assigned the proper KRS section or chapter numbers. If a formal change is necessary the Commission shall request the sponsor of the bill to sign a form approving the specified changes. If a bill is found to be correct, or corrections have been approved, the Commission shall authorize its printing.

The Legislative Research Commission shall have printed at least 200 copies of each bill or resolution carrying the force and effect of law introduced in the House and of each bill or resolution carrying the force and effect of law acted on by the Senate and reported to the House. Bills shall be printed in the order in which they are introduced and shall be distributed to members immediately upon receipt from the printer.

Rule 56. Readings of Bills. If a bill *is*[~~ be~~] reported with the expression of opinion that it should not pass, a vote may then be taken on whether it shall be read at length and be placed on the Calendar, if a majority of the members elected to the House shall concur therein. When reported favorably by the committee, the bill shall then be given its first reading at length and shall be placed by the Commission staff upon the Calendar to be kept by the staff, and shall then be entitled to its second reading the next succeeding legislative day.

Every bill shall be read at length on three different legislative days; but the second and third readings thereof at length may be dispensed with by a majority of all the members elected to the House and the bill read by its title.

Rule 57. Calendar; Consent Calendar. (1) In order to reduce the time required for final passage of bills posted in the Orders of the Day, a consent procedure for the consideration of uncontested bills shall be established and designated as follows:

(a) The Commission staff shall keep a Regular Calendar and a Consent Calendar for each legislative day showing the bills receiving their second reading.

(b) The Commission staff shall also keep a Regular Orders and a Consent Orders showing bills posted for final passage by the Rules Committee.

(2) Bills reported by a Standing Committee with a regular "should pass" or "should pass with committee amendment/substitute attached" recommendation shall be shown in the Regular Calendar on the day on which they are entitled to a second reading.

(3) A Standing Committee may at the time of favorably reporting any House or Senate Bill, recommend that it be placed in the Consent Calendar provided:

(a) The primary sponsor has so requested when it is a House Bill, and

(b) The bill receives a "should pass" or "should pass with committee amendment/substitute attached" recommendation from the committee by a unanimous vote of the members present.

Any House or Senate Bill thus reported shall be first placed in the Consent Calendar on the day on which it is entitled to a second reading and shall continue to be shown in that Calendar until taken therefrom by the Rules Committee and posted in the Consent Orders. Bills receiving a second reading should be so designated to distinguish them from bills which have already received their second reading.

(4) A certificate shall be attached to each bill recommended for the Consent Calendar showing the request of the sponsor of any House Bill, and the unanimous recommendation of the members present signed by the Chair.

(5) After a sufficient number of bills have accumulated in the Consent Calendar, the Rules Committee may post any or all of those bills to the Consent Orders for a day certain. On that day, the Consent Orders shall be called before the Regular Orders.

(6) Upon the call of the Consent Orders each bill in those Orders shall be given a third reading by title only. The Speaker shall then allow a reasonable time for questions from the floor and any explanation necessary by the sponsor or committee chair. Consent Order bills may not be amended from the floor.

(7) The Commission staff shall attach a roll call to each bill in the Consent Calendar and any member may at any time prior to passage of the Consent Orders record with the Commission staff a "nay" or "pass" vote on any bill within the Consent Calendar or Consent Orders.

(8) Upon the call for the question on the Consent Orders, the Speaker shall instruct the Commission staff to announce the "nay" and "pass" votes previously filed on each bill in the Consent Orders. All other members present in the chamber on the day and at the time the Consent Orders are called shall be considered as having voted "aye" and the roll call attached to each bill shall so reflect as the final vote.

(9) Upon the written petition of any five members objecting to the placement or retention of any bill in the Consent Calendar or Consent Orders, the bill shall cease to be so considered and shall be placed in the Regular Calendar or Regular Orders as provided in these rules.

Rule 58. Orders of the Day. When a bill has had its second reading it shall be placed in the Orders of the Day, or be recommitted, and when next reached in the House it shall be ready for recommitment, or to be read a third time and placed upon its passage, and the Speaker shall so announce to the House.

A bill may be recommitted or amended in accordance with these rules at any time before its passage. Bills shall be placed in the Orders of the Day in the order in which they have been given their first reading, and shall be taken therefrom in accordance with Rule 41. When a House bill is in the Orders of the Day, it shall be in order on motion of the author to substitute for it an identical Senate bill which is in the Calendar of the House.

No bill shall be taken from the Orders of the Day unless it shall have been printed and previously distributed to members. ***No bill, amendment, or committee substitute relating to congressional or legislative redistricting shall be taken from the Orders of the Day unless it shall have been verified by Legislative Research Commission staff using the Commission's redistricting software, for plan integrity and geographic integrity. The verification shall be evidenced by the Legislative Record summary notation "PLAN INTEGRITY VERIFIED" and the "Geographic Integrity Verified" notation on amendments.***

Rule 59. Final Passage. When a House bill has been amended in the Senate and the House has concurred in the amendment, or a Senate bill has been amended in the House, but the Senate refuses to concur, and the House recedes from its amendment, the bill shall immediately be placed upon its passage.

Rule 60. Amendments to Bills. All amendments offered shall be on sheets with a proper heading printed in black, furnished by the Commission staff, and shall bear the signature of the members offering the same. An amendment prepared for one member but signed by another shall be considered the amendment of the member signing the amendment. All amendments shall give the proper page and line of the printed bill. An original and six copies of each amendment shall be introduced. No amendment shall be in order that is not germane to the matter under consideration and unless it shall have been printed and previously distributed by the Clerk to members at least one legislative day prior to consideration of the bill or resolution; and the Speaker, when the question is raised, shall rule as to the admissibility of the proposed amendment, subject to appeal to the House.

Any amendment to a bill under consideration containing the substantial text of the language of any other bill introduced during the session shall require for its consideration the affirmative vote of a majority of the members of the House. The commission staff shall cause those amendments to be identified when the bill proposed to be amended thereby is posted on the Orders of the Day. When a question is raised as to the identity of the proposed amendment containing the substantial text of any other bill introduced during the session, the Speaker shall rule thereon, subject to appeal to the House.

A committee substitute, upon its adoption, shall be considered as the original bill for purposes relating to the permissible degree of further amendment of the bill.

A proposal to amend the title of a bill shall be by separate title amendment. The question of adoption of an offered title amendment for a bill shall be presented to the body immediately after adoption of the bill.

A proposal to amend the Constitution of Kentucky shall be introduced as a bill, and no such proposal shall be in order if it is offered as an amendment to any bill.

If a proposed floor amendment to a branch budget bill will result, if adopted, in a loss of revenues or an increase in expenditures for a budget unit, the amendment shall specify by budget unit the amount and source of funds that will offset the loss of revenues or specify the budget unit or other source of funds that will support the increased expenditures. If a budget unit or other source of funds is specified, the amendment shall include all necessary language to effect the changes. It shall be out of order for a floor amendment to a branch budget bill to: (a) specify in general language that funds to support the change shall come from broadly defined sources, such as the budget of a particular cabinet, branch of government, or multiple unrelated budget units, unless the effect on each of these is specifically defined by program and amount; (b) require or permit any other branch or unit of government to determine which specific programs would be affected; or (c) reduce the Budget Reserve Trust Fund.

Rule 61. Engrossment of Bills. Every House bill and joint resolution, together with the amendments thereto, which has been passed by the House and not subject to further amendment or motion, shall be engrossed by the Commission staff. The Clerk shall endorse thereon the day of passage or adoption. The bill shall be delivered to the Senate in open session by the Clerk or someone designated by the Clerk, and Senate concurrence asked therein. A like procedure shall be observed toward Senate bills.

When engrossing a bill, the Commission staff may incorporate amendments by means of typing or by generating a replacement original of the bill through computerized process.

Rule 62. Enrollment of Bills. All House bills and resolutions which have passed both the Senate and the House shall be delivered by the Commission staff to the Enrolling Clerk, taking a receipt therefor, in the order in which passed. The Commission staff shall keep the number and title of all bills and joint and concurrent resolutions carrying the force and effect of law, passed by the House of Representatives and the Senate in a suitable record book attesting the fact and date of passage.

If a bill which originates in the House is amended by the Senate and the House concurs in the amendments proposed and adopted by the Senate, the Commission staff shall engross those amendments in the original copy of the bill by typing or may generate a replacement original copy of the House bill through computerized process, before delivering the bill to the Enrolling Clerk of the House.

In cases of extreme emergency and during the last three days prior to sine die adjournment, where no correct printed copy can be produced, the Enrolling Clerk may enroll the bill or resolution by typing the same.

The original bill or resolution or replacement therefor, if applicable, and an enrolled copy shall be delivered to the Committee on Enrollment. The Enrolling Clerk shall certify that each is in the exact form as finally passed prior to their delivery. The Committee on Enrollment and the Enrolling Clerk shall jointly compare the original bill with the enrolled copy, and if the enrollment is ascertained to be correctly done, the Committee shall report the same to the House. If any bill or resolution is found not correctly enrolled, it shall be returned to the Enrolling Clerk to be properly enrolled and delivered to the Committee on Enrollment as is first provided herein.

Rule 63. **Signing of Bills.** The Enrolling Clerk of the House shall deliver the original and enrolled copies of House bills and resolutions signed by the Speaker to the Chair of the Enrollment Committee of the Senate for presentation to the President of the Senate for the President's signature. When signed by the President of the Senate, the enrolled bill or resolution and the original copy thereof shall be returned by the Enrolling Clerk to the Clerk of the House who shall present the enrolled bill or resolution to the Governor for the Governor's approval and take a receipt for same.

Rule 64. **Resolutions.** Resolutions having the force and effect of law shall be treated and considered as bills in all respects under these rules. A simple resolution expressing the will of the House shall upon its introduction be automatically referred to the Committee on Committees, which may refer it to the floor if it is honorary, benevolent, and does not direct further action; otherwise, it shall be referred to a standing committee. Simple resolutions referred to a standing committee may be considered for adoption only after receiving a recommendation from a standing committee and being posted for passage by the Rules Committee. A resolution shall not be accepted for introduction if offered in lieu of a legislative citation. No resolution shall be considered unless it shall have been distributed to all members. All resolutions recommending or reauthorizing a study by an interim committee, task force, or special committee of the Legislative Research Commission shall include the following language: "Provisions of this resolution to the contrary notwithstanding, the Legislative Research Commission shall have the authority to alternatively assign the issues identified herein to an interim joint committee or subcommittee thereof, and to designate a study completion date." All resolutions recommending or reauthorizing a study, or which recommend or reauthorize creation of a task force or special committee of the Legislative Research Commission shall be concurrent or joint resolutions.

Rule 65. **Legislative Citations.** For the purpose of extending the commendations, condolences or congratulations of the General Assembly to a particular person, or to recognize a particular event or occasion, there may be issued a "Legislative Citation." Citations may not be used for procedural matters, matters of a controversial or partisan political nature, nor in place of resolutions memorializing the U.S. Congress, but only when appropriate to express the feeling of the House or of the General Assembly with reference to a person or event.

Each citation shall be prepared in single copy on an artistically designed form, suitable for framing, shall bear the signature of the sponsor and the name of the person or event cited, and upon adoption shall be spread at length upon the Journal. Citations shall be considered in the order of business "Motions, Petitions and Communications."

VOTING

Rule 66. **Roll Call.** Any member, with a second, may require a roll call on any matter pending before the House. The names of members shall be arranged alphabetically when taking a yea and nay vote.

Any time these rules require a roll-call vote, or a yea and a nay vote of the members, that vote may be taken by either a voice roll call or the electrical voting system, as ordered by the Speaker.

The Speaker, before each roll-call vote is taken, shall instruct the Clerk to sound the warning chimes installed in that part of the Capitol assigned to the use of the House.

During a roll call any one member, with a second, may request and be afforded a delay of two minutes prior to the closing of the roll. Only one such motion shall be observed during any one roll call.

Rule 67. **Electrical Voting System.** When the House is ready to vote upon any question requiring a roll call, and the vote is to be taken by the electrical roll call system, the Speaker shall announce:

"The question is on the passage of (designating the matter to be voted upon). All in favor of the question shall vote 'yea,' and all opposed shall vote 'nay.' The House roll is now open for voting."

The Speaker shall recognize any member who rises for the purpose of explaining a vote. No member shall be allowed to speak more than three minutes to explain a vote, and shall not speak at all if the question is not a debatable question.

When sufficient time has been allowed the members to vote and to explain their vote, the Speaker shall announce: "Have all voted?" "Does anyone desire to change their vote?" And after sufficient pause shall lock the roll call system and instruct the Clerk to record the vote. It shall be the responsibility of each member to determine the accuracy of the member's individual vote as registered opposite the member's name on the electrical roll call board and advise the Speaker of any desired change before the roll call system is locked.

The Clerk shall immediately start the recording equipment, and when completely recorded, shall present the result to the Speaker who shall announce same to the House. The Clerk shall enter upon the Journal the result in the manner provided by the rules of the House.

At the same time the vote is recorded by the electric recording equipment an original and five duplicate roll call sheets shall be made showing the vote, two of which duplicates shall be for use of the press, and one copy shall be furnished to the Legislative Research Commission.

Rule 68. Voting for Others Prohibited. No member shall vote for another member, nor shall any person not a member cast a vote for a member. In addition to any penalties as may be prescribed by law, any member who shall vote or attempt to vote for another member may be punished in a manner as the House may determine. If a person not a member shall vote or attempt to vote for any member, that person shall be barred from the floor of the House for the remainder of the session and may be further punished in any manner as the House may deem proper, in addition to the punishment as may be prescribed by law.

Rule 69. Pairing. All pairs announced in the House shall be entered on the Journal.

Rule 70. Adjournment Extended During Roll Call. When the roll is being called in taking a yea and nay vote, and the hour of an adjournment arrives, the same shall stand extended until after the yea and nay vote has been completed and the result announced.

PRIVILEGE OF THE FLOOR

Rule 71. Persons Entitled to the Floor. No person shall be permitted upon the floor of the House when in session and two hours before and after the House is in session except the present members of the General Assembly and all officers and employees of the General Assembly. Bona fide news media correspondents shall be admitted to the floor when recommended by the Committee on Committees and shall be governed by the rules of the House and assigned by the Committee on Committees to a media section specifically set aside for them.

A special section of the gallery shall be reserved for the families and guests of members, who shall be admitted upon presentation of an identification card. Other persons shall be admitted to that part of the gallery not reserved for members' families. Members may submit the names of guests to the Clerk, who shall read the names to the House. Members shall not introduce guests from the floor.

Rule 72. Restriction of lobbying and access to the House Chambers and office areas. No person shall engage in lobbying for or against any measure while the House is in session, or in recess, in any of the corridors or passages or in any of the rooms in that part of the Capitol assigned to the use of the House, and no registered lobbyist shall enter that part of the Capitol while the House is in session. This rule shall not be construed to prohibit the use of the corridors or passages in going to and from the House gallery by any person.

A sign, poster, or any other object, the purpose of which can be reasonably construed to indicate support or opposition to any measure before the House, and which is large enough to be generally visible from the House floor, shall not be permitted in the gallery.

Only authorized persons shall be allowed access to the office areas assigned for use of the members and staff of the House. For the purposes of this paragraph, "authorized person" means a member of the General Assembly, an employee of the General Assembly or Legislative Research Commission, or a person having obtained specific access authorization from a member or employee. For the purposes of this paragraph, "office areas" means the fourth floor of the Capitol and the third and fourth floors of the Capitol Annex.

Rule 73. Restrictions. For purposes of this rule, "material" shall mean any letter, report, writing, article, booklet, pamphlet, image, photograph, object, or any other item, including any physical object or electronic transmission containing audio, video, or electronic communication, which is requested to be placed upon either the desk of a member on the House floor or in a member's office in the Annex. This material shall not be distributed unless the party interested in the distribution of the material is clearly and physically identified on the material to be distributed. All this material shall conform to accepted public taste, shall contain no matter appealing to prurient interest or without redeeming social value, and shall uphold the dignity of the legislative process. Material originating from the general public shall be delivered to the administrative offices of the Legislative Research Commission or the Clerk of the House and shall upon direction of the Clerk, after inspection, be placed on the members' desk in the Capitol Annex provided the following conditions are met:

(1) Unless 100 copies are provided, all material should be individually addressed to each member expected to receive a copy;

(2) If several pages or items are to be provided to each member, they should be securely fastened or placed together in an envelope; and

(3) Sufficient copies of all material should be provided; staff shall not make additional copies of material.

Material that may be distributed by the Clerk in the House Chamber is restricted to official communications relating to pending legislation or the operation of the House, material sent by a member clearly identified on the face of the material or its attachments to any other member, or other material as designated by the Speaker's Office. The Sergeant-at-Arms shall be charged with the duty of ensuring that no individual other than employees of the House under the direction of the Clerk or House members shall cause materials of any nature to be distributed in the House Chamber. Questions as to the propriety of materials shall be referred to the Committee on Committees for resolution. Any material distributed by unauthorized individuals shall be collected from the members' desks and treated as litter, and any material submitted but not distributed that is unclaimed after one week shall be discarded. Material which is received via e-mail or received on diskette with a request for distribution electronically by LRC staff shall be refused or returned to the sender. Nothing in this rule restricts the right of any person to communicate directly with any member, either electronically or through the United States mail.

RULES

Rule 74. **Mason's Manual.** In the absence of a specific rule of the House, *Mason's Manual of Legislative Procedure* shall govern the proceedings, except that in all cases where general parliamentary law provides for a rule of two-thirds, it shall mean in this House a majority of all members elected thereto.

Rule 75. **Change of Rules.** The rules of the House, after their adoption shall not be altered, changed, amended, suspended or interrupted, unless the same be done by a majority of the members elected to the House. No rule shall be suspended for the purpose of any action affecting the passage of a bill or resolution carrying the force of law unless the rule is suspended by a majority of the members elected to the House and by a roll call vote. Whenever a rule is suspended, no measure shall be considered under suspension except the measure or measures in whose favor the suspension was invoked, and only for that day.

The Chief Doorkeeper announced the arrival of the Governor of the Commonwealth of Kentucky, The Honorable Ernie Fletcher.

Governor Ernie Fletcher addressed the Joint Session of the General Assembly as follows:

President Williams, Speaker Richards, and members of the General Assembly;

Chief Justice Lambert and members of the Judiciary;

Cabinet officers and other members of the Executive branch;

Constitutional officers;

And my fellow Kentuckians:

I have been in office for just 36 days and during this honeymoon period, I have enjoyed the amount of press I've been getting. But it does remind me of what newly elected Governor Ronald Reagan said regarding his early press: "If this has been a honeymoon, then I've been sleeping alone."

But then I suppose that's good, as I'm reminded of what Senator Bob Dole once said: "Anything that keeps a politician humble is good for democracy."

Only eight years ago, I represented a small segment of Fayette County in this chamber. I know the dedication, the hard work, and sometimes thankless hours you members work to serve your districts in this commonwealth. I didn't always agree with the outcome of the vote tally on this floor. And I learned of unintended consequences. One of the earliest bills we passed, over my objection, was redistricting. My district was moved two counties to the north, preventing me from continuing to serve.

I imagine a few of you wish you could take that vote back now.

But that change led me to other pursuits.

Those pursuits, oddly enough, have returned me to this chamber tonight, to address this body on behalf of all Kentuckians. Clearly, what decisions we make will affect the lives of others in ways we may not immediately understand.

I appreciate your teamwork and your insight, and I look forward to continuing our work together... because this is where we stand:

The state of the commonwealth is as challenging as it has ever been in the modern age.

We are prepared for the challenge, but let's not mince words: this is a government with problems at its very core, and those problems have festered for decades.

From the organization of the budget... to the structure of the tax code... to the culture of state government itself... we will find a better way.

We didn't get into this spot overnight, and it's going to take time to get us out.

My plan is focused on improving economic opportunity throughout the commonwealth.

That will be accomplished first by reorganization. And second, by the overhauling of our budget priorities and policy.

First, reorganization.

We have begun the largest reorganization of Kentucky government in decades, and perhaps in the history of the state.

The analysis began months before the election, anticipating that if we won, we would be on a fast pace to get things done in the first weeks in office.

We have reduced the number of cabinets from 14 to 8, eliminating duplicate services, and imposing quantitative measurements of growth and quality of service.

We have brought in the best people our state has to offer to run these cabinets. Each is outstanding in their fields, and each has walked away from their regular jobs to contribute their talents to Kentucky.

This is only the beginning. As we continue to reorganize, we have to look at things at the nuts-and-bolts level.

Do we really need Economic Development offices within ten miles of one another?

Can't more than one of our 50 state parks be financially self-sufficient?

How does issuing a purchase order cost more than the thing we're buying?

As we drill down, this list is only going to get longer.

On January 6 we abolished the racing commission, and then reformed it new as the Kentucky Horse Racing Authority. That's for starters.

I am bringing into the Governor's Office an expert, known nationally for his ability to increase efficiency and productivity.

Tonight, I ask you for ratification of our first steps toward the most comprehensive reorganization in decades.

The call for change was precipitated by the budget crisis.

We have inherited a budget crisis not only between revenue and spending, but also in structure.

We have found a way to meet this year's shortfall of just over $300 million, and we're already planning and saving for the shortfall dictated by that structure into next year's budget.

These choices did not come without criticism. But they were necessary to ensure Kentucky's future.

Structural reorganization is one pillar of change. Overhauling our budget priorities and policy is the other.

Over the years, state government has moved in many directions without the knowledge, skills or funding to finish the job.

Government cannot do everything, so we need to first decide what government ought to be doing... then figure out what it's capable of doing... and then follow the jobs we choose to completion.

We have to decide what to fund, put off, or do without.

I believe we should select priorities that move us toward a goal we all agree on: creating new economic opportunity.

That means giving our new graduates a reason to stay here...

Attracting new industries, and keeping the ones we already have...

Balancing growth and industry with the protection of our natural resources...

Making Kentucky a place where children get an education for the 21st century workplace...

Ensuring accessible and affordable healthcare...

And fighting the scourge of illegal drugs.

This effort will begin by balancing our budget without raising taxes.

The budget we will present to you later this month will not be painless. But let me assure you, today's bitter pill will reduce tomorrow's pain.

Consider the problems we have to prioritize.

Economically, we have not kept up with the expansion of our neighboring states. Earnings per job in Kentucky are $3000 below the national average.

Kentucky's economy will always include agriculture, mining and manufacturing, but high-tech is where the next generation of jobs lies, including advanced agriculture, manufacturing, clean coal technology, biotech and other knowledge-based industries.

That's why I've embraced the forward-looking work of the Office of the New Economy and connectkentucky to expand Internet access, because if we want to compete in the new economy, we have to be a wired state.

I want Kentuckians to get their fair share of new high-tech jobs. We have nowhere to go but up, because Kentucky is 29th in high-tech employment, 41st in the average high-tech wage, 43rd in R&D, and 46th in venture capital investments.

We'll attract those jobs to Kentucky by making this a business-friendly state. That's why I will work with you members of the legislature to make life easier for women and men who have small businesses, and to pass my Kentucky Jobs and Wages initiative.

And for those serving in our National Guard, thank you for your sacrifice, and let me assure you: we are recruiting, and help is on the way.

In education, the improvement over the last few years has given us a firm foundation to build on.

And I want to commend you, as well as our teachers across the commonwealth who have made that possible.

The major educational challenge of today is illiteracy. 60 percent of the prison population, and 90 percent of those on death row, can't read.

We're going to move forward on the "Read To Achieve" initiative to ensure that every child in the state can read at grade level by the end of the third grade.

The challenge is acute in minority communities, particularly in African-American communities, where twice the percentage of fourth graders read at only the novice level, compared to non-minorities.

Let me stop at this point and introduce our First Lady, Glenna.

Our First Lady will be promoting "Read to Achieve," and she is passionate about it. She will be driving home the point that reading is the foundation of every bit of learning and success in life.

Glenna, thank you for joining Senator Kelly and Speaker Richards to take on this job.

In higher education, we have asked our universities, along with the rest of state government, to make some sacrifices in the short term. But, be assured I understand and strongly support the essential role of higher education.

We have one of the nation's leading transplant centers, and our colleges and universities are making research advances in biotechnology, nanotechnology and other disciplines. This is the kind of work that helps bring more high-tech jobs to the state–and introduces our young people to opportunities they might like to pursue.

And, as I have pledged, we are going to bring a federal research lab to Kentucky.

Healthcare is a part of opportunity, too. Because if you want to work here, you have to want to live here. And living anywhere demands access to top-flight healthcare.

But we have problems.

The cost of healthcare is growing out of control.

Medicaid is failing to meet its obligations, especially to seniors in long-term care.

We are sorely lacking in public education on healthy habits of living.

Compared to the rest of the country, we get less physical exercise, and have more diabetes, cancer, and heart disease.

We need health insurance reform for the individual market and for state employees.

We need to promote preventive medicine.

These issues are especially important to me–which is why we will modernize Medicaid to make it easier to access, and to empower people to take control of their own healthcare.

That's why we're going to educate Medicaid recipients about preventive care.

And that's why we're cultivating new competition in the insurance market, to bring new providers back to the state so we can have lower rates for Kentuckians.

We have begun work on a medical liability program to stop the flood of doctors heading out of the state. President Williams has made this issue a priority, and I am pleased that today, Senate Bill 1 was passed by the Senate's State and Local Government Committee.

I know the House shares our desire to improve Kentucky's health, and I ask for your leadership to help us move this forward.

And there's a drug problem in this state that's destroying our communities and our young people, whether it's methamphetamine made in somebody's garage or inappropriate prescriptions for Oxy-Contin.

Our Lt. Governor Steve Pence also serves as Cabinet Secretary of Justice–we're getting two jobs for the price of one out of him. Just last week, he met with Attorney General Stumbo so they can find ways to fight this problem.

Lt. Governor Pence will convene a working summit of leaders as the first step toward a comprehensive plan for education, prevention, treatment and rehabilitation.

We must move beyond just being tough on crime to being effective on crime, not only for the sake of those caught in the jaws of addiction but also for the taxpayer who foots the bill.

Our economy has changed over the years–but you wouldn't know that to look at the tax code. The basis for funding government has to reflect the nature of the state's economy.

That's why we need a tax modernization plan that does not increase the tax burden on Kentuckians.

Half-measures won't get it. If we change one tax this year, and change another a couple of years down the road, we're missing the point.

This is comprehensive change in the way we do business to reflect the new economy, and to attract the human capital we need.

It will ease our budget problems in the future by growing our economy–not growing the tax burden. And it will ensure fairness for our low-income citizens, who today bear one of the heavier tax burdens in any state.

I know that elections are this year, and the easy answer is to put it off.

But, I ask you to join me to accomplish this long-overdue goal.

Constitutionally, this work must begin in the House. I offer to work in a bipartisan, bicameral way and, at the earliest opportunity, to tackle this challenge. The longer we wait, the longer we withhold expanded opportunity for those at whose pleasure we serve.

In closing, let me thank both sides of the aisle for how you've received me. This means a great deal to me, and it will mean a great deal to the people of the commonwealth as we work through these challenges together.

The people we represent expect fiscal and personal integrity from us, and that's what we'll deliver.

We're going to work together, and we're scheduling one-on-one meetings between each legislator and me. I want to know what you're thinking, and what your constituents are thinking.

There isn't going to be money for every project.

There is going to be some doing without so we can pay, for what we agree together, is most vital.

The state of the commonwealth is challenging, but we are more than prepared for that challenge.

Let us pledge together for all Kentuckians to restore hope and opportunity.

Thank you, and God bless Kentucky.

HB 152, AN ACT relating to the Education Professional Standards Board.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 160.350 is amended to read as follows:

(1) After considering the recommendations of a screening committee, as provided in KRS 160.352, each board of education shall appoint a superintendent of schools whose term of office shall begin on July 1, following ***the individual's***[~~his~~] appointment. The appointment may be for a term of no more than four (4) years. In the event a vacancy occurs in the office of superintendent prior to the expiration of the term set by the board, the term shall expire on the date the vacancy occurs. Therefore, the board may appoint a superintendent for a new term as provided in this subsection, which shall begin on the date of the superintendent's appointment, except when the vacancy occurs after a school board election and before the newly elected members take office. When a vacancy occurs during this period, the position shall not be filled until the new members take office, but the board may appoint an acting superintendent to serve a term not to exceed six (6) months. This appointment may be renewed once for a period not to exceed three (3) months. If a vacancy occurs, a local board may also appoint an acting superintendent during the period the screening committee pursuant to KRS 160.352 conducts its business and prior to the actual appointment of the new superintendent. No superintendent shall resign ***during a***[~~his~~] term and accept a new term from the same board of education prior to the expiration date of ***the***[~~his~~] present term. In the case of a vacancy in the office for an unexpired term, the board of education shall make the appointment so that the term will end on June 30. The board shall set the salary of the superintendent to be paid in regular installments.

(2) ***An individual shall not assume the duties of superintendent in a district until he or she provides the board of education with a copy of a certificate for school superintendent issued by the Education Professional Standards Board or its legal predecessor. A superintendent***[~~Before any superintendent assumes his duties, he shall present to the board of education that appointed him a statement signed by the chief state school officer that the superintendent has been duly issued a certificate of administration and supervision issued in accordance with the provisions of law and which qualifies him to hold the position to which he has been appointed, and he~~] shall hold ***a valid***[~~such~~] certificate throughout the period of[~~ his~~] employment. A superintendent candidate who is to begin ***the***[~~his~~] duties ***of superintendent*** after June 30, 1994, shall successfully complete the training program and assessment center process within one (1) year of assuming ***the***[~~his~~] duties ***of***[~~as~~] superintendent. A superintendent shall not serve as director or officer of a bank, trust company, or savings or loan association ***that***[~~which~~] has ***the***[~~his~~] school ***district's***[~~district~~] funds on deposit. Following appointment, the superintendent shall establish residency in Kentucky.

(3) A superintendent of schools may be removed for cause by a vote of four-fifths (4/5) of the membership of a board of education and upon approval by the ***commissioner of education***[~~chief state school officer~~]. However, if the dismissal of the superintendent has been recommended by a highly skilled certified educator pursuant to KRS 158.6455 and the action is approved by the ***commissioner of education***[~~chief state school officer~~], the board shall terminate the superintendent's contract. Written notice setting out the charges for removal shall be spread on the minutes of the board and given to the superintendent. The board shall seek approval by the ***commissioner of education***[~~chief state school officer~~] for removing the superintendent. The ***commissioner of education***[~~chief state school officer~~] shall investigate the accuracy of the charges made, evaluate the superintendent's overall performance during ***the superintendent's***[~~his~~] appointment, and consider the educational performance of the students in the district. Within thirty (30) days of notification, ***the commissioner of***

education[~~the~~] shall either approve or reject the board's request.

(4) After the completion of a superintendent's first contract or after four (4) years, whichever comes last, the board of education may, no later than June 30, extend the contract of the superintendent for one (1) additional year beyond the current term of employment.

HB 139, AN ACT relating to insurance premium surcharges.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 91A.080 is amended to read as follows:

(1) The legislative body of each city, county, or urban-county government which elects to impose and collect license fees or taxes upon insurance companies for the privilege of engaging in the business of insurance may enact or change its license fee or rate of tax to be effective July 1 of each year on a prospective basis only and shall file with the commissioner of insurance at least one hundred (100) days prior to the effective date, a copy of all ordinances and amendments which impose any such license fee or tax. No less than eighty-five (85) days prior to the effective date, the commissioner of insurance shall promptly notify each insurance company engaged in the business of insurance in the Commonwealth of those city, county, or urban-county governments which have elected to impose the license fees or taxes and the current amount of the license fee or rate of tax.

(2) Any license fee or tax imposed by a city, county, or urban-county government upon an insurance company with respect to life insurance policies, may be based upon the first year's premiums, and, if so based, shall be applied to the amount of the premiums actually collected within each calendar quarter upon the lives of persons residing within the corporate limits of the city, county, or urban-county government.

(3) Any license fee or tax imposed by a city, county, or urban-county government upon any insurance company with respect to any policy which is not a life insurance policy shall be based upon the premiums actually collected by the company within each calendar quarter on risks located within the corporate limits of the city, county, or urban-county government on those classes of business which the company is authorized to transact, less all premiums returned to policyholders. In determining the amount of license fee or tax to be collected and to be paid to the city, county, or urban-county government, the insurance company shall use the tax rate effective on the first day of the policy term. When an insurance company

collects a premium as a result of a change in the policy during the policy term, the tax rate used shall be the rate in effect on the effective date of the policy change. With respect to premiums returned to policyholders, the license fee or tax shall be returned by the insurance company to the policyholder pro rata on the unexpired amount of the premium at the same rate at which it was collected and shall be taken as a credit by the insurance company on its next quarterly report to the city, county, or urban-county government. Any license fee or tax imposed upon premium receipts shall not include premiums received for insuring employers against liability for personal injuries to their employees, or the death of their employees, caused thereby, under the provisions of the Workers' Compensation Act.

(4) The Department of Insurance shall, by administrative regulation, provide for a reasonable collection fee to be retained by the insurance company or its agent as compensation for collecting the tax, except that the collection fee shall not be more than fifteen percent (15%) of the fee or tax collected and remitted to the city, county or urban-county government or two percent (2%) of the premiums subject to the tax, whichever is less. To facilitate computation, collection, and remittance of the fee or tax and collection fee provided in this section, the fees or taxes set out in subsection (1), (2), or (3) of this section, together with the collection fee in this section, may be rounded off to the nearest dollar amount.

(5) Pursuant to KRS 304.3-270, if any other state retaliates against any Kentucky domiciliary insurer because of the requirements of this section, the commissioner of insurance shall impose an equal tax upon the premiums written in this state by insurers domiciled in the other state.

(6) Accounting and reporting procedures for collection and reporting of the fees or taxes and the collection fee herein provided shall be determined by administrative regulations promulgated by the Department of Insurance.

(7) ***(a)*** Upon written request of the legislative body of any city, county, or urban-county government, at the expense of the requesting city, county, or urban-county government, which shall be paid in advance by the city, county, or urban-county government to the Department of Insurance, the Department of Insurance shall examine, or cause to be examined by contract with qualified auditors, the books or records of the insurance companies or agents subject to the fee or tax to determine whether the fee or tax is being properly collected and remitted, and the findings of the examination shall be reported to the city, county, or urban-county government.

(b) Willful failure to properly collect and remit the fee or tax imposed by a city, county, or urban-county government pursuant to the authority granted by this section shall constitute grounds for the revocation of the license issued to an insurance company or agent under the provisions of KRS Chapter 304.

(c) If the Department of Insurance finds that an insurance company has willfully engaged in a pattern of business conduct that fails to properly collect and remit the fee or tax imposed by a city, county, or urban-county government pursuant to the authority granted by this section, the Department of Insurance may assess the responsible insurance company an appropriate penalty fee no greater than ten percent (10%) of the additional license fees or taxes determined to be owed to the city, county, or urban-county government. The penalty fee shall be collected by the Department of Insurance and payable to the city, county, or urban-county government owed the license fee or tax less any administrative costs of the Department of Insurance in enforcing this section. Any insurance company or agent held responsible for a penalty fee may request a hearing with the Department of Insurance to be conducted pursuant to KRS 304.2-310 to 304.2-370 regarding the finding of a willful violation and the subsequent penalty fee.

(8) The license fees or taxes provided for by subsections (2) and (3) of this section shall be due thirty (30) days after the end of each calendar quarter. Annually, by March 31, each insurer shall furnish each city, county, or urban-county government to which the tax or fee is remitted with a breakdown of all collections in the preceding calendar year for the following categories of insurance:

(a) Casualty;

(b) Automobile;

(c) Inland marine;

(d) Fire and allied perils;

No city, county, or urban-county government may impose any penalties other than those provided for in this subsection~~].

(10) No license fee or tax imposed under this section shall apply to premiums received on policies of group health insurance provided for state employees under KRS 18A.225.

(11) No county may impose the tax authorized by this section upon the premiums received on policies issued to public service companies which pay ad valorem taxes.

(12) (a) Insurance companies which pay license fees or taxes pursuant to this section shall credit city license fees or taxes

against the same license fees or taxes levied by the county, when the license fees or taxes are levied by the county on or after July 13, 1990.

(b) If a county imposed and collected the license fee or tax authorized by this section before July 1, 2000, then insurance companies that pay license fees or taxes under this section shall not credit against the county license fee or tax that portion of a city license fee or tax that becomes effective for the first time on or after July 1, 2000, or is increased effective on or after July 1, 2000. HB 6, AN ACT creating the Interstate Compact for Juveniles.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 615.010 is repealed and reenacted to read as follows:

The compacting states to this Interstate Compact recognize that each state is responsible for the proper supervision or return of juveniles, delinquents and status offenders who are on probation or parole and who have absconded, escaped or run away from supervision and control and in so doing have endangered their own safety and the safety of others. The compacting states also recognize that each state is responsible for the safe return of juveniles who have run away from home and in doing so have left their state of residence. The compacting states also recognize that Congress, by enacting the Crime Control Act, 4 U.S.C. Section 112 (1965), has authorized and encouraged compacts for cooperative efforts and mutual assistance in the prevention of crime.

It is the purpose of this compact, through means of joint and cooperative action among the compacting states to:

(1) Ensure that the adjudicated juveniles and status offenders subject to this compact are provided adequate supervision and services in the receiving state as ordered by the adjudicating judge or parole authority in the sending state;

(2) Ensure that the public safety interests of the citizens, including the victims of juvenile offenders, in both the sending and receiving states are adequately protected;

(3) Return juveniles who have run away, absconded or escaped from supervision or control or have been accused of an offense to the state requesting their return;

(4) Make contracts for the cooperative institutionalization in public facilities in member states for delinquent youth needing special services;

(5) Provide for the effective tracking and supervision of juveniles;

(6) Equitably allocate the costs, benefits, and obligations of the compacting states;

(7) Establish procedures to manage the movement between states of juvenile offenders released to the community under the jurisdiction of courts, juvenile departments, or any other criminal or juvenile justice agency which has jurisdiction over juvenile offenders;

(8) Ensure immediate notice to jurisdictions where defined offenders are authorized to travel or to relocate across state lines;

(9) Establish procedures to resolve pending charges (detainers) against juvenile offenders prior to transfer or release to the community under the terms of this compact;

(10) Establish a system of uniform data collection on information pertaining to juveniles subject to this compact that allows access by authorized juvenile justice and criminal justice officials, and regular reporting of Compact activities to heads of state executive, judicial, and legislative branches and juvenile and criminal justice administrators;

(11) Monitor compliance with rules governing interstate movement of juveniles and initiate interventions to address and correct noncompliance;

(12) Coordinate training and education regarding the regulation of interstate movement of juveniles for officials involved in such activity; and

(13) Coordinate the implementation and operation of the compact with the Interstate Compact for the Placement of Children, the Interstate Compact for Adult Offender Supervision and other compacts affecting juveniles particularly in those cases where concurrent or overlapping supervision issues arise. It is the policy of the compacting states that the activities conducted by the Interstate Commission created herein are the formation of public policies and therefore are public business. Furthermore, the compacting states shall cooperate and observe their individual and collective duties and responsibilities for the prompt return and acceptance of juveniles subject to the provisions of this compact. The provisions of this compact shall be reasonably and liberally construed to accomplish the purposes and policies of the compact.

The provisions of this compact and the rules promulgated hereunder shall be received by all the judges, public officers, commissions, and departments of the state government as evidence of the authorized statute and administrative rules. All courts shall take judicial notice of the compact and the rules. (3) The Interstate Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this

compact using any or all means set forth in Article XI of this compact.

(2) The Interstate Commission shall levy on and collect an annual assessment from each compacting state to cover the costs of the internal operations and activities of the Interstate Commission and its staff which must be in a total amount sufficient to cover the Interstate Commission's annual budget as approved each year. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Interstate Commission, taking into consideration the population of each compacting state and the volume of interstate movement of juveniles in each compacting state and shall promulgate a rule binding upon all compacting states which governs said assessment.

(3) The Interstate Commission shall not incur any obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Interstate Commission pledge the credit of any of the compacting states, except by and with the authority of the compacting state.

(4) The Interstate Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Interstate Commission shall be subject to the audit and accounting procedures established under its by-laws. However, all receipts and disbursements of funds handled by the Interstate Commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the Interstate Commission.

ARTICLE IX

THE STATE COUNCIL

Each member state shall create a State Council for Interstate Juvenile Supervision. While each state may determine the membership of its own state council, its membership must include at least one (1) representative from the legislative, judicial, and executive branches of government, victims groups, and the compact administrator, deputy compact administrator or designee. Each compacting state retains the right to determine the qualifications of the compact administrator or deputy compact administration. Each state council will advise and may exercise oversight and advocacy concerning that state's participation in Interstate Commission activities and other duties as may be determined by that state, including but not limited to, development of policy concerning operations and procedures of the compact within that state.

ARTICLE X

(1) Any state, the District of Columbia (or its designee), the Commonwealth of Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, and the Northern Marianas Islands as defined in Article II of this compact is eligible to become a compacting state.

(2) The compact shall become effective and binding upon legislative enactment of the compact into law by no less than thirty-five (35) of the states. The initial effective date shall be the later of July 1, 2004, or upon enactment into law by the thirty fifth (35th) jurisdiction. Thereafter it shall become effective and binding as to any other compacting state upon enactment of the compact into law by that state. The governors of non-member states or their designees shall be invited to participate in the activities of the Interstate Commission on a non-voting basis prior to adoption of the compact by all states and territories of the United States.

(3) The Interstate Commission may propose amendments to the compact for enactment by the compacting states. No amendment shall become effective and binding upon the Interstate Commission and the compacting states unless and until it is enacted into law by unanimous consent of the compacting states.

ARTICLE XI

WITHDRAWAL, DEFAULT, TERMINATION AND JUDICIAL ENFORCEMENT

Section A. Withdrawal

(1) Once effective, the compact shall continue in force and remain binding upon each and every compacting state; provided that a compacting state may withdraw from the compact by specifically repealing the statute which enacted the compact into law.

(2) The effective date of withdrawal is the effective date of the repeal.

(3) The withdrawing state shall immediately notify the chairperson of the Interstate Commission in writing upon the introduction of legislation repealing this compact in the withdrawing state. The Interstate Commission shall notify the other compacting states of the withdrawing state's intent to withdraw within sixty (60) days of its receipt thereof.

(4) The withdrawing state is responsible for all assessments, obligations and liabilities incurred through the effective date of withdrawal, including any obligations, the performance of which extend beyond the effective date of withdrawal.

(5) Reinstatement following withdrawal of any compacting state shall occur upon the withdrawing state reenacting the compact or upon such later date as determined by the Interstate Commission.

Section B. Technical Assistance, Fines, Suspension, Termination and Default

(1) If the Interstate Commission determines that any compacting state has at any time defaulted in the performance of any of its obligations or responsibilities under this compact, or the by-laws or duly promulgated rules, the Interstate Commission may impose any or all of the following penalties:

(a) Remedial training and technical assistance as directed by the Interstate Commission;

(b) Alternative Dispute Resolution;

(c) Fines, fees, and costs in amounts as are deemed to be reasonable as fixed by the Interstate Commission; and

(d) Suspension or termination of membership in the compact, which shall be imposed only after all other reasonable means of securing compliance under the by-laws and rules have been exhausted and the Interstate Commission has therefore determined that the offending state is in default. Immediate notice of suspension shall be given by the Interstate Commission to the Governor, the Chief Justice or the Chief Judicial Officer of the state, the majority and minority leaders of the defaulting state's legislature, and the state council. The grounds for default include, but are not limited to, failure of a compacting state to perform such obligations or responsibilities imposed upon it by this compact, the by-laws, or duly promulgated rules and any other grounds designated in commission by-laws and rules. The Interstate Commission shall immediately notify the defaulting state in writing of the penalty imposed by the Interstate Commission and of the default pending a cure of the default. The commission shall stipulate the conditions and the time period within which the defaulting state must cure its default. If the defaulting state fails to cure the default within the time period specified by the commission, the defaulting state shall be terminated from the compact upon an affirmative vote of a majority of the compacting states and all rights, privileges and benefits conferred by this compact shall be terminated from the effective date of termination.

(2) Within sixty (60) days of the effective date of termination of a defaulting state, the Commission shall notify the Governor, the Chief Justice or Chief Judicial Officer, the Majority and Minority Leaders of the defaulting state's legislature, and the state council of such termination.

(3) The defaulting state is responsible for all assessments, obligations and liabilities incurred through the effective date of termination including any obligations, the performance of which extends beyond the effective date of termination.

(4) The Interstate Commission shall not bear any costs relating to the defaulting state unless otherwise mutually agreed upon in writing between the Interstate Commission and the defaulting state.

(5) Reinstatement following termination of any compacting state requires both a reenactment of the compact by the defaulting state and the approval of the Interstate Commission pursuant to the rules.

Section C. Judicial Enforcement

The Interstate Commission may, by majority vote of the members, initiate legal action in the United States District Court for the District of Columbia or, at the discretion of the Interstate Commission, in the federal district where the Interstate Commission has its offices, to enforce compliance with the provisions of the compact, its duly promulgated rules and by-laws, against any compacting state in default. In the event judicial enforcement is necessary the prevailing party shall be awarded all costs of such litigation including reasonable attorneys fees.

Section D. Dissolution of Compact

(1) The compact dissolves effective upon the date of the withdrawal or default of the compacting state, which reduces membership in the compact to one compacting state.

(2) Upon the dissolution of this compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the Interstate Commission shall be concluded and any surplus funds shall be distributed in accordance with the by-laws.

ARTICLE XII

SEVERABILITY AND CONSTRUCTION

(1) The provisions of this compact shall be severable, and if any phrase, clause, sentence or provision is deemed unenforceable, the remaining provisions of the compact shall be enforceable.

(2) The provisions of this compact shall be liberally construed to effectuate its purposes.

ARTICLE XIII

BINDING EFFECT OF COMPACT AND OTHER LAWS

Section A. Other Laws

(1) Nothing herein prevents the enforcement of any other law of a compacting state that is not inconsistent with this compact.

(2) All compacting states' laws other than state Constitutions and other interstate compacts conflicting with this compact are superseded to the extent of the conflict.

Section B. Binding Effect of the Compact

(1) All lawful actions of the Interstate Commission, including all rules and by-laws promulgated by the Interstate

Commission, are binding upon the compacting states.

(2) All agreements between the Interstate Commission and the compacting states are binding in accordance with their terms.

(3) Upon the request of a party to a conflict over meaning or interpretation of Interstate Commission actions, and upon a majority vote of the compacting states, the Interstate Commission may issue advisory opinions regarding such meaning or interpretation.

(4) In the event any provision of this compact exceeds the constitutional limits imposed on the legislature of any compacting state, the obligations, duties, powers or jurisdiction sought to be conferred by such provision upon the Interstate Commission shall be ineffective and such obligations, duties, powers or jurisdiction shall remain in the compacting state and shall be exercised by the agency thereof to which such obligations, duties, powers or jurisdiction are delegated by law in effect at the time this compact becomes effective.

Section 2. The following KRS section is repealed:

615.020 Duties of compact administrator.

Section 3. This Act takes effect as provided in Article X of Section 1 of this Act, upon the legislative enactment of the compact into law by no less than thirty-five (35) states or upon July 1, 2004, whichever is later. Until such time, KRS 615.010 and 615.020 shall remain in effect.

The Committee Substitute to **HB 6** is as follows:

HB 6, AN ACT creating the Interstate Compact for Juveniles.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 615.010 is repealed and reenacted to read as follows:

ARTICLE I

PURPOSE

The compacting states to this Interstate Compact recognize that each state is responsible for the proper supervision or return of juveniles, delinquents and status offenders who are on probation or parole and who have absconded, escaped or run away from supervision and control and in so doing have endangered their own safety and the safety of others. The compacting states also recognize that each state is responsible for the safe return of juveniles who have run away from home and in doing so have left their state of residence. The compacting states also recognize that Congress, by enacting the Crime Control Act, 4 U.S.C. Section 112 (1965), has authorized and encouraged compacts for cooperative efforts and mutual assistance in the prevention of crime.

It is the purpose of this compact, through means of joint and cooperative action among the compacting states to:

(1) Ensure that the adjudicated juveniles and status offenders subject to this compact are provided adequate supervision and services in the receiving state as ordered by the adjudicating judge or parole authority in the sending state;

(2) Ensure that the public safety interests of the citizens, including the victims of juvenile offenders, in both the sending and receiving states are adequately protected;

(3) Return juveniles who have run away, absconded or escaped from supervision or control or have been accused of an offense to the state requesting their return;

(4) Make contracts for the cooperative institutionalization in public facilities in member states for delinquent youth needing special services;

(5) Provide for the effective tracking and supervision of juveniles;

(6) Equitably allocate the costs, benefits, and obligations of the compacting states;

(7) Establish procedures to manage the movement between states of juvenile offenders released to the community under the jurisdiction of courts, juvenile departments, or any other criminal or juvenile justice agency which has jurisdiction over juvenile offenders;

(8) Ensure immediate notice to jurisdictions where defined offenders are authorized to travel or to relocate across state lines;

(9) Establish procedures to resolve pending charges (detainers) against juvenile offenders prior to transfer or release to the community under the terms of this compact;

(10) Establish a system of uniform data collection on information pertaining to juveniles subject to this compact that allows access by authorized juvenile justice and criminal justice officials, and regular reporting of Compact activities to heads of state executive, judicial, and legislative branches and juvenile and criminal justice administrators;

(11) Monitor compliance with rules governing interstate movement of juveniles and initiate interventions to address and correct noncompliance;

(12) Coordinate training and education regarding the regulation of interstate movement of juveniles for officials involved in

such activity; and

(13) Coordinate the implementation and operation of the compact with the Interstate Compact for the Placement of Children, the Interstate Compact for Adult Offender Supervision and other compacts affecting juveniles particularly in those cases where concurrent or overlapping supervision issues arise. It is the policy of the compacting states that the activities conducted by the Interstate Commission created herein are the formation of public policies and therefore are public business. Furthermore, the compacting states shall cooperate and observe their individual and collective duties and responsibilities for the prompt return and acceptance of juveniles subject to the provisions of this compact. The provisions of this compact shall be reasonably and liberally construed to accomplish the purposes and policies of the compact.

The commission shall have all the responsibilities, powers and duties set forth herein, and such additional powers as may be conferred upon it by subsequent action of the respective legislatures of the compacting states in accordance with the terms of this compact.

(2) The Interstate Commission shall consist of commissioners appointed by the appropriate appointing authority in each state pursuant to the rules and requirements of each compacting state and in consultation with the State Council for Interstate Juvenile Supervision created hereunder. The commissioner shall be the compact administrator, deputy

compact administrator or designee from that state who shall serve on the Interstate Commission in such capacity under or pursuant to the applicable law of the compacting state.

(3) In addition to the commissioners who are the voting representatives of each state, the Interstate Commission shall include individuals who are not commissioners, but who are members of interested organizations. Such non-commissioner members must include a member of the national organizations of governors, legislators, state chief justices, attorneys general, Interstate Compact for Adult Offender Supervision, Interstate Compact for the Placement of Children, juvenile justice and juvenile corrections officials, and crime victims. All non-commissioner members of the Interstate Commission shall be ex-officio (non-voting) members. The Interstate Commission may provide in its by-laws for such additional ex-officio (non-voting) members, including members of other national organizations, in such numbers as shall be determined by the commission.

(4) Each compacting state represented at any meeting of the commission is entitled to one (1) vote. A majority of the compacting states shall constitute a quorum for the transactions of business, unless a larger quorum is required by the by-laws of the Interstate Commission.

(5) The commission shall meet at least once each calendar year. The chairperson may call additional meetings and, upon the request of a simple majority of the compacting states, shall call additional meetings. Public notice shall be given of all meetings and meetings shall be open to the public.

(6) The Interstate Commission shall establish an executive committee, which shall include commission officers, members, and others as determined by the by-laws. A member shall vote in person and shall not delegate a vote to another compacting state. However, a commissioner, in consultation with the state council, shall appoint another authorized representative, in the absence of the commissioner from that state, to cast a vote on behalf of the compacting state at a specified meeting. The by-laws may provide for members' participation in meetings by telephone or other means of telecommunication or electronic communication.

(10) For every meeting closed pursuant to this provision, the Interstate Commission's legal counsel shall publicly certify that, in the legal counsel's opinion, the meeting may be closed to the public, and shall reference each relevant exemptive provision. The Interstate Commission shall keep minutes which shall fully and clearly describe all matters discussed in any meeting and shall provide a full and accurate summary of any actions taken, and the reasons therefore, including a description of each of the views expressed on any item and the record of any roll call vote (reflected in the vote of each member on the question). All documents considered in connection with any action shall be identified in such minutes.

(11) The Interstate Commission shall collect standardized data concerning the interstate movement of juveniles as directed

through its rules which shall specify the data to be collected, the means of collection and data exchange and reporting requirements. Such methods of data collection, exchange and reporting shall insofar as is reasonably possible conform to up-to-date technology and coordinate its information functions with the appropriate repository of records.

Section C. Qualified Immunity, Defense and Indemnification

(1) The Commission's executive director and employees shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused or arising out of or relating to any actual or alleged act, error, or omission that occurred, or that such person had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities; provided, that any such person shall not be protected from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of any such person.

(2) The liability of any commissioner, or the employee or agent of a commissioner, acting within the scope of such person's employment or duties for acts, errors, or omissions occurring within such person's state may not exceed the limits of liability set forth under the Constitution and laws of that state for state officials, employees, and agents. For purposes of this subsection, evidence is substantial if it would be considered substantial evidence under the Model State Administrative Procedures Act.

(5) If a majority of the legislatures of the compacting states rejects a rule, those states may, by enactment of a statute or resolution in the same manner used to adopt the compact, cause that such rule shall have no further force and effect in any compacting state.

The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Interstate Commission, taking into consideration the population of each compacting state and the volume of interstate movement of juveniles in each compacting state and shall promulgate a rule binding upon all compacting states which governs said assessment.

(3) The Interstate Commission shall not incur any obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Interstate Commission pledge the credit of any of the compacting states, except by and with the authority of the compacting state.

(4) The Interstate Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Interstate Commission shall be subject to the audit and accounting procedures established under

its by-laws. However, all receipts and disbursements of funds handled by the Interstate Commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the Interstate Commission.

ARTICLE IX

(5) The Department for Public Advocacy;

(6) The Kentucky Association for Defense Lawyers;

(7) The County Attorneys Association;

(8) The Commonwealth Attorneys Association; and

(9) The compact administrator, deputy compact administrator, or designee.

Each compacting state retains the right to determine the qualifications of the compact administrator or deputy compact administration. Each state council will advise and may exercise oversight and advocacy concerning that state's participation in Interstate Commission activities and other duties as may be determined by that state, including but not limited to, development of policy concerning operations and procedures of the compact within that state.

ARTICLE X

(2) The compact shall become effective and binding upon legislative enactment of the compact into law by no less than thirty-five (35) of the states. The initial effective date shall be the later of July 1, 2005, or upon enactment into law by the thirty fifth (35th) jurisdiction. Thereafter it shall become effective and binding as to any other compacting state upon enactment of the compact into law by that state. The governors of non-member states or their designees shall be invited to participate in the activities of the Interstate Commission on a non-voting basis prior to adoption of the compact by all states and territories of the United States.

(3) The Interstate Commission may propose amendments to the compact for enactment by the compacting states. No amendment shall become effective and binding upon the Interstate Commission and the compacting states unless and until it is enacted into law by unanimous consent of the compacting states.

ARTICLE XI

WITHDRAWAL, DEFAULT, TERMINATION AND JUDICIAL ENFORCEMENT

Section A. Withdrawal

(1) Once effective, the compact shall continue in force and remain binding upon each and every compacting state; provided that a compacting state may withdraw from the compact by specifically repealing the statute which enacted the compact into law.

(2) The effective date of withdrawal is the effective date of the repeal.

(3) The withdrawing state shall immediately notify the chairperson of the Interstate Commission in writing upon the introduction of legislation repealing this compact in the withdrawing state. The Interstate Commission shall notify the other compacting states of the withdrawing state's intent to withdraw within sixty (60) days of its receipt thereof.

(4) The withdrawing state is responsible for all assessments, obligations and liabilities incurred through the effective date of withdrawal, including any obligations, the performance of which extend beyond the effective date of withdrawal.

(5) Reinstatement following withdrawal of any compacting state shall occur upon the withdrawing state reenacting the compact or upon such later date as determined by the Interstate Commission.

Section B. Technical Assistance, Fines, Suspension, Termination and Default

(1) If the Interstate Commission determines that any compacting state has at any time defaulted in the performance of any of its obligations or responsibilities under this compact, or the by-laws or duly promulgated rules, the Interstate Commission may impose any or all of the following penalties:

(a) Remedial training and technical assistance as directed by the Interstate Commission;

(b) Alternative Dispute Resolution;

(c) Fines, fees, and costs in amounts as are deemed to be reasonable as fixed by the Interstate Commission; and

(d) Suspension or termination of membership in the compact, which shall be imposed only after all other reasonable means of securing compliance under the by-laws and rules have been exhausted and the Interstate Commission has therefore determined that the offending state is in default. Immediate notice of suspension shall be given by the Interstate Commission to the Governor, the Chief Justice or the Chief Judicial Officer of the state, the majority and minority leaders of the defaulting state's legislature, and the state council. The grounds for default include, but are not limited to, failure of a compacting state to perform such obligations or responsibilities imposed upon it by this compact, the by-laws, or duly promulgated rules and any other grounds designated in commission by-laws and rules. The Interstate Commission shall immediately notify the defaulting state in writing of the penalty imposed by the Interstate Commission and of the default pending a cure of the default. The commission shall stipulate the conditions and the time period within which the defaulting state must cure its default. If the defaulting state fails to cure the default within the time period specified by the commission, the defaulting state shall be terminated from the compact upon an affirmative vote of a majority of the compacting states and all rights, privileges and benefits conferred by this compact shall be terminated from the effective date of termination.

(2) Within sixty (60) days of the effective date of termination of a defaulting state, the Commission shall notify the Governor, the Chief Justice or Chief Judicial Officer, the Majority and Minority Leaders of the defaulting state's legislature, and the state council of such termination.

(3) The defaulting state is responsible for all assessments, obligations and liabilities incurred through the effective date of termination including any obligations, the performance of which extends beyond the effective date of termination.

(4) The Interstate Commission shall not bear any costs relating to the defaulting state unless otherwise mutually agreed upon in writing between the Interstate Commission and the defaulting state.

(5) Reinstatement following termination of any compacting state requires both a reenactment of the compact by the defaulting state and the approval of the Interstate Commission pursuant to the rules.

Section C. Judicial Enforcement

The Interstate Commission may, by majority vote of the members, initiate legal action in the United States District Court for the District of Columbia or, at the discretion of the Interstate Commission, in the federal district where the Interstate Commission has its offices, to enforce compliance with the provisions of the compact, its duly promulgated rules and by-laws, against any compacting state in default. In the event judicial enforcement is necessary the prevailing party shall be awarded all costs of such litigation including reasonable attorneys fees.

Section D. Dissolution of Compact

(1) The compact dissolves effective upon the date of the withdrawal or default of the compacting state, which reduces membership in the compact to one compacting state.

(2) Upon the dissolution of this compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the Interstate Commission shall be concluded and any surplus funds shall be distributed in accordance with the by-laws.

ARTICLE XII

SEVERABILITY AND CONSTRUCTION

(1) The provisions of this compact shall be severable, and if any phrase, clause, sentence or provision is deemed unenforceable, the remaining provisions of the compact shall be enforceable.

(2) The provisions of this compact shall be liberally construed to effectuate its purposes.

ARTICLE XIII

BINDING EFFECT OF COMPACT AND OTHER LAWS

Section A. Other Laws

(1) Nothing herein prevents the enforcement of any other law of a compacting state that is not inconsistent with this compact.

(2) All compacting states' laws other than state Constitutions and other interstate compacts conflicting with this compact are superseded to the extent of the conflict.

Section B. Binding Effect of the Compact

(1) All lawful actions of the Interstate Commission, including all rules and by-laws promulgated by the Interstate Commission, are binding upon the compacting states.

(2) All agreements between the Interstate Commission and the compacting states are binding in accordance with their terms.

(3) Upon the request of a party to a conflict over meaning or interpretation of Interstate Commission actions, and upon a majority vote of the compacting states, the Interstate Commission may issue advisory opinions regarding such meaning or interpretation.

(4) In the event any provision of this compact exceeds the constitutional limits imposed on the legislature of any compacting state, the obligations, duties, powers or jurisdiction sought to be conferred by such provision upon the Interstate Commission shall be ineffective and such obligations, duties, powers or jurisdiction shall remain in the compacting state and shall be exercised by the agency thereof to which such obligations, duties, powers or jurisdiction are delegated by law in effect at the time this compact becomes effective.

Section 2. The following KRS section is repealed:

615.020 Duties of compact administrator.

Section 3. This Act takes effect as provided in Article X of Section 1 of this Act, upon the legislative enactment of the compact into law by no less than thirty-five (35) states or upon July 1, 2005, whichever is later. Until such time, KRS 615.010 and 615.020 shall remain in effect.

(4) The Department of State Police shall deny, suspend, or revoke a license to carry a concealed deadly weapon upon written notice by the Cabinet for Families and Children that the person has a child support arrearage which equals or exceeds the cumulative amount which would be owed after one (1) year of nonpayment, or for failure, after receiving appropriate notice, to comply with a subpoena or warrant relating to paternity or child support proceedings.

(5) The application for a permit, or renewal of a permit, to carry a concealed deadly weapon shall be obtained from the office of the sheriff in the county in which the person resides. The completed application and all accompanying material plus an application fee or renewal fee, as appropriate, of sixty dollars ($60) shall be presented to the office of the sheriff of the county in which the applicant resides. A full-time or part-time peace officer who is currently certified as a peace officer by the Kentucky Law Enforcement Council who is authorized by his or her employer or government authority to carry a concealed deadly weapon at all times and all locations within the Commonwealth pursuant to KRS 527.020 or a retired peace officer who is a member of the Kentucky Employees Retirement System, State Police Retirement System, County Employees Retirement System, or other retirement system operated by or for a city, county, or urban-county in Kentucky shall be exempt from paying the application or renewal fees. The application shall be completed, under oath, on a form promulgated by the Department of State Police by administrative regulation which shall only include:

(a) The name, address, place and date of birth, gender, and Social Security number of the applicant;

(b) A statement that, to the best of his knowledge, the applicant is in compliance with criteria contained within subsections (2) and (3) of this section;

(c) A statement that the applicant has been furnished a copy of this section and is knowledgeable about its provisions;

(d) A statement that the applicant has been furnished a copy of, has read, and understands KRS Chapter 503 as it pertains to the use of deadly force for self-defense in Kentucky; and

(e) A conspicuous warning that the application is executed under oath and that a materially false answer to any question, or the submission of any materially false document by the applicant, subjects the applicant to criminal prosecution under KRS 523.030.

(6) The applicant, if a resident of the Commonwealth, shall submit to the sheriff of the applicant's county of residence:

(a) A completed application as described in subsection (5) of this section;

(b) A recent color photograph of the applicant, as prescribed by administrative regulation; and

(c) A photocopy of a certificate or an affidavit or document as described in subsection (2)(f) of this section.

(7) The Department of State Police shall, within ninety (90) days after the date of receipt of the items listed in subsection (6) of this section, either:

(a) Issue the license; or

(b) Deny the application based solely on the grounds that the applicant fails to qualify under the criteria listed in subsection (2) or (3) of this section. If the Department of State Police denies the application, it shall notify the applicant in writing, stating the grounds for denial and informing the applicant of a right to submit, within thirty (30) days, any additional documentation relating to the grounds of denial. Upon receiving any additional documentation, the Department of State Police shall reconsider its decision and inform the applicant within twenty (20) days of the result of the reconsideration. The applicant shall further be informed of the right to seek de novo review of the denial in the District Court of his place of residence within ninety (90) days from the date of the letter advising the applicant of the denial.

(8) The Department of State Police shall maintain an automated listing of licenseholders and pertinent information, and this information shall be available on-line, upon request, at all times to all Kentucky law enforcement agencies. Except as provided in this subsection, information on applications for licenses, names and addresses, or other identifying information relating to license holders shall be confidential and shall not be made available except to law enforcement agencies. Requests for information to be provided to any requester other than a bona fide law enforcement agency which has direct access to the Law Enforcement Information Network of Kentucky shall be made, in writing, directly to the commissioner

of the Department of State Police, together with the fee required for the providing of the information. The Department of State Police shall, upon proper application and the payment of the required fee, provide to the requester in hard copy form only, a list of names of all holders in the Commonwealth of a license to carry a concealed deadly weapon. No identifying information other than the name shall be provided, and information for geographic areas or other subdivisions of any type from the list shall not be provided and shall be confidential. The fee to be charged shall be the same as for other public records provided by the Department of State Police. No request for lists of local or statewide permit holders shall be made to any state or local law enforcement agency, peace officer, or other agency of government other than the Department of State Police, and no state or local law enforcement agency, peace officer, or agency of government, other than the Department of State Police, shall provide any information not entitled to it by law. The names of all persons, other than law enforcement agencies and peace officers, requesting information under this section shall be a public record.

(9) Within thirty (30) days after the changing of a permanent address, or within thirty (30) days after the loss or destruction of a license, the licensee shall notify the Department of State Police of the loss or destruction. Failure to notify the Department of State Police shall constitute a noncriminal violation with a penalty of twenty-five dollars ($25) payable to the clerk of the District Court. When a licensee makes application to change his or her residence address or other information on the license, neither the sheriff nor the Department of State Police shall require a surrender of the license until a new license is in the office of the applicable sheriff and available for issuance. Upon the issuance of a new license, the old license shall be destroyed by the sheriff.

(10) If a license is lost or destroyed, the license shall be automatically invalid, and the person to whom the same was issued may, upon payment of fifteen dollars ($15) to the Department of State Police, obtain a duplicate, upon furnishing a notarized statement to the Department of State Police that the license has been lost or destroyed.

(11) A license issued under this section shall be suspended or revoked if the licensee becomes ineligible to be issued a license under the criteria set forth in subsection (2)(a), (c), (d), (e), (f), or (h) of this section. When a domestic violence order or emergency protective order is issued pursuant to the provisions of KRS Chapter 403 against a person holding a license issued under this section, the holder of the permit shall surrender the license to the court or to the officer serving the order. The officer to whom the license is surrendered shall forthwith transmit the license to the court issuing the order. The license shall be suspended until the order is terminated, or until the judge who issued the order terminates the suspension prior to the termination of the underlying domestic violence order or emergency protective order, in writing and by return of the license, upon proper motion by the license holder. Subject to the same conditions as above, a peace officer against whom an emergency protective order or domestic violence order has been issued shall not be permitted to carry a concealed deadly weapon when not on duty, the provisions of KRS 527.020 to the contrary notwithstanding.

(12) Not less than ninety (90) days prior to the expiration date of the license, the Department of State Police shall mail to each licensee a written notice of the expiration and a renewal form prescribed by the Department of State Police. The licensee may renew his license on or before the expiration date by filing with the sheriff of his county of residence the renewal form, a notarized affidavit stating that the licensee remains qualified pursuant to the criteria specified in subsections (2) and (3) of this section, and the required renewal fee. The license shall be renewed to a qualified applicant upon receipt of the completed renewal application and appropriate payment of fees. When a licensee makes application for a renewal of his or her license, neither the sheriff nor the Department of State Police shall require a surrender of the license until the new license is in the office of the applicable sheriff and available for issuance. Upon the issuance of a new license, the old license shall be destroyed by the sheriff. A licensee who fails to file a renewal application on or before its expiration date may renew his license by paying, in addition to the license fees, a late fee of fifteen dollars ($15). No license shall be renewed six (6) months or more after its expiration date, and the license shall be deemed to be permanently expired six (6) months after its expiration date. A person whose license has permanently expired may reapply for licensure pursuant to subsections (5), (6), and (7) of this section.

(13) ***Except as provided in Section 3 of this Act,*** no license issued pursuant to this section shall authorize any person to carry a concealed firearm into:

(a) Any police station or sheriff's office;

(b) Any detention facility, prison, or jail;

(c) Any courthouse, solely occupied by the Court of Justice courtroom, or court proceeding;

(d) Any meeting of the governing body of a county, municipality, or special district; or any meeting of the General Assembly or a committee of the General Assembly, except that nothing in this section shall preclude a member of the body, holding a concealed deadly weapon license, from carrying a concealed deadly weapon at a meeting of the body of which he is a member;

(e) Any portion of an establishment licensed to dispense beer or alcoholic beverages for consumption on the premises, which portion of the establishment is primarily devoted to that purpose;

(f) Any elementary or secondary school facility without the consent of school authorities as provided in KRS 527.070, any child-caring facility as defined in KRS 199.011, any day-care center as defined in KRS 199.894, or any certified family child-care home as defined in KRS 199.8982, except however, any owner of a certified child-care home may carry a concealed firearm into the owner's residence used as a certified child-care home;

(g) An area of an airport to which access is controlled by the inspection of persons and property; or

(h) Any place where the carrying of firearms is prohibited by federal law.

(14) The owner, business or commercial lessee, or manager of a private business enterprise, day-care center as defined in KRS 199.894 or certified or licensed family child-care home as defined in KRS 199.8982, or a health-care facility licensed under KRS Chapter 216B, except facilities renting or leasing housing, may prohibit persons holding concealed deadly weapon licenses from carrying concealed deadly weapons on the premises and may prohibit employees, not authorized by the employer, holding concealed deadly weapons licenses from carrying concealed deadly weapons on the property of the employer. If the building or the premises are open to the public, the employer or business enterprise shall post signs on or about the premises if carrying concealed weapons is prohibited. Possession of weapons, or ammunition, or both in a vehicle on the premises shall not be a criminal offense so long as the weapons, or ammunition, or both are not removed from the vehicle or brandished while the vehicle is on the premises. A private but not a public employer may prohibit employees or other persons holding a concealed deadly weapons license from carrying concealed deadly weapons, or ammunition, or both in vehicles owned by the employer, but may not prohibit employees or other persons holding a concealed deadly weapons license from carrying concealed deadly weapons, or ammunition, or both in vehicles owned by the employee, except that the Justice Cabinet may prohibit an employee from carrying any weapons, or ammunition, or both other than the weapons, or ammunition, or both issued or authorized to be used by the employee of the cabinet, in a vehicle while transporting persons under the employee's supervision or jurisdiction. Carrying of a concealed weapon, or ammunition, or both in a location specified in this subsection by a license holder shall not be a criminal act but may subject the person to denial from the premises or removal from the premises, and, if an employee of an employer, disciplinary measures by the employer.

(15) All moneys collected by the Department of State Police pursuant to this section shall be used to administer the provisions of this section. By March 1 of each year, the Department of State Police and the Administrative Office of the Courts shall submit reports to the Governor, the President of the Senate, and the Speaker of the House of Representatives, indicating the amounts of money collected and the expenditures related to this section and KRS 237.115, 244.125, 527.020, and 527.070, and the administration of the provisions of this section and KRS 237.115, 244.125, 527.020, and 527.070.

(16) The General Assembly finds as a matter of public policy that it is necessary to provide statewide uniform standards for issuing licenses to carry concealed firearms and to occupy the field of regulation of the bearing of concealed firearms to ensure that no person who qualifies under the provisions of this section is denied his rights. The General Assembly does not delegate to the Department of State Police the authority to regulate or restrict the issuing of licenses provided for in this section beyond those provisions contained in this section. This section shall be liberally construed to carry out the constitutional right to bear arms for self-defense.

(17) (a) A person who has a valid license issued by another state of the United States to carry a concealed deadly weapon in that state may, subject to provisions of Kentucky law, carry a concealed deadly weapon in Kentucky, and his license shall be considered as valid in Kentucky.

(b) The Department of State Police shall, not later than thirty (30) days after July 15, 1998, and not less than once every six (6) months thereafter, make written inquiry of the concealed deadly weapon carrying licensing authorities in each other state as to whether a Kentucky resident may carry a concealed deadly weapon in their state based upon having a valid Kentucky concealed deadly weapon license, or whether a Kentucky resident may apply for a concealed deadly weapon carrying license in that state based upon having a valid Kentucky concealed deadly weapon license. The Department of State Police shall attempt to secure from each other state permission for Kentucky residents who hold a valid Kentucky concealed deadly weapon license to carry concealed deadly weapons in that state, either on the basis of the Kentucky license or on the basis that the Kentucky license is sufficient to permit the issuance of a similar license by the other state. The Department of State Police shall enter into a written reciprocity agreement with the appropriate agency in each state that agrees to permit Kentucky residents to carry concealed deadly weapons in the other state on the basis of a Kentucky-issued concealed deadly weapon license or that will issue a license to carry concealed deadly weapons in the other state based upon a Kentucky concealed deadly weapon license. If a reciprocity agreement is reached, the requirement to recontact the other state each six (6) months shall be eliminated as long as the reciprocity agreement is in force. The information shall be a public record and shall be available to individual requesters free of charge for the first copy and at the normal rate for open records requests for additional copies.

(18) By March 1 of each year, the Department of State Police shall submit a statistical report to the Governor, the President of the Senate, and the Speaker of the House of Representatives, indicating the number of licenses issued, revoked, suspended, and denied since the previous report and in total and also the number of licenses currently valid. The report shall also include the number of arrests, convictions, and types of crimes committed since the previous report by individuals licensed to carry concealed weapons.

(19) The following provisions shall apply to concealed deadly weapon training classes conducted by the Department of Criminal Justice Training or any other agency pursuant to this section:

(a) No concealed deadly weapon instructor trainer shall have his or her certification as a concealed deadly weapon instructor trainer reduced to that of instructor or revoked except after a hearing conducted pursuant to KRS Chapter 13B in which the instructor is found to have committed an act in violation of the applicable statutes or administrative regulations;

(b) No concealed deadly weapon instructor shall have his or her certification as a concealed deadly weapon instructor license suspended or revoked except after a hearing conducted pursuant to KRS Chapter 13B in which the instructor is found to have committed an act in violation of the applicable statutes or administrative regulations;

(c) Each concealed deadly weapon instructor or instructor trainer shall notify the Department of Criminal Justice Training not less than fourteen (14) days prior to the beginning of concealed deadly weapon applicant or concealed deadly weapon instructor training of the time, date, and location at which the class will be conducted. The department, upon the request of a firearms instructor trainer or certified firearms instructor, may permit a class to begin on less than fourteen (14) days' notice. The notice need not contain the names of the students. The notice may be made by mail, facsimile, e-mail, or other method which will result in the receipt of or production of a hard copy of the application. The postmark, facsimile date, or e-mail date shall be considered as the date on which the notice was sent;

(d)[~~ Each concealed deadly weapon instructor or instructor trainer who teaches a concealed deadly weapon applicant or concealed deadly weapon instructor class shall supply the Department of Criminal Justice Training with a class roster indicating which students enrolled but did not successfully complete the class, and which students enrolled and successfully completed the class which contains the name and address of each student, within five (5) working days of the completion of the class. The information may be sent by mail, facsimile, e-mail, or other method which will result in the receipt of or production of a hard copy of the information. The postmark, facsimile date, or e-mail date shall be considered as the date on which the notice was sent;~~

~~(e)~~] An instructor trainer who assists in the conduct of a concealed deadly weapon instructor class or concealed deadly weapon applicant class for more than two (2) hours shall be considered as to have taught a class for the purpose of maintaining his or her certification. All class record forms shall include spaces for assistant instructors to sign and certify that they have assisted in the conduct of a concealed deadly weapon instructor or concealed deadly weapon class;

(e)[~~(f)~~] An instructor who assists in the conduct of a concealed deadly weapon applicant class for more than two (2) hours shall be considered as to have taught a class for the purpose of maintaining his or her license. All class record forms shall include spaces for assistant instructors to sign and certify that they have assisted in the conduct of a concealed deadly weapon class;

(f)[~~(g)~~] If the Department of Criminal Justice Training believes that a firearms instructor trainer or certified firearms instructor has not in fact complied with the requirements for teaching a certified firearms instructor or applicant class by not teaching the class as specified in KRS 237.126, or who has taught an insufficient class as specified in KRS 237.128, the department shall send to each person who has been listed as successfully completing the concealed deadly weapon applicant class or concealed deadly weapon instructor class a verification form on which the time, date, date of range firing if different from the date on which the class was conducted, location, and instructor of the class is listed by the department and which requires the person to answer "yes" or "no" to specific questions regarding the conduct of the training class. (1) The cabinet shall enforce the administrative regulations promulgated by the secretary of the Cabinet for Health Services for the regulation and control of the matters set out below and shall formulate, promote, establish, and execute policies, plans, and programs relating to all matters of public health, including but not limited to the following matters:

(a) Detection, prevention, and control of communicable diseases, chronic and degenerative diseases, dental diseases and abnormalities, occupational diseases and health hazards peculiar to industry, home accidents and health hazards, animal diseases which are transmissible to man, and other diseases and health hazards that may be controlled;

(b) The adoption of regulations specifying the information required in and a minimum time period for reporting a sexually transmitted disease. In adopting the regulations the cabinet shall consider the need for information, protection for the privacy and confidentiality of the patient, and the practical ability of persons and laboratories to report in a reasonable fashion. The cabinet shall require reporting of physician-diagnosed cases of acquired immunodeficiency syndrome based upon diagnostic criteria from the Centers for Disease Control and Prevention of the United States Public Health Service. No later than October 1, ***2004***[~~2000~~], the cabinet shall require reporting of cases of human immunodeficiency virus infection by reporting of ***the name***[~~a unique code~~] and other relevant data as requested by the Centers for Disease Control and Prevention and as further specified in KRS 214.645. Nothing in this section shall be construed to prohibit the cabinet from identifying infected patients when and if an effective cure for human immunodeficiency virus infection or any immunosuppression caused by human immunodeficiency virus is found or a treatment which would render a person noninfectious is found, for the purposes of offering or making the cure or treatment known to the patient.

(c) The control of insects, rodents, and other vectors of disease; the safe handling of food and food products; the safety of cosmetics; the control of narcotics, barbiturates, and other drugs as provided by law; the sanitation of schools, industrial establishments, and other public and semipublic buildings; the sanitation of state and county fairs and other similar public gatherings; the sanitation of public and semipublic recreational areas; the sanitation of public rest rooms, trailer courts, hotels, tourist courts, and other establishments furnishing public sleeping accommodations; the review, approval, or disapproval of plans for construction, modification, or extension of equipment related to food-handling in food-handling establishments; the licensure of hospitals; and the control of such other factors, not assigned by law to another agency, as may be necessary to insure a safe and sanitary environment;

(e) Protection and improvement of the health of expectant mothers, infants, preschool, and school-age children;

(f) The practice of midwifery, including the issuance of permits to and supervision of women who practice midwifery; and

(g) Protection and improvement of the health of the people through better nutrition.

Section 2. KRS 214.181 is amended to read as follows:

(1) The General Assembly finds that the use of tests designed to reveal a condition indicative of human immunodeficiency virus (HIV) infection can be a valuable tool in protecting the public health. The General Assembly finds that despite current scientific knowledge that zidovudine (AZT) prolongs the lives of acquired immunodeficiency syndrome victims, and may also be effective when introduced in the early stages of human immunodeficiency virus infection, many members of the public are deterred from seeking testing because they misunderstand the nature of the test or fear that test results will be disclosed without their consent. The General Assembly finds that the public health will be served by facilitating informed, voluntary, and confidential use of tests designed to detect human immunodeficiency virus infection.

(2) A person who has signed a general consent form for the performance of medical procedures and tests is not required to also sign or be presented with a specific consent form relating to medical procedures or tests to determine human immunodeficiency virus infection, antibodies to human immunodeficiency virus, or infection with any other causative

agent of acquired immunodeficiency syndrome that will be performed on the person during the time in which the general consent form is in effect. However, a general consent form shall instruct the patient that, as part of the medical procedures or tests, the patient may be tested for human immunodeficiency virus infection, hepatitis, or any other blood-borne infectious disease if a doctor orders the test for diagnostic purposes. Except as otherwise provided in subsection (5)(c) of this section, the results of a test or procedure to determine human immunodeficiency virus infection, antibodies to human immunodeficiency virus, or infection with any probable causative agent of acquired immunodeficiency syndrome performed under the authorization of a general consent form shall be used only for diagnostic or other purposes directly related to medical treatment.

(3) In any emergency situation where informed consent of the patient cannot reasonably be obtained before providing health-care services, there is no requirement that a health-care provider obtain a previous informed consent.

(4) The physician who orders the test pursuant to subsections (1) and (2) of this section, or the attending physician, shall be responsible for informing the patient of the results of the test if the test results are positive for human immunodeficiency virus infection. If the tests are positive, the physician shall also be responsible for either:

(a) Providing information and counseling to the patient concerning his infection or diagnosis and the known medical implications of such status or condition; or

(b) Referring the patient to another appropriate professional or health-care facility for the information and counseling.

(5) (a) No person in this state shall perform a test designed to identify the human immunodeficiency virus, or its antigen or antibody, without first obtaining the informed consent of the person upon whom the test is being performed, except as specified in subsections (2) and (3) of this section.

(b) No test result shall be determined as positive, and no positive test result shall be revealed to any person, without corroborating or confirmatory tests being conducted.

(c) No person who has obtained or has knowledge of a test result pursuant to this section shall disclose or be compelled to disclose the identity of any person upon whom a test is performed, or the results of the test in a manner which permits identification of the subject of the test, except to the following persons:

1. The subject of the test or the subject's legally authorized representative;
2. Any person designated in a legally effective release of the test results executed prior to or after the test by the subject of the test or the subject's legally authorized representative;
3. A physician, nurse, or other health-care personnel who has a legitimate need to know the test result in order to provide for his protection and to provide for the patient's health and welfare;
4. Health-care providers consulting between themselves or with health-care facilities to determine diagnosis and treatment;
5. The cabinet, in accordance with rules for reporting and controlling the spread of disease, as otherwise provided by state law;
6. A health facility or health-care provider which procures, processes, distributes, or uses:
    a. A human body part from a deceased person, with respect to medical information regarding that person; or
    b. Semen provided prior to the effective date of this section for the purpose of artificial insemination;
7. Health facility staff committees, for the purposes of conducting program monitoring, program evaluation, or service reviews;
8. Authorized medical or epidemiological researchers who shall not further disclose any identifying characteristics or information;
9. A person allowed access by a court order that is issued in compliance with the following provisions:
    a. No court of this state shall issue an order to permit access to a test for human immunodeficiency virus performed in a medical or public health setting to any person not authorized by this section or by KRS 214.420. A court may order an individual to be tested for human immunodeficiency virus only if the person seeking the test results has demonstrated a compelling need for the test results which cannot be accommodated by other means. In assessing compelling need, the court shall weigh the need for testing and disclosure against the privacy interest of the test subject and the public interest which may be disserved by disclosure which deters blood, organ, and semen donation and future human-immunodeficiency-virus-related testing or which may lead to discrimination. This paragraph shall not apply to blood bank donor records;
    b. Pleadings pertaining to disclosure of test results shall substitute a pseudonym for the true name of the subject of the test. The disclosure to the parties of the subject's true name shall be communicated confidentially, in documents not filed with the court;
    c. Before granting any order, the court shall provide the individual whose test result is in question with notice and a reasonable opportunity to participate in the proceedings if he or she is not already a

party;

d. Court proceedings as to disclosure of test results shall be conducted in camera, unless the subject of the test agrees to a hearing in open court or unless the court determines that a public hearing is necessary to the public interest and the proper administration of justice;

e. Upon the issuance of an order to disclose test results, the court shall impose appropriate safeguards against unauthorized disclosure, which shall specify the persons who may have access to the information, the purposes for which the information shall be used, and appropriate prohibitions on future disclosure.

No person to whom the results of a test have been disclosed shall disclose the test results to another person except as authorized by this subsection. When disclosure is made pursuant to this subsection, it shall be accompanied by a statement in writing that includes the following or substantially similar language: "This information has been disclosed to you from records whose confidentiality is protected by state law. State law prohibits you from making any further disclosure of such information without the specific written consent of the person to whom such information pertains, or as otherwise permitted by state law. A general authorization for the release of medical or other information is NOT sufficient for this purpose." An oral disclosure shall be accompanied by oral notice and followed by a written notice within ten (10) days.

(6) (a) The Cabinet for Health Services shall establish a network of voluntary human immunodeficiency virus testing programs in every county in the state. These programs shall be conducted in each public health department established under the provisions of KRS Chapter 212. Additional programs may be contracted to other private providers to the extent that finances permit and local circumstances dictate.

(b) Each public health department shall have the ability to provide counseling and testing for the human immunodeficiency virus to each patient who receives services and shall offer the testing on a voluntary basis to each patient who requests the test.

(c) Each public health department shall provide a program of counseling and testing for human immunodeficiency virus infection, on an anonymous or confidential basis, dependent on the patient's desire. If the testing is performed on an anonymous basis, only the statistical information relating to a positive test for human immunodeficiency virus infection shall be reported to the cabinet. If the testing is performed on a confidential basis, the ***name***[~~unique code~~] and other information specified under KRS 214.645 shall be reported to the cabinet. The cabinet shall continue to provide for anonymous testing and counseling.

(d) The result of a serologic test conducted under the auspices of the cabinet shall not be used to determine if a person may be insured for disability, health, or life insurance or to screen or determine suitability for, or to discharge a person from, employment. Any person who violates the provisions of this subsection shall be guilty of a Class A misdemeanor.

(7) No public health department and no other private or public facility ***shall be*** established for the primary purpose of conducting a testing program for acquired immunodeficiency syndrome, acquired immunodeficiency syndrome related complex, or human immunodeficiency virus status without first registering with the cabinet, complying with all other applicable provisions of state law, and meeting the following requirements:

(a) The program shall be directed by a person who has completed an educational course approved by the cabinet in the counseling of persons with acquired immunodeficiency syndrome, acquired immunodeficiency syndrome related complex, or human immunodeficiency virus infection;

(b) The program shall have all medical care supervised by a physician licensed under the provisions of KRS Chapter 311;

(c) The program shall have all laboratory procedures performed in a laboratory licensed under the provisions of KRS Chapter 333;

(d) Informed consent shall be required prior to testing. Informed consent shall be preceded by an explanation of the test, including its purpose, potential uses, and limitations and the meaning of its results;

(e) The program, unless it is a blood donor center, shall provide pretest counseling on the meaning of a test for human immunodeficiency virus, including medical indications for the test; the possibility of false positive or false negative results; the potential need for confirmatory testing; the potential social, medical, and economic consequences of a positive test result; and the need to eliminate high-risk behavior;

(f) The program shall provide supplemental corroborative testing on all positive test results before the results of any positive test is provided to the patient;

(g) The program shall provide post-test counseling, in person, on the meaning of the test results; the possible need for additional testing; the social, medical, and economic consequences of a positive test result; and the need to eliminate behavior which might spread the disease to others;

(h) Each person providing post-test counseling to a patient with a positive test result shall receive specialized training, to be specified by regulation of the cabinet, about the special needs of persons with positive results, including recognition of possible suicidal behavior, and shall refer the patient for further health and social services as appropriate;

(i) When services are provided for a charge during pretest counseling, testing, supplemental testing, and post-test counseling, the program shall provide a complete list of all charges to the patient and the cabinet; and

(j) Nothing in this subsection shall be construed to require a facility licensed under KRS Chapter 333 or a person licensed under the provisions of KRS Chapters 311, 312, or 313 to register with the cabinet if he or she does not advertise or hold himself out to the public as conducting testing programs for human immunodeficiency virus infection or specializing in such testing.

(8) Any violation of this section by a licensed health-care provider shall be a ground for disciplinary action contained in the professional's respective licensing chapter.

(9) Except as provided in subsection (6)(d) of this section, insurers and others participating in activities related to the insurance application and underwriting process shall be exempt from this section.

(10) The cabinet shall develop program standards consistent with the provisions of this section for counseling and testing persons for the human immunodeficiency virus.

Section 3. KRS 214.625 is amended to read as follows:

(1) The General Assembly finds that the use of tests designed to reveal a condition indicative of human immunodeficiency virus (HIV) infection can be a valuable tool in protecting the public health. The General Assembly finds that despite current scientific knowledge that zidovudine (AZT) prolongs the lives of acquired immunodeficiency syndrome victims, and may also be effective when introduced in the early stages of human immunodeficiency virus infection, many members of the public are deterred from seeking testing because they misunderstand the nature of the test or fear that test results will be disclosed without their consent. The General Assembly finds that the public health will be served by facilitating informed, voluntary, and confidential use of tests designed to detect human immunodeficiency virus infection.

(2) A person who has signed a general consent form for the performance of medical procedures and tests is not required to also sign or be presented with a specific consent form relating to medical procedures or tests to determine human immunodeficiency virus infection, antibodies to human immunodeficiency virus, or infection with any other causative agent of acquired immunodeficiency syndrome that will be performed on the person during the time in which the general consent form is in effect. However, a general consent form shall instruct the patient that, as part of the medical procedures or tests, the patient may be tested for human immunodeficiency virus infection, hepatitis, or any other blood-borne infectious disease if a doctor orders the test for diagnostic purposes. Except as otherwise provided in subsection (5)(c) of this section, the results of a test or procedure to determine human immunodeficiency virus infection, antibodies to human immunodeficiency virus, or infection with any probable causative agent of acquired immunodeficiency syndrome performed under the authorization of a general consent form shall be used only for diagnostic or other purposes directly related to medical treatment.

(3) In any emergency situation where informed consent of the patient cannot reasonably be obtained before providing health-care services, there is no requirement that a health-care provider obtain a previous informed consent.

(4) The physician who orders the test pursuant to subsections (1) and (2) of this section, or the attending physician, shall be responsible for informing the patient of the results of the test if the test results are positive for human immunodeficiency virus infection. If the tests are positive, the physician shall also be responsible for either:

(a) Providing information and counseling to the patient concerning his infection or diagnosis and the known medical implications of such status or condition; or

(b) Referring the patient to another appropriate professional or health-care facility for the information and counseling.

(5) (a) No person in this state shall perform a test designed to identify the human immunodeficiency virus, or its antigen or antibody, without first obtaining the informed consent of the person upon whom the test is being performed, except as specified in subsections (2) and (3) of this section.

(b) No test result shall be determined as positive, and no positive test result shall be revealed to any person, without corroborating or confirmatory tests being conducted.

(c) No person who has obtained or has knowledge of a test result pursuant to this section shall disclose or be compelled to disclose the identity of any person upon whom a test is performed, or the results of the test in a manner which permits identification of the subject of the test, except to the following persons:

1. The subject of the test or the subject's legally authorized representative;

2. Any person designated in a legally effective release of the test results executed prior to or after the test by the subject of the test or the subject's legally authorized representative;

8. Authorized medical or epidemiological researchers who shall not further disclose any identifying characteristics or information;
9. A parent, foster parent, or legal guardian of a minor; a crime victim; or a person specified in KRS 438.250;
10. A person allowed access by a court order which is issued in compliance with the following provisions:

    e. Upon the issuance of an order to disclose test results, the court shall impose appropriate safeguards against unauthorized disclosure, which shall specify the persons who may have access to the information, the purposes for which the information shall be used, and appropriate prohibitions on future disclosure.

No person to whom the results of a test have been disclosed shall disclose the test results to another person except as authorized by this subsection. When disclosure is made pursuant to this subsection, it shall be accompanied by a statement in writing which includes the following or substantially similar language: "This information has been disclosed to you from records whose confidentiality is protected by state law. (7) No public health department and no other person in this state shall conduct or hold themselves out to the public as conducting a testing program for acquired immunodeficiency syndrome, acquired immunodeficiency syndrome related complex, or human immunodeficiency virus status without first registering with the cabinet, complying with all other applicable provisions of state law, and meeting the following requirements:

Section 4. KRS 214.645 is amended to read as follows:

(1) The Cabinet for Health Services shall establish a system for reporting, by the use of ***the person's name***[~~a unique code~~], of all persons who test positive for the human immunodeficiency virus (HIV) infection. The reporting shall include the data including, but not limited to, CD4 count and viral load, and other information that are necessary to comply with the confidentiality and reporting requirements of the most recent edition of the Centers for Disease Control and Prevention's (CDC) Guidelines for National Human Immunodeficiency Virus Case Surveillance. As recommended by the CDC, anonymous testing shall remain as an alternative. If less restrictive data identifying requirements are identified by the CDC, the cabinet shall evaluate the new requirements for implementation.

(2) The reporting system established under subsection (1) of this section shall:

(a) Use ***the same confidential name-based approach for HIV surveillance that is used for AIDS surveillance***[~~a unique code that consists of any combination of initials, the last four (4) numbers of the Social Security number, birth date, or other information to be determined~~] by the cabinet;

(b) Attempt to identify all modes of HIV transmission, unusual clinical or virologic manifestations, and other cases of public health importance;

(c) Require collection of the ***names***[~~unique code~~] and data from all private and public sources of HIV-related testing and care services; and

(d) Use reporting methods that match the CDC's standards for completeness, timeliness, and accuracy, and follow up, as necessary, with the health care provider making the report to verify completeness, timeliness, and accuracy.

(3) Authorized surveillance staff designated by the cabinet shall:

(a) Match the information from the reporting system to other public health databases, wherever possible, to limit duplication and to better quantify the extent of HIV infection in the Commonwealth;

(b) Conduct a biennial assessment of the HIV and AIDS reporting systems, insure that the assessment is available for review by the public and any state or federal agency, and forward a copy of the assessment to the Legislative Research Commission and the Interim Joint Committee on Health and Welfare;

(c) Document the security policies and procedures and insure their availability for review by the public or any state or federal agency;

(d) Minimize storage and retention of unnecessary paper or electronic reports and insure that related policies are consistent with CDC technical guidelines;

The court shall not authorize such protective services except those specifically designed to remove the ***vulnerable*** adult from conditions of immediate and irreparable physical injury or death. A copy of the order shall be served upon the ***vulnerable*** adult and his guardian, or if none, his caretaker. ***Service for the vulnerable adult shall not be made upon the person who is believed to have perpetrated the abuse, neglect, or exploitation.***

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 91A.080 is amended to read as follows:

(1) The legislative body of each city, county, or urban-county government which elects to impose and collect license fees or taxes upon insurance companies for the privilege of engaging in the business of insurance may enact or change its license

fee or rate of tax to be effective July 1 of each year on a prospective basis only and shall file with the commissioner of insurance at least one hundred (100) days prior to the effective date, a copy of all ordinances and amendments which impose any such license fee or tax. No less than eighty-five (85) days prior to the effective date, the commissioner of insurance shall promptly notify each insurance company engaged in the business of insurance in the Commonwealth of those city, county, or urban-county governments which have elected to impose the license fees or taxes and the current amount of the license fee or rate of tax.

(2) Any license fee or tax imposed by a city, county, or urban-county government upon an insurance company with respect to life insurance policies, may be based upon the first year's premiums, and, if so based, shall be applied to the amount of the premiums actually collected within each calendar quarter upon the lives of persons residing within the corporate limits of the city, county, or urban-county government.

(3) Any license fee or tax imposed by a city, county, or urban-county government upon any insurance company with respect to any policy which is not a life insurance policy shall be based upon the premiums actually collected by the company within each calendar quarter on risks located within the corporate limits of the city, county, or urban-county government on those classes of business which the company is authorized to transact, less all premiums returned to policyholders. In determining the amount of license fee or tax to be collected and to be paid to the city, county, or urban-county government, the insurance company shall use the tax rate effective on the first day of the policy term. When an insurance company collects a premium as a result of a change in the policy during the policy term, the tax rate used shall be the rate in effect on the effective date of the policy change. With respect to premiums returned to policyholders, the license fee or tax shall be returned by the insurance company to the policyholder pro rata on the unexpired amount of the premium at the same rate at which it was collected and shall be taken as a credit by the insurance company on its next quarterly report to the city, county, or urban-county government. Any license fee or tax imposed upon premium receipts shall not include premiums received for insuring employers against liability for personal injuries to their employees, or the death of their employees, caused thereby, under the provisions of the Workers' Compensation Act.

(4) The Department of Insurance shall, by administrative regulation, provide for a reasonable collection fee to be retained by the insurance company or its agent as compensation for collecting the tax, except that the collection fee shall not be more than fifteen percent (15%) of the fee or tax collected and remitted to the city, county or urban-county government or two percent (2%) of the premiums subject to the tax, whichever is less. To facilitate computation, collection, and remittance of the fee or tax and collection fee provided in this section, the fees or taxes set out in subsection (1), (2), or (3) of this section, together with the collection fee in this section, may be rounded off to the nearest dollar amount.

(5) Pursuant to KRS 304.3-270, if any other state retaliates against any Kentucky domiciliary insurer because of the requirements of this section, the commissioner of insurance shall impose an equal tax upon the premiums written in this state by insurers domiciled in the other state.

(6) Accounting and reporting procedures for collection and reporting of the fees or taxes and the collection fee herein provided shall be determined by administrative regulations promulgated by the Department of Insurance.

(7) Upon written request of the legislative body of any city, county, or urban-county government, at the expense of the requesting city, county, or urban-county government, which shall be paid in advance by the city, county, or urban-county government to the Department of Insurance, the Department of Insurance shall examine, or cause to be examined by contract with qualified auditors, the books or records of the insurance companies or agents subject to the fee or tax to determine whether the fee or tax is being properly collected and remitted, and the findings of the examination shall be reported to the city, county, or urban-county government. Willful failure to properly collect and remit the fee or tax imposed by a city, county, or urban-county government pursuant to the authority granted by this section shall constitute grounds for the revocation of the license issued to an insurance company or agent under the provisions of KRS Chapter 304.

(8) The license fees or taxes provided for by subsections (2) and (3) of this section shall be due thirty (30) days after the end of each calendar quarter. Annually, by March 31, each insurer shall furnish each city, county, or urban-county government to which the tax or fee is remitted with a breakdown of all collections in the preceding calendar year for the following categories of insurance:

(a) Casualty;
(b) Automobile;
(c) Inland marine;
(d) Fire and allied perils;
(e) Health; and
(f) Life.

(9) Any license fee or tax not paid on or before the due date shall bear interest at the tax interest rate as defined in KRS 131.010(6) from the date due until paid. Such interest payable to the city, county, or urban-county government is separate of penalties provided for in subsection (7) of this section. No city, county, or urban-county government may impose any penalties other than those provided for in this subsection.

(10) No license fee or tax imposed under this section shall apply to premiums received on policies of group health insurance

provided for state employees under KRS 18A.225.

(11) No county may impose the tax authorized by this section upon the premiums received on policies issued to public service companies which pay ad valorem taxes.

(12) (a) Insurance companies which pay license fees or taxes pursuant to this section shall credit city license fees or taxes against the same license fees or taxes levied by the county, when the license fees or taxes are levied by the county on or after July 13, 1990.

(b) If a county imposed and collected the license fee or tax authorized by this section before July 1, 2000, then insurance companies that pay license fees or taxes under this section shall not credit against the county license fee or tax that portion of a city license fee or tax that becomes effective for the first time on or after July 1, 2000, or is increased effective on or after July 1, 2000. The provisions of this paragraph shall expire on June 30, 2002, unless extended by the General Assembly.

(13) No license fee or tax imposed under this section shall apply to premiums received on health insurance policies issued to individuals nor to policies issued through Kentucky Access created in KRS 304.17B-005.

(14) No license fee or tax imposed under this section shall apply to premiums paid to insurers of municipal bonds, leases, or other debt instruments issued by or on behalf of a city, county, charter county government, urban-county government, consolidated local government, special district, nonprofit corporation, or other political subdivision of the Commonwealth. However, this exemption shall not apply if the bonds, leases, or other debt instruments are issued for profit or on behalf of for-profit or private organizations.

HCR 20, A CONCURRENT RESOLUTION in support of the issuance of a commemorative U.S. Postal Service stamp honoring America's coal miners.

WHEREAS, coal miners keep the nation supplied with an energy resource that produces electricity for the lowest cost, when compared to fuels other than nuclear, which makes possible the country's unmatched productivity and prosperity; and

WHEREAS, coal miners provide a vital pool of labor with the expertise to produce energy supplies from vast national coal reserves, which serves to buffer the country from a dangerous dependence on foreign energy fuels; and

WHEREAS, because of Kentucky's long and proud tradition as a preeminent supplier of the nation's coal supplies, we wish to be counted alongside the United Mine Workers of America and the many others seeking the proper recognition of the role played by coal miners in the history of the country;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

Section 1. The Citizens' Stamp Advisory Committee of the U.S. Postmaster General is urged to recommend for issuance as soon as practicable a U.S. Postal Service stamp commemorating the vital role of coal miners in the history and economic productivity of the country. The stamp would commemorate a class of American laborers who in their immigrant origins reflect the melting pot ideals of the nation, who with their manual labor make possible the technological conveniences of modern American life, and, whose contributions to the nation's welfare is generally unknown to the public. A stamp commemorating coal miners holds the promise of illustrating a colorful and historically rich segment of society for the benefit of schoolchildren, stamp collectors, educators, and the public.

Section 2. This Resolution shall be sent to the U.S. Postmaster General and to the Citizens' Stamp Advisory Committee, c/o Stamp Development, U.S. Postal Service, 475 L'Enfant SW, Room 5670, Washington, D.C. 20260-2437.

The records shall include, but not be limited to, work plans, job performance, demotions, evaluations, promotions, compensation, classification, reallocation, transfers, layoffs, disciplinary actions, examination scores, and preliminary and other supporting documentation. A public agency employee, including university employees, applicant, or eligible shall not have the right to inspect or to copy any examination or any documents relating to ongoing criminal or administrative investigations by an agency.

(4) If any public record contains material which is not excepted under this section, the public agency shall separate the excepted and make the nonexcepted material available for examination.

(5) The provisions of this section shall in no way prohibit or limit the exchange of public records or the sharing of information between public agencies when the exchange is serving a legitimate governmental need or is necessary in the performance of a legitimate government function.

The Committee Substitute to **HB 188** is as follows:

HB 188, AN ACT relating to public records.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 61.878 is amended to read as follows:

(1) The following public records are excluded from the application of KRS 61.870 to 61.884 and shall be subject to inspection only upon order of a court of competent jurisdiction, except that no court shall authorize the inspection by any party of any materials pertaining to civil litigation beyond that which is provided by the Rules of Civil Procedure governing pretrial discovery:

(a) Public records containing information of a personal nature where the public disclosure thereof would constitute a clearly unwarranted invasion of personal privacy;

(b) Records confidentially disclosed to an agency and compiled and maintained for scientific research. This exemption shall not, however, apply to records the disclosure or publication of which is directed by another statute;

(c) 1. Upon and after July 15, 1992, records confidentially disclosed to an agency or required by an agency to be disclosed to it, generally recognized as confidential or proprietary, which if openly disclosed would permit an unfair commercial advantage to competitors of the entity that disclosed the records;

2. Upon and after July 15, 1992, records confidentially disclosed to an agency or required by an agency to be disclosed to it, generally recognized as confidential or proprietary, which are compiled and maintained:

a. In conjunction with an application for or the administration of a loan or grant;

b. In conjunction with an application for or the administration of assessments, incentives, inducements, and tax credits as described in KRS Chapter 154;

c. In conjunction with the regulation of commercial enterprise, including mineral exploration records, unpatented, secret commercially valuable plans, appliances, formulae, or processes, which are used for the making, preparing, compounding, treating, or processing of articles or materials which are trade commodities obtained from a person; or

d. For the grant or review of a license to do business.

3. The exemptions provided for in subparagraphs 1. and 2. of this paragraph shall not apply to records the disclosure or publication of which is directed by another statute;

(d) Public records pertaining to a prospective location of a business or industry where no previous public disclosure has been made of the business' or industry's interest in locating in, relocating within or expanding within the Commonwealth. This exemption shall not include those records pertaining to application to agencies for permits or licenses necessary to do business or to expand business operations within the state, except as provided in paragraph (c) of this subsection;

(e) Public records which are developed by an agency in conjunction with the regulation or supervision of financial institutions, including but not limited to, banks, savings and loan associations, and credit unions, which disclose the agency's internal examining or audit criteria and related analytical methods;

(f) The contents of real estate appraisals, engineering or feasibility estimates and evaluations made by or for a public agency relative to acquisition of property, until such time as all of the property has been acquired. The law of eminent domain shall not be affected by this provision;

(g) Test questions, scoring keys, and other examination data used to administer a licensing examination, examination for employment, or academic examination before the exam is given or if it is to be given again;

(h) Records of law enforcement agencies or agencies involved in administrative adjudication that were compiled in the process of detecting and investigating statutory or regulatory violations if the disclosure of the information would harm the agency by revealing the identity of informants not otherwise known or by premature release of information to be used in a prospective law enforcement action or administrative adjudication. Unless exempted by other provisions of KRS 61.870 to 61.884, public records exempted under this provision shall be open after enforcement action is completed or a decision is made to take no action; however, records or information compiled and maintained by county attorneys or Commonwealth's attorneys pertaining to criminal investigations or criminal litigation shall be exempted from the provisions of KRS 61.870 to 61.884 and shall remain exempted after enforcement action, including litigation, is completed or a decision is made to take no action. The exemptions provided by this subsection shall not be used by the custodian of the records to delay or impede the exercise of rights granted by KRS 61.870 to 61.884;

(i) Preliminary drafts, notes, correspondence with private individuals, other than correspondence which is intended to give notice of final action of a public agency;

(j) Preliminary recommendations, and preliminary memoranda in which opinions are expressed or policies formulated or recommended;

(k) All public records or information the disclosure of which is prohibited by federal law or regulation;[~~ and~~]

(l) Public records or information the disclosure of which is prohibited or restricted or otherwise made confidential by enactment of the General Assembly*; and*

(m) 1. Public records the disclosure of which would have a reasonable likelihood of threatening the public safety by exposing a vulnerability in preventing, protecting against, mitigating, or responding to a terrorist act and limited to:

a. Criticality lists resulting from consequence assessments;

b. Vulnerability assessments;

c. Antiterrorism protective measures and plans;

d. Counter-terrorism measures and plans;

e. Security and response needs assessments;

f. Infrastructure records that expose a vulnerability referred to in this subparagraph through the disclosure of the location, configuration, or security of critical systems, including but not limited to information technology, communication, electrical, fire suppression, ventilation, water, and wastewater systems; and

g. The following records when their disclosure will expose a vulnerability referred to in this subparagraph: detailed drawings, schematics, maps, or specifications of structural elements, floor plans, and operating, utility, or security systems of any building or facility owned, occupied, leased, or maintained by a public agency.

2. As used in this paragraph, "terrorist act" means a criminal act intended to:

a. Intimidate or coerce a public agency or all or part of the civilian population;

b. Disrupt a system identified in subparagraph 1.f. of this paragraph; or

c. Cause massive destruction to a building or facility owned, occupied, leased, or maintained by a public agency.

3. No public agency shall invoke this paragraph to exclude public records from disclosure without first obtaining authorization from the executive director of the Office for Security Coordination or the executive director's designee.

(2) No exemption in this section shall be construed to prohibit disclosure of statistical information not descriptive of any readily identifiable person.

(3) No exemption in this section shall be construed to deny, abridge, or impede the right of a public agency employee, including university employees, an applicant for employment, or an eligible on a register to inspect and to copy any record including preliminary and other supporting documentation that relates to him. The records shall include, but not be limited to, work plans, job performance, demotions, evaluations, promotions, compensation, classification, reallocation, transfers, layoffs, disciplinary actions, examination scores, and preliminary and other supporting documentation. A public agency employee, including university employees, applicant, or eligible shall not have the right to inspect or to copy any examination or any documents relating to ongoing criminal or administrative investigations by an agency.

(4) If any public record contains material which is not excepted under this section, the public agency shall separate the excepted and make the nonexcepted material available for examination.

(5) The provisions of this section shall in no way prohibit or limit the exchange of public records or the sharing of information between public agencies when the exchange is serving a legitimate governmental need or is necessary in the performance of a legitimate government function.

HCR 16, A CONCURRENT RESOLUTION urging the Legislative Research Commission to adopt the provisions of the Governor's Executive Order 2001-1084 relating to domestic violence and sexual assault in the public workplace.

WHEREAS, as awareness about domestic violence and sexual assault has grown, so has the recognition that these crimes have a major impact in the workplace; and

WHEREAS, domestic violence and sexual assault adversely affect not only the victim and the victim's family but also the victim's employer, managers, and co-workers through the loss of productivity, increased absenteeism, increased health care costs, and employee turnover; and

WHEREAS, the Commonwealth of Kentucky, as an employer, is committed not only to providing a work environment for its employees that is free of violence and intimidation, but also to creating a sensitive and safe environment for those employees who are the victims of domestic violence or sexual assault; and

WHEREAS, the Governor and First Lady have developed a model policy for the executive branch, as set forth in the document "Domestic Violence and Sexual Assault in the Public Workplace: *A Kentucky Model Policy*"; and

WHEREAS, the model policy for the executive branch consists of: (1) zero tolerance toward perpetrators; (2) assistance for victims who need time off for medical appointments, legal assistance, court appearances, relocation, or other arrangements for their personal safety, or who have performance problems as a direct result of the crime against them; and (3) use of prevention and intervention strategies to prevent or minimize the occurrence and devastating effects of these crimes; and

WHEREAS, the Governor, in Executive Order 2001-1084, dated August 24, 2001, established certain principles for program cabinets to follow in implementing the model policy; and

WHEREAS, the Secretary of State, the Attorney General, the State Auditor, the State Treasurer, and the Commissioner of

Agriculture have also implemented the policy; and

WHEREAS, the General Assembly likewise is committed to providing a work environment for its employees that is safe from violence and intimidation and that provides a sensitive and safe environment for any employee who is a victim of domestic violence or sexual assault; and

WHEREAS, the General Assembly desires that the Legislative Research Commission continue to refine its policy of zero tolerance toward perpetrators and a safe and secure work environment for its employees; and

WHEREAS, the General Assembly recognizes the value and benefit of prevention and intervention strategies that will not only protect its employees but will also provide a sensitive environment and appropriate assistance for an employee who is a victim;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

Section 1. The Legislative Research Commission is hereby urged to join the executive branch and the statewide constitutional officers in adopting for its employees the following provisions of the Governor's Executive Order 2001-1084 relating to implementation of the Kentucky Model Policy for domestic violence and sexual assault in the public workplace:

"(1) The Commonwealth of Kentucky declares that domestic violence and sexual assault are strictly prohibited and constitute a major violation of state policy. Domestic violence and sexual assault include, but are not limited to harassment or the display of violence or threatening behavior that may result in physical or emotional injury to any state employee while in state offices, facilities, work sites, vehicles, or while conducting state business.

(2) All employees who are victims of domestic or sexual violence should have access to immediate assistance. This assistance shall, at a minimum, include: crisis intervention information provided in a private environment for victims and a workplace safety plan that has as its purpose the reduction of risk to the victim and other employees.

(3) All employees deserve consideration when seeking to protect themselves from abuse. All program agencies should allow adjustment of work schedules and the use of accrued or unpaid leave in order to allow a victimized employee to obtain medical treatment, legal assistance, or make other arrangements to ensure safety.

(4) State employees who commit acts of domestic or sexual violence shall be held accountable for their action. Agencies shall take prompt and appropriate disciplinary action against any employee who: misuses state resources to perpetrate domestic or sexual violence; harasses, threatens, or commits an act of domestic or sexual violence in the workplace or while conducting state business or using state resources; is convicted of a crime of domestic violence or a sex crime while on state business or using state resources, or is adjudicated as having violated a civil order of protection due to an incident of domestic or sexual violence when such action has a direct connection to the individual's duties as a state employee.

(5) Penalizing or disciplining employees solely based on their status as a victim of domestic and sexual violence is inappropriate and will not be tolerated.

(6) Agencies shall post resource information on domestic violence and sexual assault in locations where employees can obtain it without having to request it."

HB 193, AN ACT relating to improving student achievement.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 158 IS CREATED TO READ AS FOLLOWS:

(1) The General Assembly hereby finds that reading and mathematics proficiency are gateway skills necessary for all of Kentucky students to achieve the academic goals established in KRS 158.6451. It is the General Assembly's intent that all students demonstrate reading and mathematical proficiency as they complete each assessment level required by the Kentucky Board of Education for the state assessment program established under KRS 158.6453. Students who are not at the proficient level shall be provided diagnostic and intervention services, and instructional modifications necessary to learn. To accomplish the goal of all students reaching proficiency in reading and mathematics, collaboration is necessary among the General Assembly, the Kentucky Board of Education, the Kentucky Department of Education, local boards of education, school administrators, colleges and universities, school councils, teachers, parents, and other educational entities, such as the Education Professional Standards Board, and P-16 councils to share responsibility in helping students obtain proficiency. Intensive focus on student achievement in reading and mathematics does not negate the responsibility of any entity to help students obtain proficiency in all core curriculum content areas.

(2) (a) The General Assembly's role is to provide resources to support student achievement that shall include, but not be limited to, funds for the professional growth of teachers and administrators, funds for assessing students' academic achievement, including diagnostic assessment and instructional interventions, technology innovations, targeted reading and mathematics statewide initiatives, research and the distribution of research findings, and services for students beyond the regular school day and other services needed to help struggling learners.

(b) The Kentucky Board of Education shall regularly review and modify, when appropriate, its statewide assessment policies and practices to enable local school districts and schools to carry out the provisions of the statewide assessment and accountability system required under KRS 158.6453 to improve student achievement in mathematics and reading.

(c) The Kentucky Department of Education shall provide assistance to schools and teachers, including notification and access of appropriate professional development; identification of high-quality instructional materials; identification of developmentally appropriate screening and diagnostic assessments of student progress in mathematics and reading; samples of units of study, annotated student work, and diagnostic instruments; access to research findings; and guidance on parental engagement. The department shall conduct an annual review of its own practices regarding the state grant programs it manages and eliminate activities that are ineffective and inefficient. The department in collaboration with other partners shall implement procedures to train classroom coaches and mentors to help teachers with reading and mathematics instruction.

(d) Colleges and universities shall assess on an ongoing basis the appropriateness of its content requirements for teachers preparing to teach at all grade levels to ensure that all teachers, and specifically those that are preparing to teach reading and mathematics, are equipped to assist students in these areas. The colleges and universities shall work through P-16 councils or utilize other mechanisms to ensure alignment of P-16 curriculum. Colleges and universities shall take an active role in the development of appropriate continuing education for teachers in reading and mathematics. Colleges and universities are encouraged to conduct research related to diagnostic and intervention programs for reading and mathematics and to disseminate the information to classroom teachers. The Council on Postsecondary Education and the Education Professional Standards Board shall provide guidance and oversight to the requirements in this paragraph or may request that a statewide P-16 council advise them on the matter.

(e) In addition to responsibilities under KRS 158.649(5), each school council, or if there is no school council the principal, shall institute procedures whereby a review of the academic progress of each student who performed below proficiency in reading and mathematics the previous year on state assessments administered under KRS 158.6453 is conducted. A review may include but is not limited to formal diagnostic assessments, teacher observations and evaluations, and other measures of continuous assessment. As a result of the review of a student's academic progress, the appropriate teachers and staff shall design individual intervention strategies

and modifications to instructional practices, which may include but are not limited to: specialized, intensive instruction on an individual basis or in small groups; and tutoring during the regular school day, or outside the regular school day, week, or school year.

(f) If the teachers and staff determine that a student needs intervention services outside the regular school day, week, or school year, the parents, guardian, or custodian shall be informed and an individual intervention plan completed to describe the interventions and timelines. A student whose parents, guardian, or custodian formally agrees to an intervention plan of continuing education for the student outside the regular school day, week, or school year shall be responsible for ensuring that the student is in regular attendance during the intervention period. The student shall be subject to the compulsory school attendance requirements under KRS 159.010. The parents, guardian, or custodian of a student who violates regular attendance under provisions of an intervention plan shall be subject to KRS 159.180.

(g) Local school boards and the superintendent shall provide local resources, whenever possible, to supplement or match state and federal resources to support teachers, school administrators, and school councils in helping students achieve proficiency in reading and mathematics.

The Committee Substitute to **HB 193** is as follows:

HB 193, AN ACT relating to improving student achievement.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 158 IS CREATED TO READ AS FOLLOWS:

(1) The General Assembly hereby finds that reading and mathematics proficiency are gateway skills necessary for all Kentucky students to achieve the academic goals established in KRS 158.6451. It is the General Assembly's intent that:

(a) All students demonstrate proficiency in reading and mathematics as they complete each assessment level required by the Kentucky Board of Education for the state assessment program established under KRS 158.6453 and in compliance with the requirements of the federal "No Child Left Behind Act of 2001", 20 U.S.C. 6301 et seq.; and

(b) Students who are not at the proficient level on statewide assessments be provided research-based and developmentally appropriate diagnostic and intervention services, and instructional modifications necessary to learn.

The General Assembly, the Kentucky Board of Education, the Kentucky Department of Education, the Council on Postsecondary Education, colleges and universities, local boards of education, school administrators, school councils, teachers, parents, and other educational entities, such as the Education Professional Standards Board, P-16 councils, the Collaborative Center for Literacy Development, and the Center for Middle School Achievement must collaborate if the intentions specified in this subsection are to be met. Intensive focus on student achievement in reading and mathematics does not negate the responsibility of any entity to help students obtain proficiency in other core curriculum content areas.

(2) The General Assembly's role is to set policies that address the achievement levels of all students and provide resources for the professional growth of teachers and administrators, assessing students' academic achievement, including diagnostic assessment and instructional interventions, technology innovations, targeted reading and mathematics statewide initiatives, research and the distribution of research findings, services for students beyond the regular school day, and other services needed to help struggling learners.

(3) The Kentucky Board of Education shall regularly review and modify, when appropriate, its statewide assessment policies and practices to enable local school districts and schools to carry out the provisions of the statewide assessment and accountability system, required under KRS 158.6453 to improve student achievement in mathematics and reading.

(4) The Kentucky Department of Education shall:

(a) Provide assistance to schools and teachers including publicizing professional development opportunities, the availability of high quality instructional materials, and developmentally appropriate screening and diagnostic assessments of student progress in mathematics and reading. The department shall provide access to samples of units of study, annotated student work, diagnostic instruments, and research findings, and give guidance on parental engagement.

(b) Conduct an annual review of the state grant programs it manages and make recommendations, when needed, to the Interim Joint Committee on Education for changes to statutory requirements that are necessary to gain a greater return on investment.

(c) Provide administrative support and oversight to programs to train classroom coaches and mentors to help teachers with reading and mathematics instruction.

(5) The Council on Postsecondary Education, in cooperation with the Education Professional Standards Board, shall exercise its duties and functions under KRS 164.020 to ensure that teacher education programs are fulfilling the needs of Kentucky for highly skilled teachers. The council shall coordinate the federal and state grant programs it

administers with other statewide initiatives relating to improving student achievement in reading and mathematics to avoid duplication of effort and to make efficient use of resources.

(6) Colleges and universities shall:

(a) Utilize institution-wide resources to work with elementary and secondary educators and other entities to align curriculum content to ensure that students who achieve proficiency on standards established at the prekindergarten through secondary levels will require no remediation to successfully enter a postsecondary education program;

(b) Provide quality undergraduate teacher preparation programs to ensure that those preparing to teach reading or mathematics at all grade levels have the necessary content knowledge, assessment and diagnostic skills, and teaching methodologies;

(c) Deliver appropriate continuing education for teachers in reading and mathematics through institutes, graduate level courses, and other professional development activities that support a statewide agenda for improving student achievement in reading and mathematics;

(d) Conduct or assist with research on best practices in assessment, intervention strategies, teaching methodologies, costs and effectiveness of instructional models, and other factors as appropriate to reading and mathematics;

(e) Provide staff to observe, consult, and provide technical assistance to teachers, staff, and administrators at elementary, middle, and secondary school sites; and

(f) Assume active roles in the statewide initiatives referenced in Sections 2 and 4 of this Act.

(7) (a) In addition to responsibilities under KRS 158.649(5), each school council or if there is no school council, the principal, shall adopt a policy to set forth the procedures for a review of the academic progress of each student who performed below proficiency in reading and mathematics the previous year on state assessments administered under KRS 158.6453 and in compliance with the federal "No Child Left Behind Act of 2001", 20 U.S.C. 6301 et seq.

1. A review may include but not be limited to formal diagnostic assessments, teacher observations and evaluations, and other measures of continuous assessment.

2. As a result of a review of a student's academic progress, the appropriate teachers and staff shall design individual intervention strategies and modifications to instructional practices, which may include but not be limited to specialized, intensive instruction on an individual basis or in small groups; and tutoring during the regular school day, or outside the school day, week, or regular school year. Nothing in this paragraph shall be construed to require a standardized, formal written individual intervention plan for each student scoring below proficiency within a school. The process for designing the individual intervention strategies and modifications to instructional practices for each student shall be determined by the appropriate school personnel.

3. If the teachers and staff determine that a student needs intervention services outside the regular school day, week, or school year, they shall meet with the parents, guardians, or custodians to develop an individual intervention plan that specifies the interventions and timelines for implementation and completion of the plan. It is the intent of the General Assembly that the emphasis be placed on determining and delivering continuous assessment and intervention services rather than on the preparation of a written plan. The written plan shall provide only those details essential to the process. The plan may be incorporated into a student's educational plan if a plan already exists.

4. A student whose parents, guardians, or custodians formally agree to an intervention plan of continuing education for the student outside the regular school day, week, or school year shall be responsible for ensuring that the student is in regular attendance during the intervention period. The student shall be subject to the compulsory school attendance requirements under KRS 159.010. The parents, guardians, or custodians of a student who violates regular attendance under provisions of an intervention plan shall be subject to KRS 159.180.

5. If the parents, guardians, or legal custodians of a student do not agree to continuing education outside the regular school day, week, or regular school year for the student, the teachers and staff shall design alternative instructional modifications and interventions to address the student's needs.

6. If a student has an intervention plan, the plan shall be transferred with the student's records if the student transfers to another school.

(b) School councils at all school levels are encouraged to identify and allocate resources to qualified teachers to become coaches or mentors in mathematics or coaches or mentors in reading with a focus on improving student achievement in their respective schools.

(8) Local school boards and superintendents shall provide local resources, whenever possible, to supplement or match state and federal resources to support teachers, school administrators, and school councils in helping students achieve proficiency in reading and mathematics.

(9) Local school superintendents shall provide leadership and resources to the principals of all schools to facilitate

curriculum alignment, communications, and technical support among schools to ensure that students are academically prepared to move to the next level of schooling.

SECTION 2. A NEW SECTION OF KRS CHAPTER 158 IS CREATED TO READ AS FOLLOWS:

(1) The Committee for Mathematics Achievement is hereby created for the purposes of developing a multi-faceted strategic plan to improve student achievement in mathematics at all levels of schooling, prekindergarten through postsecondary. At a minimum the plan shall address:

Section 2. Whereas a three-judge panel of the United States Court of Appeals for the Sixth Circuit, in the case of Anderson v. Spear, No. 02-5529 (January 16, 2004), has found the 500-foot restriction on electioneering unconstitutional, and an immediate change to the law is necessary to conduct free and equal elections as required by Section 6 of the Kentucky Constitution, ensure the full exercise of the secret ballot as required by Section 147 of the Kentucky Constitution, prevent voter intimidation and harassment, and prevent vote fraud throughout the Commonwealth for upcoming special, primary, and general elections, an emergency is declared to exist, and this Act takes effect upon its passage and approval by the Governor or upon its otherwise becoming a law.

(1) The secretary of the Transportation Cabinet shall cause to be established in the State Treasury a special fund to be known as the intercounty road maintenance fund, to be administered by the secretary. The fund shall be comprised of one-sixth of one percent (1/6%) of all funds arising from the imposition of taxes provided by KRS 138.220, 138.660, and 234.320. Moneys in the fund shall lapse at the end of the fiscal year. Moneys in the fund are hereby appropriated for the purposes provided in this section.

(2) When the secretary determines that a proposed local government plan for the construction, reconstruction, and maintenance of county roads and bridges in counties that have entered into a valid interlocal agreement for the provision of road and bridge construction, reconstruction, and maintenance services across county boundaries would serve the public interest, he or she may use moneys from the intercounty road maintenance fund to aid counties in specific projects of road and bridge construction, reconstruction, and maintenance, provided that counties must provide matching funds for the project. The Transportation Cabinet may grant an amount up to one hundred thousand dollars ($100,000) for any one (1) project, which amount shall not exceed fifty percent (50%) of the cost of the entire project.

(3) In September of each year, the secretary shall determine the amount of funds available for distribution by December 31 of that same year. The secretary may prescribe standards for determining the amounts to be granted for county projects and promulgate any administrative regulations in accordance with the provisions of KRS Chapter 13A as may be necessary to implement the provisions of this section. Funds granted by the cabinet shall be spent by the counties only for road and bridge construction, reconstruction, and maintenance.

Section 3. KRS 65.260 is amended to read as follows:

The Attorney General~~[or the Department for Local Government]~~ shall approve any agreement submitted~~[to them]~~ under this subsection unless *he or she finds*~~[they find]~~ that it does not meet the conditions set forth in KRS 65.210 to 65.300. If the agreement does not meet these conditions, the Attorney General~~[or the Department for Local Government]~~ shall detail in writing, addressed to the governing bodies of the public agencies concerned, the specific respects in which the proposed agreement fails to meet the requirements of law. Failure to disapprove an agreement submitted hereunder within sixty (60) days of its submission shall constitute approval thereof.

(3) *Except as provided in subsections (7) and (8) of this section, every agreement made between cities, counties, charter counties, urban-county governments, consolidated local governments, sheriffs, and special districts upon approval of the fiscal court and pursuant to KRS 65.210 to 65.300 shall, prior to and as a condition precedent to its entry into force, be submitted to the Department for Local Government which shall determine whether the agreement is in proper form and compatible with the laws of the Commonwealth. The Department for Local Government shall approve any agreement submitted to it under this subsection unless it finds that it does not meet the conditions set forth in KRS 65.210 to 65.300. If the agreement does not meet these conditions, the Department for Local Government shall detail in writing, addressed to the governing bodies of the public agencies concerned, the specific respects in which the proposed agreement fails to meet the requirements of law. Failure to disapprove an agreement within sixty (60) days of its submission shall constitute approval of the agreement.*

In counties having a consolidated local government or containing a city of the first class, each sheriff's deputy who uses his own automobile in the performance of official duties shall be authorized an allotment for expenses incurred, up to a maximum of three hundred dollars ($300) per month, to be paid out of the fees and commissions of the sheriff's office. In all other counties with a population of seventy thousand (70,000) or more, the amount, if any, allowed for the necessary office expenses of each officer shall be fixed by the fiscal court by an order entered upon the fiscal court order book no later than January 15 of each year. ***Necessary office expenses for sheriffs and county clerks in counties containing a city of the first class, an urban-county form of government, or a consolidated local government, and counties with a population of seventy thousand (70,000) or more shall include discretionary funds to cover additional expenses related to special training and travel related to homeland security emergencies, academy graduations, retirements, state and national sheriff's conventions, and extraordinary office expenses in amounts not to exceed five thousand dollars ($5000) authorized by the approving authority.*** A certified copy of the orders, and of any subsequent changes made therein, shall, as soon as entered, be forwarded to the Finance and Administration Cabinet.

(3) Each officer shall, on the first day of each month, send to the Finance and Administration Cabinet a statement, subscribed and sworn to by him, showing the amount of money received or collected by or for him the preceding month as fees or compensation for official duties and shall, with these statements, send to the Finance and Administration Cabinet the amount so collected or received. The Finance and Administration Cabinet may extend the time for filing the statement and

making the payment for a period not exceeding ten (10) days in any month.

(4) The salary of each officer and his deputies and assistants and his office expenses shall be paid semimonthly by the State Treasurer upon the warrant of the Finance and Administration Cabinet made payable to the officer. If seventy-five percent (75%) of the amount paid into the State Treasury in any month by any of such officers is not sufficient to pay the salaries and expenses of his office for that month, the deficit may be made up out of the amount paid in any succeeding month; but in no event shall the amount allowed by the Finance and Administration Cabinet to any officer for salaries and expenses exceed seventy-five percent (75%) of the amount paid to the Finance and Administration Cabinet by the officer during his official term.

A certified copy of the orders, and of any subsequent changes made therein, shall, as soon as entered, be forwarded to the Finance and Administration Cabinet.

(6) If a county's population that equaled or exceeded seventy thousand (70,000) is less than seventy thousand (70,000) after the most recent federal decennial census, then the provisions of KRS 64.368 shall apply.

(7) The Office of the Controller shall recognize the amount allowed for necessary office expenses of each officer under subsection (2) of this section as the official budget for the office. The Office of the Controller shall use professional judgment in creating the appropriate fund and account structure to ensure that the offices do not exceed annual approved budgetary amounts or expend more than the resources available for the term of office.

The Committee Amendment No. 1 to **HB 258** is as follows:

(1) The General Assembly finds that certain administrative regulations as evidenced by the records of the Legislative Research Commission, including but not limited to the Kentucky Administrative Regulations Service and the Administrative Register of Kentucky, were found deficient but became effective notwithstanding the finding of deficiency, pursuant to KRS 13A.330(5)(a)2. or 13A.331(5)(a)2., on or after March 27, 2002, and before the effective date of this Act.

(2) Contrary provisions of any section of the Kentucky Revised Statutes notwithstanding, each administrative regulation referenced in subsection (1) of this section shall be null, void and unenforceable as of the effective date of this Act.

(3) Contrary provisions of any section of the Kentucky Revised Statutes notwithstanding, the administrative body shall be prohibited from promulgating an administrative regulation that is identical to, or substantially the same as, any of the administrative regulations referenced in subsection (1) of this section for a period beginning on the effective date of this Act, and concluding on June 1 of the following year.

(4) A list of the administrative regulations referenced in subsection (1) of this section shall be available to the public, in the office of the Legislative Research Commission's regulations compiler.

Section 2. Whereas it is essential for the public and the administrative agencies of state government that the status of previously promulgated administrative regulations be clearly established, so that the regulated activities of citizens and the regulatory actions of agencies can proceed efficiently and within the law, an emergency is declared to exist, and this Act shall take effect upon its passage and approval by the Governor, or upon its otherwise becoming a law.

The Chief Doorkeeper announced the arrival of the Governor of the Commonwealth of Kentucky, The Honorable Ernie Fletcher.

Governor Ernie Fletcher addressed the Joint Session of the General Assembly as follows:

My Fellow Kentuckians, Lt. Governor Steve Pence, President Williams, Speaker Richards, Chief Justice Lambert, Constitutional Officers, members of the General Assembly, and other distinguished guests it is my honor to address you this evening and to present the Administration budget for the next biennium.

Let me first thank my budget director, Brad Cowgill, and his staff for the tireless hours they have worked to prepare this budget for Kentucky.

They are an outstanding group of people who are truly public servants.

In one of our early budget meetings, my Budget Director reported on our fiscal condition.

He stated something like this, "Well, there is still a dim light at the end of the tunnel"

However, he followed that with, "But, if we don't do something immediately we can't afford to pay the light bill."

As you know, we took immediate action to ensure that we not only paid the bill but we brightened our way for the next challenging biennium.

The principles and strategies guiding my recommendations, reflect a singular goal, to increase economic opportunity by making Kentucky competitive:

A Competitive Kentucky that provides a world class education and provides skills and lifelong learning,

That empowers citizens to choose healthy lifestyles,

Where families and government are not overwhelmed with the cost of healthcare,

A Competitive Kentucky that aggressively pursues business and career opportunities.

And makes strategic investments for the future,

And a Competitive Kentucky that doesn't solve its budget problems by overburdening people or businesses with higher taxes.

This budget is conservative, goal-driven and compassionate.

It reflects a lot of tough decisions.

And it calls on each of you and every Kentuckian to make reasonable sacrifices for a better future.

It is a path that will take us together to a place we all want to be.

Our travel along this path will begin on July 1.

Our time here is brief, well maybe with the exception of Rep. Bruce.

But the course we together choose determines the character of the distant future.

Before we chart the biennial course, let us examine the ground on which we stand. and the territory we have come through since the inauguration.

It's now clear that I took the oath of this office just in time for the perfect storm . . . a storm with a $302 million shortfall in the current fiscal year, and a deficit in the next fiscal year predicted to be $710 million.

This meant that within the first eighteen months of this administration we would have to resolve a financial crisis exceeding one billion dollars.

We went to work immediately, realizing that action was urgently required on two fronts:

First, we needed to get current year spending under control to prevent our checks from bouncing and to avoid shutting down operations before the end of this year,

Second, we needed to reduce spending by an additional 2.5% in each cabinet in order to form a temporary savings account of at least $100 million which we could spend in the next year.

I am pleased to report success on both fronts.

On January 5, I signed a budget reduction order bringing spending under control and bringing the current year budget into balance.

This goal has not been achieved entirely by the efforts of the Executive Branch.

I am grateful to Chief Justice Lambert for the spending reductions of nearly $2 million which he has pledged on behalf of the Judicial Branch.

And I am grateful to President Williams and Speaker Richards, for the contribution of over $800,000 from the legislative budget.

To all of you who have given time, energy, encouragement, and even criticism I say thank you.

Working together, we are going to make it.

Our goal of saving at least $100 million before June 30 will be achieved without cutting Medicaid or SEEK funding of local school districts.

And that money will permit our government to avoid the more dramatic cuts next summer which so many Kentuckians have feared.

And it will permit us to examine the budget without reducing spending from its current levels, but as the continuation of a baseline that we have already right-sized to the available revenue.

On July 1, our Commonwealth will not step off into a chasm.

We will step forward on a firm and level spending path.

In recent years we have relied heavily on nonrecurring revenue sources to pay our bills.

We've been spending a lot more than we've been taking in.

Because of the upward trend in government spending, our state has been withdrawing from our savings accounts in large amounts.

They are now depleted, and we must stop this practice.

Eliminating the habit of regularly spending more than we take in and establishing what we call a structural balance is an important goal.

And I am pleased to report that in the second year of this budget, we will eliminate the structural imbalance.

We still spend relatively small amounts from the restricted funds and only amounts that represent new recurring dollars.

The suit we must wear now is smaller.

It may pinch at our sleeves and waistline.

But if we shape up and exercise discipline, become fit and trim, we will show our fitness and be more prepared and more competitive.

When I ran for Governor, I promised to balance our budget without increasing the burden of taxes on hardworking Kentuckians.

I have kept my promise.

I also made a second promise.

That I would manage government aggressively to increase efficiency and add value to government spending

Efficiency and value mean doing the most with the least.

In the private sector, competition demands efficiency.

But efficiency in government is achieved only through self discipline and diligent stewardship.

Even if our government was overflowing with a surplus, it would still be our duty to give the people of Kentucky the best value for every dollar they give us.

Budget cuts can be done quickly, but efficiency takes time.

Time means I need the flexibility that has been given in the past.

Without this flexibility, programs will suffer unnecessarily as our ability to manage and move resources would be restricted.

With this flexibility and your oversight we can make our government more effective and efficient.

For example we are stopping the newspaper clipping service that had been used for years, saving up to $100,000 a year.

If we replaced impact printers with laser printers we could save almost $2 million in local tax billing.

We have 40 different marketing divisions many of which can be merged.

We will look at every area but that takes time.

Together we can stop the wasteful spending, provide better services and make a more welcoming place for those who create jobs.

This budget reflects a streamlined government. It gives us the technology and modern management tools we need so that our government can do more with less.

But, our broader focus is on opportunity, that means careers . . .careers for Kentuckians so they can stay and prosper right here at home.

Building careers builds prosperity. That was the test which every line of this budget had to pass.

We will not overlook the pillars of our great Commonwealth.

But the global economy is changing rapidly.

To prosper we will change with it and we will seize the opportunities of the Knowledge Economy.

To do this, we will recognize our universities and our community colleges as essential economic engines.

They transfer technology from the laboratory to the work place.

They are the incubators of human capital.

And for our colleges and universities to fulfill this role, we must invest in their training, technology transfer and research.

That's why our budget makes the wise investment of expanding research space in both of our major universities.

We are building future careers by our investment in seven Community and Technical Colleges across the state.

We have invested in every regional University in our Commonwealth.

This strategic investment will build careers from the Purchase area to the Big Sandy and from Northern Kentucky to the Cumberland.

We are also investing in a math and science academy to keep the best and brightest minds in Kentucky.

We are in tough times but it is no time for timidity.

We must make these investments now.

Our budget supports a coal bed methane initiative and the advancement of clean coal technology projects, including seed money to position Kentucky to compete for a billion dollar federal pilot plant.

As we advance our knowledge economy we will also invest in our great tourism potential.

We are making significant investments in our state parks and investing in marketing Kentucky to foster a rebirth of tourism and convention business.

We also want our communities to be compassionate and fair and we are helping those families who live in the rumbling flight path of the Louisville International Airport.

And we recognize that no part of this state will be competitive without clean water and an adequate waste water system.

Therefore, we have included money for such projects and instructed that they be chosen based on need and economic development potential.

I have provided over $25 million dollars for economic development to support our New Economy initiatives.

And we will keep our promise to the farming community that half of the tobacco settlement money will be set aside for advancing agriculture.

To accomplish this I will work with Commissioner Ritchie Farmer who cannot be here tonight while he's promoting Kentucky agriculture.

I am also doing everything we can to ensure that we preserve our outstanding military facilities. That's why my budget includes $1.2 million for Kentucky's Base Realignment and Closure efforts.

The average family borrows more than 30% of their income for their homes and cars.

To do the proposed projects, we are borrowing less than past years and obligating only a responsible 6% of revenue for debt service.

To keep a solid low interest bond rating I encourage us not to exceed this level.

And I will not support borrowing to meet our operational expenses.

Delaying these strategic investments will only delay us moving Kentucky forward.

I urge you to join me in support of them.

In addition to these economic opportunity investments, I want to increase student scholarships in accordance with the statutory dedications of Lottery funds.

Beginning in Fiscal Year 2006, our state will dedicate 100% of lottery funds to education investments.

Second, our Adjutant General Storm, which by the way is a most fitting name, is passionate about recruitment and taking care of our troops especially as they are pulled from their homes to protect our freedoms.

To that end he has persuaded me.

We are providing college tuition for those brave men and women of our National Guard.

Third, I have included in the second year $5 million toward ending the funding disparity at our regional universities--without a reduction in any university's operating funds.

Fourth, funds are provided to Kentucky State University for its land grant match with the Federal Government to fund the renovation of Young and Hathaway Halls.

At long last, this brings our Commonwealth to full compliance with the partnership agreement with the Federal Office of Civil Rights.

Fifth, I want to provide our colleges and universities reasonable funding for the operation and repair of existing facilities.

I have studied closely the needs of higher education in Kentucky.

I am convinced that even in tight times these five initiatives will help make Kentucky competitive.

But we'll not be competitive until all have been empowered with the critical thinking and technology skills required in the Knowledge-Based economy.

To impart these skills it is more essential than ever that we retain and attract outstanding teachers in our classrooms.

My goal is to raise the salaries of Kentucky teachers to parity with the average of our neighboring states.

To achieve that goal we must press forward even when times are hard and money is tight.

Therefore, I will insist that we increase the salaries of Kentucky classroom teachers by 1.5% in the first year and 3% in the second year.

Classified employees should be provided compensation increases of the same percentages.

During my campaign, I spoke of the need to get more money into the classroom where the magic of learning occurs.

In the months ahead, we will be suggesting ways to reduce overhead and get more resources into the classroom and to reduce the bureaucracy of the paperwork that teachers face.

An initiative that our first Lady is very passionate about is reading.

We believe, and the statistics prove, that children who cannot read at grade level by the third grade are far more likely to fail in every aspect of life.

I am grateful to Senators Kelly and Westwood and Speaker Richards and Representative Moberly for their leadership on our Read to Achieve initiative.

Over the course of the next two years, I have increased the funding for our "Read to Achieve" initiative by $4 million to address the achievement gap we have in specific counties, in addition to the current funding for reading initiatives across the state.

Additionally, I have made reading a priority in directives for surplus spending.

It is absolutely imperative that we move forward aggressively with this early reading initiative.

Without raising taxes we want to keep our educational gains growing.

To do that we feel it is prudent and appropriate that for one year we ask our local school districts to use their reserve funds held by law in reserve for tough times to help us reach our goal for our teachers.

The current reserves held for such a time as this is over $255 million or about 5 times what the entire state has in reserves.

By comparison, the 1.5% increase in the salaries of teachers and classified personnel will result in an expense of $36 million.

To take us to the next level it is critical that we recognize that the single most important factor in the education of a child is the quality of the teacher in the classroom.

Thus, in the most difficult fiscal year '05 we have authorized local school districts to reduce their reserve requirements to provide for this modest increase in salaries.

For the handful of school districts for whom this would create an extraordinary problem, we have created a supplemental fund.

In the second year, the state will fully fund both the 1.5% increase and the additional 3% increase.

In their evaluation of this proposal, I encourage school administrators to remember this:

We have and will continue to permit no cuts in the state's SEEK funding of public schools.

In fact, I propose to increase the basic SEEK funding in the second year.

Finally, I have also protected Family Youth Service Centers to the greatest extent possible.

We wish we could do even more and we all know that tax modernization will make that possible in the future.

During this last year I committed to other goals as well:

To deliver a dollar's worth of service for every dollar of taxes, to resist pressures to raise taxes,

to make the government accountable to the will of the people, free of improper influences,

to bring efficiency, modern management and high technology to the delivery of essential services.

We are in the process of revising how we review personal services through a system that will focus on maximizing value when services are needed through outsourcing.

Fiscal responsibility involves particularly tough choices in the field of medical care and health insurance because of the exploding costs.

The state government's cost of healthcare benefits for state employees and local school districts, if left unmanaged, will rise at unprecedented rates—35% in the next two years.

That level far exceeds the current financial capacity of our government.

A bold new plan of action is required.

That plan will enable us to empower every participant to make meaningful choices which effect their own health . . .

A new plan with health education programs and healthy lifestyle incentives, exercise programs, obesity, smoking and disease management, and drug cost controls.

A plan with those components will create savings.

In addition, we will make available a larger selection of coverage options to move us toward a more consumer driven healthcare system.

That means we need to include increased personal responsibility in our plans.

In the short run, we must make the employee healthcare plan more similar to employee healthcare programs in the private marketplace.

That means there will be increased cost sharing on everyone's part.

To ensure fairness, we will provide reduced rates to employees at the lowest end of the compensation scale, and to employees who need to enroll family members in the plan.

No employer, who expects to receive the respect and loyalty of employees, should fail to show respect and loyalty to them in return.

Many people predicted that balancing the budget without raising taxes would force us to make drastic cuts in the number of state merit employees.

We have not done that.

But, instead we have given state government employees what we have done for teachers – a 1.5% raise in the first year and 3.0 % raise in the second.

We have also funded the technology government employees need to do their work.

And, we will continue funding the Kentucky Retirement System at its current rate.

For a competitive Kentucky we must also modernize Medicaid.

If Medicaid grows at the current rate and remains unmanaged it will provide neither quality healthcare nor remain sustainable for Kentucky.

To begin that work, I have included money to replace our 20-year-old computer system that is written in COBOL.

Only two living souls in state government possess the ability to maintain this antiquated system. We must upgrade our technology.

The bottom line is that we must establish better care, benefit and cash management of Kentucky's Medicaid program to ensure the best care possible for our patients.

We must remember that quality care is less expensive than poor care.

The goal of this Administration is to maintain and better deliver Medicaid services within the current budget.

We will ensure more education and preventive care.

One-quarter of the Medicaid budget goes toward helping Medicaid patients with diabetes and asthma – this will be eased with education and disease management.

Some patients receive over 160 prescription medications in one month under the current Medicaid system – that is simply bad medicine.

Kentucky's Medicaid patient's annual prescriptions are more than double the national average.

Modernizing Medicaid will bring us in line with the national average.

Opportunity cannot exist without safe homes and communities.

I will maintain among the State police a sworn compliment of officers at the current level.

We will also provide funding to replace the outdated and inadequate facility in which criminal evidence is retained.

We are going to provide budgetary relief to the offices of the Commonwealth's Attorneys and the County Attorneys.

Their work is essential to the law and order of our communities.

Sadly, our Corrections Department is confronted with increased populations creating new budgetary challenges.

We have proposed funding to open the Elliott County prison to provide for additional needed prison capacity.

But we have done so under the plan of outsourcing and privatization to insure that we can sustain its operation.

This will secure jobs for the region while not taking funds from other important programs.

I have also provided funds to open and operate three new juvenile detention centers.

We all know that our state has been ravaged by drugs.

Lieutenant Governor Pence, in his capacity as Secretary of Justice, has undertaken one of the state's most critical missions.

We will be increasing our emphasis on treatment as an important component of a long-term solution.

We will use $24 million in federal funds for treatment programs, and we will be leveraging our treatment efforts by reaching out to appropriate faith-based programs as partners.

We will aggressively pursue federal grants, and we are confident this proactive approach will lead to greater federal support of our public safety programs.

But we have lost federal funding of our drug court program, and I propose that we appropriate, to the Judicial Branch, the funds needed to continue that program.

In fact, I have included in the second year of this budget at the request of Chief Justice Lambert and Senator Stivers sufficient funds to extend the drug court program to 61 new counties.

Now, before I conclude, I am aware that we have made tough decisions that will draw some criticism.

But, let me remind you that our current tax code deters economic development and does not reflect the new, knowledge-based economy.

By modernizing our tax system, we will be able to generate economic growth, expand opportunity and avoid such tough times in the future.

In my life as a doctor I have presented tough choices to troubled families facing the gravest days of their lives.

As a new physician filled with fresh knowledge I remember an early encounter with a patient, I gave him all the diagnostic conclusions, the "what ifs" and my most likely diagnosis.

I recommended a course of treatment.

He replied, "That's all well and good but am I going to make it, am I going to get better?"

I had failed to give him the most comforting salve.

I learned then that a patient needs more than medicine, they need hope.

Tonight I have presented to you my prescription for Kentucky's next two years.

It is more than medicine.

It is hope for Kentucky's future.

Thank you, may God bless you and may God Bless our great Commonwealth.

(b) "A day of parenting time" means that the parent has the responsibility and physical control of the child overnight.

(2) When one parent exercises more than one hundred nine (109) days of parenting time but less than one hundred and

forty-six (146) days of parenting time and that parent is the obligor under a child support award in the case, the court may adjust the presumptive child support award under KRS 403.212 if the court makes written findings as follows:

(a) An adjustment does not result in a child support award that provides insufficient funds to the household receiving support to meet the child's basic needs;

(b) The shared parenting order results in a reduction in the financial expenditures incurred by the obligee parent;

(c) The shared parenting order results in an increase in the financial expenditures incurred by the obligor;

(d) An adjustment in the child support award is in the best interest of the child; and

(e) An adjustment in the presumptive child support award is equitable under all of the facts and circumstances of the case.

(3) When there is a shared parenting order that grants one parent physical custody of a child for at least one-hundred and forty-six (146) days of parenting time, the court shall adjust the presumptive child support award if the court makes written findings as required under subsection (2) of this section.

(4) In a case under this section, the parent who is the obligor shall have the burden to prove by a preponderance of the evidence that all requirements under subsection (2) or (3) of this section are met before the court makes an adjustment to the presumptive child support award for shared parenting time.

(5) An adjustment to a child support award for shared parenting time under this section shall be calculated as follows:

(a) Compute the total child support obligation for the parents' combined incomes as determined under KRS 403.212. Multiply this amount by 1.5;

(b) Multiply each parent's percentage of combined monthly adjusted parental gross income by the result under paragraph (a) of this subsection;

(c) Multiply the results for each parent under paragraph (b) of this subsection by the percentage of days in one (1) year that each parent is granted physical custody of the child;

(d) Subtract the results under paragraph (c) of this subsection for each parent from the results under paragraph (b) of this subsection for each parent;

(e) Subtract the lesser amount calculated under paragraph (d) of this subsection from the greater amount calculated under paragraph (d) of this subsection; and

(f) Require the parent calculated to owe the greater amount under paragraph (d) of this subsection to pay the adjusted child support award amount calculated in paragraph (e) of this subsection to the other parent.

(6) The court shall use the child support worksheet that includes the formula to calculate a child support award adjusted for shared parenting time.

(7) An adjustment to a child support obligation shall not require a parent to pay more than the maximum child support award as determined under KRS 403.212.

(8) If a parent is awarded an adjustment to a child support obligation under this section and that parent does not comply with the shared parenting order, the court may, upon petition of the other parent, recalculate the child support award with no adjustment and award costs and attorneys fees for the recalculation to the appropriate parent.

(2) Application of the Kentucky child support guidelines to the circumstances of the parties at the time of the filing of a motion or petition for modification of the child support order which results in equal to or greater than a fifteen percent (15%) change in the amount of support due per month shall be rebuttably presumed to be a material change in circumstances. Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 117.045 is amended to read as follows:

(1) The county board of elections shall in the manner prescribed by this section, not later than March 20 each year, except in a year in which no primary and regular elections are scheduled, appoint for each precinct in the county two (2) judges, one (1) clerk and one (1) sheriff of election. They shall serve in all elections held in the county during the year, except for minors seventeen (17) years of age who will become eighteen (18) years of age on or before the day of the regular election who may only serve as election officers for the primary and regular elections as provided in subsection (9) of this section. If a special election is ordered to be held in a year in which no elections are scheduled, the county executive committee of each political party in each county in the territory affected by the special election shall, not later than twenty-eight (28) days preceding the date of the special election, submit a written list of nominees for precinct election officers to serve in the special election in a manner consistent with the provisions of subsection (2) of this section. The county board of elections in each county in the territory affected by the special election shall, not later than twenty-one (21) days preceding the date of the special election, appoint precinct election officers to serve in the special election in a manner consistent with the provisions of subsections (4), (5), and (6) of this section. The State Board of Elections shall promulgate an administrative regulation establishing evaluation procedures which county boards of elections may use to qualify persons nominated to serve as precinct election officers.

(2) The county executive committees of the two (2) political parties having representation on the State Board of Elections may, on or before March 15 each year, designate in writing to the county board of elections a list of not less than four (4) names for each precinct; except that, in any precinct where there are not as many as four (4) persons possessing the qualifications of an election officer belonging to the political party filing the list, a lesser number may be designated. If there are two (2) or more contending executive committees of the same party in any county, the one recognized by the written certificate of the chairman of the state central committee of the party shall be the one authorized to submit the lists. The lists shall contain the full name, address, phone number, and Social Security number, if available, of each person listed. The lists shall be accompanied by a signed statement from each person stating that he is willing to serve, has not failed to serve without excuse in the past, and has not been convicted of an election law offense or any felony, unless the person's civil rights have been restored by the Governor. The State Board of Elections shall prescribe by administrative regulation the form of the list.

(3) The Attorney General shall notify each party state central committee of the duties of the party.

(4) If lists are submitted, the county board of elections shall select one (1) judge at each voting place from each political party's list, and the county board shall select the sheriff from one (1) political party's list and the clerk from the other. If no lists are submitted, the two (2) members of the county board of elections who are appointed by the State Board of Elections may submit lists; and the county board shall select the sheriff and one (1) judge from one (1) list and the clerk and the other judge from the remaining list. If no lists are submitted, the county board shall select the sheriff and one (1) judge from the membership of one (1) party and the clerk and the other judge from the membership of the remaining party. The county board shall, when possible, also appoint an adequate number of alternate precinct election officers from names on the lists which were submitted but which were not selected by the county board as precinct election officers. If alternate precinct election officers are not appointed from the lists of nominees who were not selected as precinct election officers, the county board of elections shall submit its method of selecting alternate precinct election officers to the State Board of Elections for its approval.

(5) If, after all reasonable efforts have been made, the county board of elections is unable to find two (2) qualified officers for each precinct who are affiliated with the two (2) political parties having representation on the State Board of Elections, the county board shall submit a list of emergency election officer appointments to the State Board of Elections. The county board shall also present, in writing, its efforts to recruit and appoint election officers as prescribed in subsection (4) of this section. The list of emergency appointments may include qualified voters not affiliated with the two (2) parties represented on the state board. The state board, after its review, may approve any or all of the emergency appointments submitted by the county board or may direct the county board to take other action. Any emergency appointment shall be made for the next ensuing election only.

(6) In addition to precinct election officers appointed under subsection (1) of this section, a county board of elections may appoint up to two (2) additional precinct election officers per precinct with the approval of the State Board of Elections. The state board shall promulgate an administrative regulation establishing conditions under which additional precinct officers may be approved.

(7) The county board of elections shall, within ten (10) days before the next ensuing election, give each election officer written notice of his appointment. The board may direct the sheriff of the county to serve the notice of appointment, if it deems the action is necessary.

(8) The State Board of Elections may require the county board of elections to submit its list of precinct officers for review. The State Board of Elections may, after a hearing, direct the removal of any election officer who the board finds would not fairly administer the state election laws. The state board shall replace any officer so removed. The board shall provide for the method and manner of the hearing by administrative regulation.

(9) An election officer shall be a qualified voter of the precinct; except that, where no qualified voter of the required political party is available within the precinct, the election officer shall be a qualified voter of the county. A minor seventeen (17) years of age who will become eighteen (18) years of age on or before the day of the regular election may serve as an election officer for the primary and regular elections in which he or she is qualified to vote; however, no precinct shall

have more than one (1) person serving as an election officer who is a minor seventeen (17) years of age. An election officer shall not be a candidate or the spouse, parent, brother, sister, or child of a candidate who is to be voted for at the election. An election officer shall not have changed his voter registration party affiliation for one (1) year prior to his appointment. An election officer may be removed, for cause, at any time up to five (5) days before an election. Vacancies shall be filled by the county board with alternate precinct election officers and the person appointed to fill the vacancy shall be of the same political party as the vacating officer, except for emergency appointments made as provided in subsection (5) of this section.

(10) If the county board of elections fails to appoint election officers, or if any officer is not present at the precinct at the time for commencing the election, or refuses to act, and if no alternate is available, the officer in attendance representing the political party of the absentee shall appoint a suitable person to act in his place for that election. If both representatives of the same political party are absent, qualified voters present affiliating with that party shall elect, viva voce, suitable persons to act in their places.

(11) Each election officer shall be paid a minimum of ***one hundred***[~~sixty~~] dollars ***($100)***[~~($60)~~] per election day served, and such an additional amount as compensation as may be determined by the county board of elections, with the approval of the governing body which would be responsible for funding the election officers' pay, for each election in which the election officer serves, to be paid by the county. HB 209, AN ACT relating to election officers.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 117.045 is amended to read as follows:

(1) The county board of elections shall in the manner prescribed by this section, not later than March 20 each year, except in a year in which no primary and regular elections are scheduled, appoint for each precinct in the county two (2) judges, one (1) clerk and one (1) sheriff of election. They shall serve in all elections held in the county during the year, except for minors seventeen (17) years of age who will become eighteen (18) years of age on or before the day of the regular election who may only serve as election officers for the primary and regular elections as provided in subsection (9) of this section. If a special election is ordered to be held in a year in which no elections are scheduled, the county executive committee of each political party in each county in the territory affected by the special election shall, not later than twenty-eight (28) days preceding the date of the special election, submit a written list of nominees for precinct election officers to serve in the special election in a manner consistent with the provisions of subsection (2) of this section. The county board of elections in each county in the territory affected by the special election shall, not later than twenty-one (21) days preceding the date of the special election, appoint precinct election officers to serve in the special election in a manner consistent with the provisions of subsections (4), (5), and (6) of this section. The State Board of Elections shall promulgate an administrative regulation establishing evaluation procedures which county boards of elections may use to qualify persons nominated to serve as precinct election officers.

(2) The county executive committees of the two (2) political parties having representation on the State Board of Elections may, on or before March 15 each year, designate in writing to the county board of elections a list of not less than four (4) names for each precinct; except that, in any precinct where there are not as many as four (4) persons possessing the qualifications of an election officer belonging to the political party filing the list, a lesser number may be designated. If there are two (2) or more contending executive committees of the same party in any county, the one recognized by the written certificate of the chairman of the state central committee of the party shall be the one authorized to submit the lists. The lists shall contain the full name, address, phone number, and Social Security number, if available, of each person listed. The lists shall be accompanied by a signed statement from each person stating that he is willing to serve, has not failed to serve without excuse in the past, and has not been convicted of an election law offense or any felony, unless the person's civil rights have been restored by the Governor. The State Board of Elections shall prescribe by administrative regulation the form of the list.

(3) The Attorney General shall notify each party state central committee of the duties of the party.

(4) If lists are submitted, the county board of elections shall select one (1) judge at each voting place from each political party's list, and the county board shall select the sheriff from one (1) political party's list and the clerk from the other. If no lists are submitted, the two (2) members of the county board of elections who are appointed by the State Board of Elections may submit lists; and the county board shall select the sheriff and one (1) judge from one (1) list and the clerk and the other judge from the remaining list. If no lists are submitted, the county board shall select the sheriff and one (1) judge from the membership of one (1) party and the clerk and the other judge from the membership of the remaining party. The county board shall, when possible, also appoint an adequate number of alternate precinct election officers from names on the lists which were submitted but which were not selected by the county board as precinct election officers. If alternate precinct election officers are not appointed from the lists of nominees who were not selected as precinct election officers, the county board of elections shall submit its method of selecting alternate precinct election officers to the State Board of Elections for its approval.

(5) If, after all reasonable efforts have been made, the county board of elections is unable to find two (2) qualified officers for each precinct who are affiliated with the two (2) political parties having representation on the State Board of Elections, the county board shall submit a list of emergency election officer appointments to the State Board of Elections. The county board shall also present, in writing, its efforts to recruit and appoint election officers as prescribed in subsection (4) of this section. The list of emergency appointments may include qualified voters not affiliated with the two (2) parties represented on the state board. The state board, after its review, may approve any or all of the emergency appointments submitted by the county board or may direct the county board to take other action. Any emergency appointment shall be made for the next ensuing election only.

(6) In addition to precinct election officers appointed under subsection (1) of this section, a county board of elections may appoint up to two (2) additional precinct election officers per precinct with the approval of the State Board of Elections. The state board shall promulgate an administrative regulation establishing conditions under which additional precinct officers may be approved.

(7) The county board of elections shall, within ten (10) days before the next ensuing election, give each election officer written notice of his appointment. The board may direct the sheriff of the county to serve the notice of appointment, if it deems the action is necessary.

(8) The State Board of Elections may require the county board of elections to submit its list of precinct officers for review. The State Board of Elections may, after a hearing, direct the removal of any election officer who the board finds would not fairly administer the state election laws. The state board shall replace any officer so removed. The board shall provide for the method and manner of the hearing by administrative regulation.

(9) An election officer shall be a qualified voter of the precinct; except that, where no qualified voter of the required political party is available within the precinct, the election officer shall be a qualified voter of the county. A minor seventeen (17) years of age who will become eighteen (18) years of age on or before the day of the regular election may serve as an

election officer for the primary and regular elections in which he or she is qualified to vote; however, no precinct shall have more than one (1) person serving as an election officer who is a minor seventeen (17) years of age. An election officer shall not be a candidate or the spouse, parent, brother, sister, or child of a candidate who is to be voted for at the election. An election officer shall not have changed his voter registration party affiliation for one (1) year prior to his appointment. An election officer may be removed, for cause, at any time up to five (5) days before an election. Vacancies shall be filled by the county board with alternate precinct election officers and the person appointed to fill the vacancy shall be of the same political party as the vacating officer, except for emergency appointments made as provided in subsection (5) of this section.

(10) If the county board of elections fails to appoint election officers, or if any officer is not present at the precinct at the time for commencing the election, or refuses to act, and if no alternate is available, the officer in attendance representing the political party of the absentee shall appoint a suitable person to act in his place for that election. If both representatives of the same political party are absent, qualified voters present affiliating with that party shall elect, viva voce, suitable persons to act in their places.

(11) Each election officer shall be paid a minimum of ***one hundred***[~~sixty~~] dollars ***($100)***[~~($60)~~] per election day served, and such an additional amount as compensation as may be determined by the county board of elections, with the approval of the governing body which would be responsible for funding the election officers' pay, for each election in which the election officer serves, to be paid by the county. For delivering the election packets to the polls, the precinct election officers shall receive in addition[~~ the mileage reimbursement provided for state employees, for each mile necessarily traveled in the delivery of the packets to the polls, or~~] a flat fee ***of ten dollars ($10)***[~~if the fee equals or exceeds that amount~~]. SECTION 10. A NEW SECTION OF KRS 365.800 TO 365.840 IS CREATED TO READ AS FOLLOWS:

As used in this subsection, "good cause" means the failure by a retailer to comply with requirements imposed upon the retailer by the retail agreement contract if the requirements are not different from those imposed on other retailers similarly situated in this state. In addition, good cause exists if:

(a) There has been a closeout or sale of a substantial part of the retailer's assets related to the equipment business, or there has been a commencement of a dissolution or liquidation of the retailer;

(b) The retailer has changed its principal place of business or added additional locations without prior approval of the supplier, which shall not be unreasonably withheld;

(c) The retailer has substantially defaulted under a chattel mortgage or other security agreement between the retailer and the supplier, or there has been a revocation or discontinuance of a guarantee of a present or future obligation of the retailer to the supplier;

(d) The retailer has failed to operate in the normal course of business for seven (7) consecutive days or has otherwise abandoned the business;

(e) The retailer has pleaded guilty to or has been convicted of a felony affecting the relationship between the retailer and supplier; or

(f) The retailer transfers an interest in the dealership; or a person with a substantial interest in the ownership or control of the dealership, including an individual proprietor, partner, or major shareholder, withdraws from the dealership or dies; or a substantial reduction occurs in the interest of an individual proprietor, partner, or major shareholder in the dealership. Good cause does not exist if the supplier consents to an action described in this subsection.

(2) No supplier, directly or through an officer, agent, or employee, shall terminate or substantially change the competitive circumstances of a retail agreement contract based on high unemployment in the dealership market area, a labor dispute, the results of a natural disaster, including a sustained drought, or other circumstances beyond the retailer's control.

(3) Except as provided in subsection (1) of this section, a supplier shall provide a retailer with at least ninety (90) days written notice of termination of a retail agreement contract and a sixty (60) day written notice to cure the deficiency. If the deficiency is cured within the sixty (60) day allotted time, the notice is void. In the case where termination is enacted due to market penetration, a reasonable period of time, not less than one (1) year, shall have existed where the supplier has worked with the retailer to gain the desired market share. The notice shall state all reasons constituting good cause for action.

SECTION 11. A NEW SECTION OF KRS 365.800 TO 365.840 IS CREATED TO READ AS FOLLOWS:

No supplier shall:

(1) Coerce any retailer to accept delivery of inventory which the retailer has not ordered voluntarily, except as required by any applicable law, or unless parts or attachments are safety parts or attachments required by a supplier;

(2) Condition the sale of additional inventory to a retailer on a requirement that the retailer also purchase other goods or services, except that a supplier may require the retailer to purchase those parts reasonably necessary to maintain the quality of operation of the inventory used in the retailer's designated trade area; or

SECTION 12. A NEW SECTION OF KRS 365.800 TO 365.840 IS CREATED TO READ AS FOLLOWS:

If any claim is disapproved, the supplier shall notify the retailer within thirty (30) days stating the specific grounds upon which the disapproval is based. If a claim is not specifically disapproved within thirty (30) days of receipt, it shall be deemed approved and payment by the supplier shall be within thirty (30) days.

(2) If, after termination of a retail agreement contract, a retailer submits a claim to the supplier for warranty work performed prior to the effective date of the termination, the supplier shall accept or reject the claim within thirty (30)

days of receipt. All claims for payment shall be paid within thirty (30) days of their acceptance. If any claim is rejected, the supplier shall notify the retailer within thirty (30) days stating the specific grounds upon which the rejection is based. If a claim is not specifically rejected within thirty (30) days of receipt, it shall be deemed accepted and payment by the supplier shall be within thirty (30) days.

(3) Warranty work performed by a retailer shall be compensated in accordance with the reasonable and customary amount of time required to complete the work, expressed in hours and fractions of hours, multiplied by the retailer's established customer hourly retail labor rate, which shall have previously been made known to the supplier.

(4) Expenses expressly excluded under the supplier's warranty to the customer shall not be included nor required to be paid on requests for compensation from a retailer for warranty work performed.

(5) Expenses for all parts used by a retailer in performing warranty work shall be paid to the retailer in the amount equal to the retailer's net price for parts used, plus a minimum of fifteen percent (15%). The percentage additive is to reimburse the retailer for reasonable costs of doing business in performing warranty service on the supplier's behalf, including, but not limited to, freight and handling costs incurred.

(6) The supplier has the right to adjust for errors discovered during audit, and if necessary, to adjust claims paid in error.

(7) A retailer may accept the manufacturer's reimbursement terms and conditions in lieu of the other provisions provided by this section.

(1) No supplier, directly or through an officer, agent, or employee, shall terminate or substantially change the competitive circumstances of a retail agreement contract without good cause. As used in this subsection, "good cause" means the

failure by a retailer to comply with requirements imposed upon the retailer by the retail agreement contract if the requirements are not different from those imposed on other retailers similarly situated in this state. In addition, good cause exists if:

(a) There has been a closeout or sale of a substantial part of the retailer's assets related to the equipment business, or there has been a commencement of a dissolution or liquidation of the retailer;

(b) The retailer has changed its principal place of business or added additional locations without prior approval of the supplier, which shall not be unreasonably withheld;

(c) The retailer has substantially defaulted under a chattel mortgage or other security agreement between the retailer and the supplier, or there has been a revocation or discontinuance of a guarantee of a present or future obligation of the retailer to the supplier;

(d) The retailer has failed to operate in the normal course of business for seven (7) consecutive days or has otherwise abandoned the business;

(e) The retailer has pleaded guilty to or has been convicted of a felony affecting the relationship between the retailer and supplier; or

(f) The retailer transfers an interest in the dealership; or a person with a substantial interest in the ownership or control of the dealership, including an individual proprietor, partner, or major shareholder, withdraws from the dealership or dies; or a substantial reduction occurs in the interest of an individual proprietor, partner, or major shareholder in the dealership. Good cause does not exist if the supplier consents to an action described in this subsection.

(2) No supplier, directly or through an officer, agent, or employee, shall terminate or substantially change the competitive circumstances of a retail agreement contract based on high unemployment in the dealership market area, a labor dispute, the results of a natural disaster, including a sustained drought, or other circumstances beyond the retailer's control.

(3) Except as provided in paragraphs (a) to (f) of subsection (1) of this section, a supplier shall provide a retailer with at least ninety (90) days written notice of termination of a retail agreement contract. The notice shall also contain a sixty (60) day written notice to cure the deficiency. The notice shall not be required if the termination is enacted for reasons included in paragraphs (a) to (f) of subsection (1) of this section. The notice shall state all reasons constituting good cause for action. In the case where termination is enacted due to market penetration, a reasonable period of time, not less than one (1) year, shall have existed where the supplier has worked with the retailer to gain the desired market share.

SECTION 11. A NEW SECTION OF KRS 365.800 TO 365.840 IS CREATED TO READ AS FOLLOWS:

No supplier shall:

(1) Coerce any retailer to accept delivery of inventory which the retailer has not ordered voluntarily, except as required by any applicable law, or unless parts or attachments are safety parts or attachments required by a supplier;

(2) Condition the sale of additional inventory to a retailer on a requirement that the retailer also purchase other goods or services, except that a supplier may require the retailer to purchase those parts reasonably necessary to maintain the quality of operation of the inventory used in the retailer's designated trade area; or

(3) Coerce a retailer into refusing to purchase inventory manufactured by another supplier.

SECTION 12. A NEW SECTION OF KRS 365.800 TO 365.840 IS CREATED TO READ AS FOLLOWS:

(1) Claims filed by a retailer for payment under warranty agreements shall be approved or disapproved within thirty (30) days of receipt by the supplier. All claims for payment shall be paid within thirty (30) days of their approval. If any claim is disapproved, the supplier shall notify the retailer within thirty (30) days stating the specific grounds upon which the disapproval is based. If a claim is not specifically disapproved within thirty (30) days of receipt, it shall be deemed approved and payment by the supplier shall be within thirty (30) days.

(2) If, after termination of a retail agreement contract, a retailer submits a claim to the supplier for warranty work performed prior to the effective date of the termination, the supplier shall accept or reject the claim within thirty (30) days of receipt. All claims for payment shall be paid within thirty (30) days of their acceptance. If any claim is rejected, the supplier shall notify the retailer within thirty (30) days stating the specific grounds upon which the rejection is based. If a claim is not specifically rejected within thirty (30) days of receipt, it shall be deemed accepted and payment by the supplier shall be within thirty (30) days.

(3) Warranty work performed by a retailer shall be compensated in accordance with the reasonable and customary amount of time required to complete the work, expressed in hours and fractions of hours, multiplied by the retailer's established customer hourly retail labor rate, which shall have previously been made known to the supplier.

(4) Expenses expressly excluded under the supplier's warranty to the customer shall not be included nor required to be paid on requests for compensation from a retailer for warranty work performed.

(5) Expenses for all parts used by a retailer in performing warranty work shall be paid to the retailer in the amount equal to the retailer's net price for parts used, plus a minimum of fifteen percent (15%). The percentage additive is to

reimburse the retailer for reasonable costs of doing business in performing warranty service on the supplier's behalf, including, but not limited to, freight and handling costs incurred.

(6) The supplier has the right to adjust for errors discovered during audit, and if necessary, to adjust claims paid in error.

(7) A retailer may accept the manufacturer's reimbursement terms and conditions in lieu of the other provisions provided by this section.

SECTION 13. A NEW SECTION OF KRS 365.800 TO 365.840 IS CREATED TO READ AS FOLLOWS:

The provisions of KRS 365.800 to 365.840 shall not be waivable in any retail agreement contract, and any attempted waiver shall be void.

Section 14. Whereas the early spring is the most important time for the farming industry and any relief to farm equipment dealers offered by this bill would be negated by a later effective date, an emergency is declared to exist, and this Act takes effect upon its passage and approval by the Governor or upon its otherwise becoming a law.

HB 274, AN ACT relating to the lottery.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 154A IS CREATED TO READ AS FOLLOWS:

(1) As used in this section:

(a) "Game" means the Kentucky veterans' benefit game;

(b) "Trust fund" means the Kentucky veterans' program trust fund created under KRS 40.460; and

(c) "Net revenue" means all proceeds received from the sale of game tickets, less prize payouts, reasonable administrative costs, and fees associated with the game as determined by the corporation.

(2) The corporation shall establish an instant lottery scratch-off game designated as the Kentucky veterans' benefit game. This game shall be available to the public starting January 3, 2005.

(3) All net revenues received from the sale of game tickets shall initially be deposited with the corporation. The corporation shall then transfer to the trust fund on a monthly basis fifty percent (50%) of all net revenues received from the sale of game tickets.

(4) Revenues transferred to the trust fund shall be used exclusively for veterans' programs administered by the Department of Veterans' Affairs.

(5) The corporation shall change the design or theme of the game regularly so that the game remains competitive with the other instant lottery scratch-off games offered by the corporation. Tickets for the game shall clearly state that fifty percent (50%) of net revenues from the game are being used for the benefit of veterans' programs in the Commonwealth of Kentucky.

(6) The corporation shall determine the price of the tickets, determine the payout, and make other administrative decisions regarding the game.

Section 2. KRS 154A.130 is amended to read as follows:

(1) All money received by the corporation from the sale of lottery tickets and all other sources shall be deposited into a corporate operating account. The corporation is authorized to use all money in the corporate operating account for the purposes of paying prizes and the necessary expenses of the corporation and dividends to the state. The corporation shall allocate the amount to be paid by the corporation to prize winners. The amount in the corporate operating account which the corporation anticipates will be available for the payment of prizes on an annuity basis may be invested in direct United States Treasury obligations. These instruments may be in varying maturities with respect to payment of annuities and may be in book-entry form. Monthly, no later than the last business day of the succeeding month, the corporation shall transfer to a lottery trust fund the amount of net revenues which the corporation determines are surplus to its needs. These funds shall be held in trust until 1990 at which time the General Assembly shall determine the manner in which the funds will be allocated and appropriated. The net revenues shall be determined by deducting from gross revenues the payment costs incurred in the operation and administration of the lottery, including the expenses of the corporation and the costs resulting from any contract or contracts entered into for promotional, advertising, or operational services or for the purchase or lease of lottery equipment and materials, fixed capital outlays, and the payment of prizes to the holders of winning tickets. After the start-up costs are paid, it is the intent of the Legislature that it shall be the goal of the corporation to transfer each year thirty-five percent (35%) of gross revenues to the general fund for the purposes stated above.

(2) A Kentucky lottery trust account is established in the State Treasury. Net lottery revenues shall be credited to this restricted account as provided in subsection (1) of this section. Moneys credited to the Kentucky lottery trust account shall be invested by the state in accordance with state investment practices and all earnings from the investments shall accrue to this account. No moneys shall be allotted or expended from this account unless pursuant to an appropriation by the General Assembly, except ***for funds transferred to the Kentucky veterans' program trust fund under Section 1 of this Act, and except*** that moneys as are needed shall be transferred to the general fund pursuant to the provisions of the Acts of the Extraordinary Session of the 1988 General Assembly. Moneys in the Kentucky lottery trust account shall not lapse at the close of the state fiscal year.

(3) Beginning in fiscal year 1999-2000, and each fiscal year thereafter, ***except as otherwise provided in Section 1 of this Act,*** three million dollars ($3,000,000) from net lottery revenues from the sale of lottery tickets shall be credited from the general fund as follows:

(a) To the Collaborative Center for Literacy Development, one million two hundred thousand dollars ($1,200,000) in fiscal year 1999-2000 and each fiscal year thereafter; and

(b) To the early reading incentive fund, one million eight hundred thousand dollars ($1,800,000) in fiscal year 1999-2000 and each fiscal year thereafter.

(4) After the allocation of three million dollars ($3,000,000) to literacy development, as provided in subsection (3) of this section, ***and except as otherwise provided in Section 1 of this Act,*** net lottery revenues from the sale of lottery tickets shall be credited from the general fund as follows:

(a) To the Wallace G. Wilkinson Kentucky educational excellence scholarship trust fund established in KRS 164.7877:

1. Seven million dollars ($7,000,000) in fiscal year 1999-2000;
2. Fifteen percent (15%) in fiscal year 2000-2001;
3. Twenty-five percent (25%) in fiscal year 2001-2002;
4. Thirty-two percent (32%) in fiscal year 2002-2003;
5. Forty percent (40%) in fiscal year 2003-2004; and
6. Forty-five percent (45%) in fiscal year 2004-2005 and each fiscal year thereafter; and

(b) To the College Access Program and the Kentucky Tuition Grants Program established in KRS Chapter 164:

1. Fourteen million dollars ($14,000,000) in fiscal year 1998-1999;
2. Fifteen million dollars ($15,000,000) in fiscal year 1999-2000;
3. Thirty-two percent (32%) in fiscal year 2000-2001 through fiscal year 2002-2003;
4. Forty percent (40%) in fiscal year 2003-2004;
5. Forty-five percent (45%) in fiscal year 2004-2005; and
6. Fifty-five percent (55%) of net lottery revenues in fiscal year 2005-2006 and each fiscal year thereafter.

(5) The Auditor of Public Accounts shall be responsible for a financial postaudit of the books and records of the corporation. The postaudit shall be conducted in accordance with generally accepted accounting principles, shall be paid for by the corporation, and shall be completed within ninety (90) days of the close of the corporation's fiscal year. The Auditor of Public Accounts shall contract with an independent, certified public accountant who meets the qualifications existing to do business within the Commonwealth of Kentucky to perform the corporation postaudit. The Auditor of Public Accounts shall remain responsible for the annual postaudit and the corporation shall pay all audit costs. The Auditor of Public Accounts may at any time conduct additional audits, including performance audits, of the corporation as he deems necessary or desirable. Contracts shall be entered into for audit services for a period not to exceed five (5) years and the same firm shall not receive two (2) consecutive audit contracts. All audits shall be filed with the Governor, the President of the Senate, and the Speaker of the House of Representatives. The corporation shall reimburse the Auditor of Public Accounts for the reasonable costs of any audits performed by him. The corporation shall cooperate with the Auditor of Public Accounts by giving employees designated by any of them access to facilities of the corporation for the purpose of efficient compliance with their respective responsibilities. With respect to any reimbursement that the corporation is required to pay to any agency, the corporation shall enter into an agreement with that agency under which the corporation shall pay to the agency an amount reasonably anticipated to cover the reimbursable expenses in advance of the expenses being incurred.

(6) By no later than December 31 of each year, in an advertisement at least one-fourth (1/4) of a page in size, the Kentucky Lottery Corporation shall publish the following information in every general-circulation daily newspaper published in Kentucky:

(a) The statements of revenue, expenses, and changes in retained earnings as shown in the most recent annual audit report. It shall be explained that the transfer of dividends is the amount of lottery earnings transferred to the general fund;

(b) A statement identifying the auditing firm;

(c) A telephone number which citizens may call to obtain a complete copy of the annual audit report; and

(d) The name of the president/chief executive officer of the Kentucky Lottery Corporation and a complete list of board members.

The Kentucky Lottery Corporation shall pay for the cost of the advertisement.

Section 3. KRS 154A.020 is amended to read as follows:

(1) There is hereby created and established a state lottery which shall be administered by an independent, de jure municipal corporation and political subdivision of the Commonwealth of Kentucky which shall be a public body corporate and politic to be known as the Kentucky Lottery Corporation. The corporation shall be deemed a public agency within the meaning of KRS 61.805 and 61.870. This corporation shall be managed in such a manner that enables the people of the Commonwealth to benefit from its profits and to enjoy the best possible lottery games. The General Assembly hereby recognizes that the operations of a lottery are unique activities for state government and that a corporate structure will best enable the lottery to be managed in an entrepreneurial and business-like manner. ***Except as otherwise provided in Section 1 of this Act,*** it is the intent of the General Assembly that government programs and services shall not be mentioned in advertising or promoting a lottery. It is also the intent of the General Assembly that the Kentucky Lottery Corporation shall be accountable to the Governor, the General Assembly and the people of the Commonwealth through a system of audits, reports and thorough financial disclosure as required by this chapter.

(2) The existence of the corporation shall begin only upon confirmation of the members of the board by the Senate as provided in KRS 154A.030. Until the time of such confirmation, no business shall be conducted on behalf of the lottery.

(3) Notwithstanding any other provision of law to the contrary, no official action of any form shall be taken by the board at any time unless a majority of the members of the board shall have been confirmed by the Senate as provided in KRS 154A.030. Any action taken on behalf of the lottery when less than a majority of the members of the board shall have been confirmed shall be of no effect.

The Committee Substitute to **HB 274** is as follows:

The cabinet shall review the information submitted by the agencies and the Administrative Office of the Courts and shall, within ninety (90) days of receipt of the information, determine whether it would be cost-effective for the cabinet to further pursue collection of the liquidated debts.

HB 289, AN ACT relating to county consolidation.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 67 IS CREATED TO READ AS FOLLOWS:

It is the intent of the General Assembly to encourage county governments to perform at the highest levels of efficiency and economy while providing the highest standards of governmental services possible to their citizens. It is also the belief of the General Assembly that, in order to attain these high standards of efficiency, economy, and service and to ensure the ongoing improvement in the quality of life of all citizens of the Commonwealth, all county governments must be permitted by the action of their fiscal courts or at the request of their citizens to consider consolidation with adjoining counties for these purposes. The General Assembly, in support of those counties that take action to consolidate, further intends to provide financial and technical assistance for those counties through legislative action in order to ease the transitions brought by consolidation.

SECTION 2. A NEW SECTION OF KRS CHAPTER 67 IS CREATED TO READ AS FOLLOWS:

(1) Any two (2) or more adjoining counties may consolidate.

(2) (a) An action to consolidate a county may be initiated by:

1. The adoption of an ordinance by a fiscal court stating the intent of the county to consider consolidation with another county or counties; or

2. The petitioning of the fiscal court by residents who are registered voters within the county.

(b) The number of signatures required for a petition to consolidate shall equal twenty percent (20%) of the total number of persons voting in the last presidential election. All petitions shall be certified as sufficient by the county clerk. All petitions shall include the printed name, address, age, and signature of each registered voter signing the petition, and the date of the signature. The petition shall not be circulated for a period of time exceeding one hundred twenty (120) days. If the petition exceeds the one hundred twenty (120) day time frame it shall become void. Any petition containing irregularities shall be returned to the petitioner, who shall have ten (10) days to correct the irregularities and resubmit the petition to the county judge/executive for final certification.

(c) Upon receipt of a certified petition or the final adoption of an ordinance stating the intent of a county to consolidate with another county or counties, the county judge/executive in the initiating county shall within ten (10) working days notify by certified mail, return receipt requested, the fiscal courts of the adjoining counties proposed for consolidation and shall notify the residents of those counties by legal public notice of the action taken in the initiating county. If no action is taken within one hundred twenty (120) days from the receipt of the certified letter to present a petition or to enact an ordinance in the adjoining counties which are proposed to be consolidated as provided in paragraphs (a) and (b) of this subsection, the actions in the initiating county shall be considered void.

(3) All ordinances relating to county consolidation shall be adopted in accordance with the provisions of KRS 67.076, 67.077, 67.855, 67A.070, and 67C.103. Upon enactment, the ordinances shall be published in accordance with the provisions of KRS Chapter 424.

(4) (a) If, within one hundred twenty (120) days of the public notice in an adjoining county proposed for consolidation, a petition is received or an ordinance is enacted stating the intent of the county to consolidate with a county or counties as provided in subsection (2)(a) and (2)(b) of this section, a special election shall be held within ninety (90) days on the same day within each county, to determine the will of the people in each separate county.

(b) The county judge/executive shall in each county proposed for consolidation deliver a certified copy of the enacted ordinance or the final certified petition to the county clerk of the county in which the election is to be held. The county clerk in each county proposed for consolidation shall prepare the following question to be placed before the voters: "Are you in favor of being consolidated with the county (or counties) of ...., which will form a new county?" The advertisement of the election by the sheriff shall be in accordance with KRS 242.040. The advertisement shall include the date of the election and the question to be voted upon.

(c) If a simple majority of those persons voting in each county vote in favor of the consolidation, the counties shall become consolidated. If less than a simple majority of those persons voting in each county favor the consolidation, then the issue of consolidation will become void for all purposes in each county.

(5) All general costs associated with the conduct of special elections relating to a proposed consolidation of counties shall be paid by the state. The publication costs for legal public notice of the election and the costs for legal public notices in adjoining counties proposed for consolidation as required in subsection (2)(c) of this section shall be considered a general cost of the election, but no other advertising shall be paid for by state funds.

(6) Upon certification of an affirmative action to consolidate counties, no further action shall be made to alter the territory

of the newly consolidated county for a period of ten (10) years.

SECTION 3. A NEW SECTION OF KRS CHAPTER 67 IS CREATED TO READ AS FOLLOWS:

The fiscal court of any new county created by the consolidation of two (2) or more counties shall not take any legal action until the expiration of the current terms of office of all elected county officials holding office when the counties were consolidated and the election and certification of the officials of the newly consolidated county. The officers of the newly consolidated county shall be elected and take office in the same manner and at the same time as other elected county officials.

SECTION 4. A NEW SECTION OF KRS CHAPTER 67 IS CREATED TO READ AS FOLLOWS:

(1) Upon certification of an election to consolidate counties, the county judge/executive of each county shall, within thirty (30) days after the certification, appoint six (6) voters from the county to serve as members of a transition committee for the purpose of dividing the area of the new county into districts for the election of members of the fiscal court for the new county. The appointments for each county shall be made so that they reflect as closely as possible the ratio of each of the two (2) major political parties to the total county population. The committee members representing each county shall begin meeting jointly within fifteen (15) days after their appointment and proceed to divide the area of the new county into not less than three (3) nor more than eight (8) magisterial districts, each to be as nearly equal in area and population as possible. The committee shall also select not fewer than two (2) names nor more than five (5) names for the new county, which shall be submitted to the voters for their selection at the same time as the election for the members of the new fiscal court. The report of the transition committee shall be filed with the county judge/executive of each consolidating county not less than sixty (60) days after the appointment of the members. The members of the transition committee shall select a chairman from among themselves to preside over the meetings of the group.

(2) If, at the expiration of sixty (60) days after the initial meeting of the transition committee, a majority of the members have failed to agree upon the selection of the names for the proposed county or failed to agree upon a plan to divide the new county into magisterial districts, the Governor shall appoint an additional person to act as chairman of the committee. The Governor's appointee shall not vote on any question except in the case of a tie vote, to aid in the selection of the potential new county names, the formation of magisterial districts, or any other relevant issue for the ballot. The report of the committee shall be filed with the county judge/executive of each county not less than thirty (30) days after appointment of the new chairman.

SECTION 5. A NEW SECTION OF KRS CHAPTER 67 IS CREATED TO READ AS FOLLOWS:

(1) All taxes in effect in each county in the fiscal year immediately preceding the beginning of the term of the new fiscal court shall remain in effect until action is taken to change or remove them by the new fiscal court.

(2) The territory formerly embraced within each of the previously existing counties is hereby made into a separate special taxing district for the repayment of financial obligations and debts of the previously existing counties. The new fiscal court has the power to levy and collect taxes in these special taxing districts in addition to its other powers to levy and collect taxes. The separate debt of each special taxing district shall be a first lien on the territory formerly embraced within that previously existing county. The money collected as taxes for each of the special taxing districts shall be kept separate and shall first be used as payment of the debts of the previously existing county that formerly embraced the territory of that specific taxing district. The special taxing district shall cease to exist upon repayment of all debts and financial obligations of the previously existing county.

(3) Any surplus funds in existence in a county on the date of a consolidation shall be spent in the territory of the previously existing county in which the surplus funds were raised. (1) (a) There is hereby established a dependent coverage contribution fund which shall consist of amounts remaining in flexible spending accounts of state employees and school board employees at the end of a plan year after all reimbursements have been processed; unexpended agency funds at the end of the fiscal year which were budgeted for the purpose of providing health insurance for employees under KRS 18A.225; and other amounts designated or appropriated by the General Assembly.

(b) All moneys in the fund shall not lapse but shall be deemed trust and agency funds, including interest thereon. Any amount not expended in a plan year shall be carried over for providing a monthly contribution for dependent coverage in the following plan year.

(2) The fund shall be maintained by the Finance and Administration Cabinet solely for the purpose of providing a monthly contribution to reduce the cost of dependent coverage for persons regularly employed by any department, board, agency, branch of state government, or local school district that receives a state appropriation for the employer's contribution for active employees' health insurance.

(3) The secretary of the Finance and Administration Cabinet shall determine the total amount in the fund following the end of the fiscal year. Prior to the annual open enrollment period for insurance, the secretary of the Finance and Administration Cabinet, in consultation with the secretary of the Personnel Cabinet, shall determine if sufficient funds exist to provide a state contribution for dependent coverage for the following plan year and the amount of the contribution.

(4) Once each quarter following the annual open enrollment, the Finance and Administration Cabinet shall allocate the amount needed to pay the state contribution for dependent coverage to the agencies or employers responsible for paying health insurance premiums to the insurance carriers. Allocations for local school districts shall be transferred to the Department of Education which shall forward the funds to the school districts.

(5) The amounts transferred to the fund each year, the total amount in the fund, the amount of the state contribution for dependent coverage, the number of employees receiving the state contribution, and recommendations concerning administration of the fund shall be included in the annual report of the Kentucky Group Health Insurance Board.

With the exception of employers governed by the provisions of KRS Chapters 16, 18A, and 151B, all employers of any class of employees or former employees shall enter into a contract with the Personnel Cabinet prior to including that group in the state health insurance group. The contracts shall include but not be limited to designating the entity responsible for filing any federal forms, adoption of policies required for proper plan administration, acceptance of the contractual provisions with health insurance carriers or third-party administrators, and adoption of the payment and reimbursement methods necessary for efficient administration of the health insurance program. Health insurance coverage provided to state employees under this section shall, at a minimum, contain the same benefits as provided under Kentucky Kare Standard as of January 1, 1994, and shall include a mail-order drug option as provided in subsection (14) of this section. All employees and other persons for whom the health care coverage is provided or made available shall annually be given an option to elect health care coverage through a self-funded plan offered by the Commonwealth or, if a self-funded plan is not available, from a list of coverage options determined by the competitive bid process under the provisions of KRS 45A.080, 45A.085, and 45A.090 and made available during annual open enrollment.

Except as provided in subsection (19) of this section, any carrier bidding to offer health care coverage to employees shall also agree to rate all employees as a single entity, except for those retirees whose former employers insure their active employees outside the state-sponsored health insurance program.

(d) Any carrier bidding to offer health care coverage to employees shall agree to provide enrollment, claims, and utilization data to the Commonwealth in a format specified by the Personnel Cabinet with the understanding that the data shall be owned by the Commonwealth; to provide data in an electronic form and within a time frame specified by the Personnel Cabinet; and to be subject to penalties for noncompliance with data reporting requirements as specified by the Personnel Cabinet. The Personnel Cabinet shall take strict precautions to protect the confidentiality of each individual employee; however, confidentiality assertions shall not relieve a carrier from the requirement of providing stipulated data to the Commonwealth.

(e) The Personnel Cabinet shall develop the necessary techniques and capabilities for timely analysis of data received from carriers and, to the extent possible, provide in the request-for-proposal specifics relating to data requirements, electronic reporting, and penalties for noncompliance. The Commonwealth shall own the enrollment, claims, and utilization data provided by each carrier and shall develop methods to protect the confidentiality of the individual. The Personnel Cabinet shall include in the October annual report submitted pursuant to the provisions of KRS 18A.226 to the Governor, the General Assembly, and the Chief Justice of the Supreme Court, an analysis of the financial stability of the program, which shall include but not be limited to loss ratios, methods of risk adjustment, measurements of carrier quality of service, prescription coverage and cost management, and statutorily required mandates. If state self-insurance was available as a carrier option, the report also shall provide a detailed financial analysis of the self-insurance fund including, but not limited to, loss ratios, reserves, and reinsurance agreements.

(f) If any agency participating in the state-sponsored employee health insurance program for its active employees terminates participation and there is a state appropriation for the employer's contribution for active employees' health insurance coverage, then neither the agency nor the employees shall receive the state-funded contribution after termination from the state-sponsored employee health insurance program.

(g) Any funds in flexible spending accounts that remain after all reimbursements have been processed shall be transferred to the credit of the ***dependent coverage contribution fund created under Section 1 of this Act***[~~state-sponsored health insurance plan's appropriation account~~].

(h) Each entity participating in the state-sponsored health insurance program shall provide an amount at least equal to the state contribution rate for the employer portion of the health insurance premium. For any participating entity that used the state payroll system, the employer contribution amount shall be equal to but not greater than the state contribution rate.

(3) The secretary of the Finance and Administration Cabinet, upon the recommendation of the secretary of the Personnel Cabinet, may procure from one (1) or more dental insurance companies, one (1) or more nonprofit hospital, medical-surgical, dental, and health service corporations organized under Subtitle 32 of KRS Chapter 304, or one (1) or more prepaid dental plan organizations organized under Subtitle 43 of KRS Chapter 304, a policy or policies of group dental insurance or prepaid dental plan coverage encompassing all or any class or classes of employees. All employees for whom the dental insurance or prepaid dental plan coverage is provided shall annually be given an option to elect either standard dental insurance coverage or coverage by a prepaid dental plan. The policy or policies shall be approved by the commissioner of insurance and may contain the provisions he approves, whether or not otherwise permitted by the insurance laws. It is intended that either dental insurance or prepaid dental plan coverage may be made available for employees, except that the procuring of each is permissive.

(4) The premiums may be paid by the policyholder:

(a) Wholly from funds contributed by the employee, by payroll deduction or otherwise;

(b) Wholly from funds contributed by any department, board, agency, public postsecondary education institution, or branch of state, city, urban-county, charter county, county, or consolidated local government; or

(c) Partly from each, except that any premium due for health care coverage or dental coverage, if any, in excess of the premium amount contributed by any department, board, agency, postsecondary education institution, or branch of state, city, urban-county, charter county, county, or consolidated local government for any other health care coverage shall be paid by the employee.

(5) If an employee moves his place of residence or employment out of the service area of a managed health care plan or of a prepaid dental plan, under which he has elected coverage, into either the service area of another managed health care plan or prepaid dental plan or into an area of the Commonwealth not within a managed health care plan service area or prepaid dental plan service area, the employee shall be given an option, at the time of the move or transfer, to change his or her coverage to another health care plan or dental plan.

(6) No payment of premium by any department, board, agency, public postsecondary educational institution, or branch of state, city, urban-county, charter county, county, or consolidated local government shall constitute compensation to an insured employee for the purposes of any statute fixing or limiting the compensation of such an employee. Any premium or other expense incurred by any department, board, agency, public postsecondary educational institution, or branch of state, city, urban-county, charter county, county, or consolidated local government shall be considered a proper cost of administration.

(7) The policy or policies may contain the provisions with respect to the class or classes of employees covered, amounts of insurance or coverage for designated classes or groups of employees, policy options, terms of eligibility, and continuation of insurance or coverage after retirement.

(8) Group rates under this section shall be made available to the disabled child of an employee regardless of the child's age if the entire premium for the disabled child's coverage is paid by the state employee. A child shall be considered disabled if he has been determined to be eligible for federal Social Security disability benefits.

(9) The health care contract or contracts for employees shall be entered into for a period of not less than one (1) year.

(10) The secretary shall appoint thirty-two (32) persons to an Advisory Committee of State Health Insurance Subscribers to advise the secretary or his designee regarding the state-sponsored health insurance program for employees. The secretary shall appoint, from a list of names submitted by appointing authorities, members representing school districts from each of the seven (7) Supreme Court districts, members representing state government from each of the seven (7) Supreme Court districts, two (2) members representing retirees under age sixty-five (65), one (1) member representing local health departments, two (2) members representing the Kentucky Teachers' Retirement System, and three (3) members at large. The advisory committee shall be appointed in January of each year and shall meet quarterly.

(11) Notwithstanding any other provision of law to the contrary, the policy or policies provided to employees pursuant to this section shall not provide coverage for obtaining or performing an abortion, nor shall any state funds be used for the purpose of obtaining or performing an abortion on behalf of employees or their dependents.

(12) Interruption of an established treatment regime with maintenance drugs shall be grounds for an insured to appeal a formulary change through the established appeal procedures approved by the Department of Insurance, if the physician supervising the treatment certifies that the change is not in the best interests of the patient.

(13) Any employee who is eligible for and elects to participate in the state health insurance program as a retiree, or the spouse or beneficiary of a retiree, under any one (1) of the state-sponsored retirement systems shall not be eligible to receive the state health insurance contribution toward health care coverage as a result of any other employment for which there is a public employer contribution. This does not preclude a retiree and an active employee spouse from using both contributions to the extent needed for purchase of one (1) state sponsored health insurance policy for that plan year.

(14) (a) The policies of health insurance coverage procured under subsection (2) of this section shall include a mail-order drug option for maintenance drugs for state employees. Maintenance drugs may be dispensed by mail order in accordance with Kentucky law.

(b) A health insurer shall not discriminate against any retail pharmacy located within the geographic coverage area of the health benefit plan and that meets the terms and conditions for participation established by the insurer, including price, dispensing fee, and copay requirements of a mail-order option. The retail pharmacy shall not be required to dispense by mail.

(c) The mail-order option shall not permit the dispensing of a controlled substance classified in Schedule II.

(15) The policy or policies provided to state employees or their dependents pursuant to this section shall provide coverage for obtaining a hearing aid and acquiring hearing aid-related services for insured individuals under eighteen (18) years of age, subject to a cap of one thousand four hundred dollars ($1,400) every thirty-six (36) months.

(16) If a state employee's residence and place of employment are in the same county, and if the hospital located within that county does not offer surgical services, intensive care services, obstetrical services, level II neonatal services, diagnostic cardiac catheterization services, and magnetic resonance imaging services, the employee may select a plan available in a contiguous county that does provide those services, and the state contribution for the plan shall be the amount available in the county where the plan selected is located.

(17) If a state employee's residence and place of employment are each located in counties in which the hospitals do not offer surgical services, intensive care services, obstetrical services, level II neonatal services, diagnostic cardiac catheterization services, and magnetic resonance imaging services, the employee may select a plan available in a county contiguous to the county of residence that does provide those services, and the state contribution for the plan shall be the amount available in the county where the plan selected is located.

(18) The Personnel Cabinet is encouraged to study whether it is fair and reasonable and in the best interests of the state group to allow any carrier bidding to offer health care coverage under this section to submit bids that may vary county by county or by larger geographic areas.

(19) Notwithstanding any other provision of this section, the bid for proposals for health insurance coverage for calendar year 2004 shall include a bid scenario that reflects the statewide rating structure provided in calendar year 2003 and a bid scenario that allows for a regional rating structure that allows carriers to submit bids that may vary by region for a given product offering as described in this subsection:

(a) The regional rating bid scenario shall not include a request for bid on a statewide option;

(b) The Personnel Cabinet shall divide the state into geographical regions which shall be the same as the partnership regions designated by the Department for Medicaid Services for purposes of the Kentucky Health Care Partnership Program established pursuant to 907 KAR 1:705;

(c) The request for proposal shall require a carrier's bid to include every county within the region or regions for which the bid is submitted and include but not be restricted to a preferred provider organization (PPO) option;

(d) If the Personnel Cabinet accepts a carrier's bid, the cabinet shall award the carrier all of the counties included in its bid within the region. If the Personnel Cabinet deems the bids submitted in accordance with this subsection to be in the best interests of state employees in a region, the cabinet may award the contract for that region to no more than two (2) carriers; and

(e) Nothing in this subsection shall prohibit the Personnel Cabinet from including other requirements or criteria in the request for proposal.
